

Google Classroom -> Skyward Grade passback

Google Classroom Setup

- Link Google Class to Skyward Gradebook
- Sync Assignment Grades

Creating and grading of assignments are done in Google Classroom

Link Google Class to Skyward Gradebook

Under Settings find the General area and select Link to Class

3

The screenshot shows a 'General' settings page with a 'Link class' modal open. The modal contains the following text and options:

Link class
Choose an existing class from your student information system to sync class data with.

Link with

- Choose a class from your SIS
- English-101-1
- English-101-2
- US-History-201-1
- US-History-201-2

The background page shows a 'Class code' dropdown menu with 'gldfjgk' selected and 'Stream settings' set to 'Students can post and comment'.

You will see a list of your Skyward classes, select the correct class and click “Link.”

If you are not using the default category in your gradebook, Assignments will show in **RED**.

Students will receive an * if the assignment was not graded in Classroom or there was an issue linking.

Add/Edit Categories

Click Categories. Click Add/Edit Categories on the right hand side of the screen. Select categories to use.

Changing Assignments Category Code

The image shows two screenshots from a software interface. The top screenshot, titled "Assignment Options", displays an assignment with the following details: Category: HW - Homework (highlighted in red), Description: ReadWorks: Mayflower Myths, and Detailed Description: Please click the link to go to this assignment. On the right side of this screenshot, there are buttons for Add, Edit, Clone, Delete, and Report. A red arrow points to the Edit button. The bottom screenshot, titled "Assignment Maintenance", shows a dropdown menu for selecting a category code. The dropdown is open, showing a list of categories from 01 to 14. The top option, "10 - Entrance/Exit Slips", is selected and highlighted in blue. A red arrow points to this selected option. To the right of the dropdown are buttons for Save, Undo, Back, Attach (0), and Options.
