

Happy New School Year HCA Families,

It is a blessing to see so many returning families and to welcome new families to Hosanna Christian Academy. God has truly blessed us with growth, and our prayer is that we will continue to see that growth in our HCA family, spiritually, emotionally, and academically!

As this new school year begins, I wanted to take this opportunity to thank each of you for continuing to trust us with your most precious gift, your children. Education is a journey that is not taken alone, nor is it a light journey. However, with Christ at the center of our lives, all things are POSSIBLE!! Education is a foundation that must be strongly built upon and strengthened daily- we are blessed to be able to educate your children with God's Word, and to provide them with a foundation that supports their growth throughout school.

There's been quite a bit of change with the infrastructure of HCA, please know it is due to growth and positioning ourselves for continued growth. Praise God, we welcomed another Pre-K4 class to our campus this year! It's a blessing to be in such a place.

Prayerfully we started the year, and we will continue in prayer for our HCA families. Please keep us lifted in your prayers- students, families, teachers and staff at HCA. God bless you all and let's keep focused on the fight till the finish!

God's Peace & Blessings,
Mrs. Christin Anderson
