**ITEM 1 – FLEET GASOLINE**

---

**SPECIFICATIONS**

---

- 1a. Unleaded gasoline minimum 87 octane for use by the school bus fleet during the period August 1, 2018 to July 31, 2019 inclusive. Octane rating of 87 can be reached by the blend of ethanol, as needed. Gasoline to be delivered and unloaded in 2500 gallon above ground tank, between the hours of 7:00 A.M. to 4:00 P.M. at Jersey Community Unit School District No. 100 Depot, 1110 State Highway 109, Jerseyville, IL. Delivery to be made within 24 hours of call by authorized transportation personnel.
  
- 1b. Our method of purchasing gasoline will be to call those companies that want to give us a bid price within one hour of our call. This will happen every 10 to 12 weeks. The company that has the lowest price for that day will be awarded the purchase order for that load only. This method will be repeated as needed. The price to be quoted should be as product and freight.
  
- 1c. The gasoline must meet the specifications as shown in paragraph #1a.
