

Liberty County Public Health

Dear Parents of CJ-I school,

It is that time of the year again to bring up the need for the seasonal flu vaccine. Liberty County Public Health Department is partnering up with the Blue Cross Blue Shield Care Van to provide seasonal flu vaccine on November 2nd, 2021 at the school. With your consent we can get your child his/her flu vaccine and keep them healthy this upcoming season. Here are some Flu facts provided below:

What is Influenza (Flu)?

Flu is a contagious respiratory illness caused by influenza viruses that infect the nose, throat, and sometimes the lungs. It can cause mild to severe illness, and at times can lead to death. The best way to prevent flu is by getting a flu vaccine each year.

Flu Symptoms

Flu can cause mild to severe illness, and at times can lead to death. Flu is different from a cold. Flu usually comes on suddenly. People who have flu often feel some or all these symptoms:

- Fever (It's important to note that not everyone with flu will have a fever.)
- cough
- sore throat
- runny or stuffy nose
- body aches
- headache
- chills
- fatigue
- sometimes diarrhea and vomiting

What we're asking you parents to do is to check with your health insurance company and make sure that the flu vaccine will be covered by your insurance. We do have VFC (state supplied) vaccine that can be used, but we're not allowed to use it on children who have insurance coverage for immunizations. If you do not have health insurance that covers vaccinations, BCBS will pick that cost up for you, but only if you don't have insurance. Our goal here is to immunize as many school staff and children to prevent the spread of the seasonal flu this coming season.

Please look this information over, sign the information slip and provide the insurance information if applicable. Return this to Miss Marley at the elementary secretary office or Miss Abbey in the high school office by **NOVEMBER 1st, 2021**.

If you have any questions or concerns, please call the Public Health office at 759-5517 or cell at 759-8256. I'm in the office Monday thru Wednesday from 8:30 a.m.-3 p.m.

Thank you!

Melissa Kantorowicz, RN or Kayla Johnson, RN

2021-2022 Flu Vaccine Sheet

Name _____	Birthdate _____
Phone Number _____	Age _____
Mailing Address _____	
Insurance _____	

Please answer the questions below: (circle answer)

Is the person to be vaccinated SICK today?	Yes	No
Has the person to be vaccinated ever had prior ADVERSE reactions to previous flu vaccine?	Yes	No
Does the person being vaccinated ever have an ALLERGY to a component of the vaccine?	Yes	No
Has the person to be vaccinated ever had Guillain-Barre' syndrome?	Yes	No

I understand the risks and consent to the checked immunization. I will also take responsibility for any out of pocket cost related to the service provided that is not covered by insurance.

I authorize my health care provider and a public health agency to collect and enter my (child) immunization records into the Department of Public Health and Human Services' Immunization Information System (IIS). The IIS is a confidential, computer system that contains immunization records. I understand that information in the registry may be released to a public health agency as well as my health care providers to assist in my medical care and treatment. In addition, information may be released to schools to comply with state immunization requirements. I understand that I can revoke this authorization and have my records removed at any time by contacting my local health department.

Client/Guardian _____	Date _____
