Principal's Message

Boulder Oaks Elementary School is a small, community-based elementary school. Located in Alpine, California, it serves approximately 470 students in grades 1-5. Boulder Oaks is located approximately 25 miles east of San Diego and is one of three elementary schools in the Alpine Union School District. Boulder Oaks Elementary School is dedicated to providing a strong instructional program to each child at the school and is committed to educating the whole child through art, physical education and social-emotional curriculum. We believe that for each child to learn to their fullest potential, they must feel welcomed and valued at school.

Through the support of our community, we offer multiple learning opportunities including an art docent program, a fitness lab, STEAM pathways, organic gardening and social-emotional support for all students through a school counselor and wellness room. Additionally, our teachers use a wide variety of technology-based instructional strategies to engage our students and personalize their learning. We provide a Chromebook for every student that the students can take back and forth from school to home. This year, Alpine Union School District (AUSD) purchased i-Ready to both formatively assess and provide a personalized learning program for our students. All of our grade 1-3 teachers are trained in Orton Gillingham, a researched-based, systemic way to provide reading instruction. Additionally, all of our teachers receive regular math coaching and training from Math Transformations.

Boulder Oaks is a wonderful place to learn and grow!

School Mission Statement

Boulder Oaks Elementary School provides a nurturing, inspiring, and academically rigorous school environment with an emphasis on teaching the whole child through art, music, physical fitness, social emotional learning and character education. Our students will be actively engaged in challenging content and will be able to collaborate and problem-solve preparing them for their future college and career paths.

School Vision Statement

By collaboratively working together, we will inspire a passion for learning, ensure that all students learn to their fullest potential and build their physical, social and emotional well-being.

Parental Involvement

Parent support is a key aspect of a successful educational system. We are pleased to have a high level of parental and community support. The Alpine community is an extraordinarily generous one that contributes to and participates in the school. Our very active Parent Teacher Association (PTA) works hard to provide financial support and enrichment opportunities for Boulder Oaks students. Our PTA's mission is: To enrich and improve student lives through parent, teacher and community engagement. In this pursuit we are guided by our newly defined core values: Respect, Cooperation, Inclusiveness, Transparency, Creativity, Ethical Leadership and Mentorship.

On average, Boulder Oaks has more than 50 volunteer hours each week. Our School Site Council meets regularly and is actively involved in decisions related to school needs.

For more information on how to become involved with the school, contact Jenna Weinert, principal, at (619) 445-8676.

School Safety

All district schools have developed a comprehensive school safety plan that meets state requirements. The safety plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual-harassment policy, child-abuse reporting procedures, school dress codes and school discipline policies. The district also utilizes the Thrillshare message system for routine announcements to families. When necessary, the system can send out emergency messages to our students and their families.

Fire, lockdown and duck-and-cover drills are conducted monthly. Annually, the school takes part in a full-school evacuation drill in which all students, staff and volunteers are loaded on buses. Each classroom is equipped with a disaster backpack.

The School Site Council develops the school safety plan. Parents and community members have the opportunity to review the plan before it is put forth to the school board to be adopted each year. The school safety plan was last reviewed, updated and discussed with school staff in October 2021.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

District Beliefs

Our Alpine Union School District believes:

Education is the foundation of a democratic society.

Each person has value.

Everyone in the community shares responsibility for the educational success of all children.

We have high expectations that challenge each individual to reach his or her potential.

Effective communication fosters good human relations.

All individuals deserve to be and feel safe. Safety optimizes the learning environment.

We value and live by the highest ethical standards of respect, integrity, honesty and fairness.

Educating our children is an investment in the future.

Enrollment by Student Group

The total enrollment at the school was 474 students for the 2020-21 school year. The pie chart displays the percentage of students enrolled in each group.

Class Size Distribution

The bar graph displays the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table shows the school, district, and state suspension and expulsion rates collected between July through February, partial school year due to the COVID-19 pandemic.

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Types of Services Funded

In addition to state and local revenues received for general education, Alpine Union School District receives state and federal funds for Title I, Special Education and American Indian Education. California State Lottery funds have been allocated to support such programs as transition, curriculum and staff development, student transportation, student testing and computer support.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

SARC Reporting in the 2020–21 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

The CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

■ Data for 2019–20 are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–20 school year.

** This school and district did not test students using the CAASPP for Science.

* Data for 2020–21 are not comparable to other year data due to the COVID-19 pandemic during the 2020–21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–21 school year to other school years.

Statewide Assessments

Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

Note

Due to the COVID-19 pandemic, California Governor Gavin Newsom issued Executive Order N-30-20 which waived the requirement for statewide testing for the 2019–20 school year. Also due to the COVID-19 pandemic, the U.S. Department of Education approved a waiver of the requirement for statewide testing for the 2019–20 school year, as specified on the CDE Every Student Succeeds Act web page at <https://www.cde.ca.gov/re/es/>.

Textbooks and Instructional Materials

Textbooks are adopted according to the state-mandated textbook-adoption cycle. Instructional materials are selected from the list of state-approved textbooks that align to state standards and curriculum frameworks. A committee of teachers is selected to review and identify publishers from the approved list for piloting in classrooms. Instructional materials are piloted in classrooms across school sites and grade levels, and teachers are provided the opportunity to review the materials and provide feedback. Parents are also invited to preview proposed instructional materials and provide feedback. Based on feedback received, a publisher is selected for adoption and brought before the governing board for approval. Instructional materials, when adopted, are provided to all students, including English learners.

School Facilities

Boulder Oaks Elementary School has excellent facilities, which include 16 classrooms, 12 relocatable classrooms, a beautiful library, two art rooms, an auditorium and administrative offices. A large grass field and two asphalt game areas provide ample space for recess and physical-education activities. All school facilities are well maintained and in good repair.

Boulder Oaks Elementary School opened in 1990. The school provides a safe, clean environment for learning. Our custodial staff includes two full-time employees. A health aide cares for students who are ill or sustain injuries while at school. Five supervisors provide supervision for students during lunch and on the playground.

"Boulder Oaks is a wonderful place to learn and grow!"

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Professional Development

During the 2021-22 school year, our teachers participated or will participate in two daylong professional developments, and 19 one-hour-long staff meetings that include professional development. Additionally, two hours a month of release time is provided to teachers to collaborate on instructional strategies.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Teacher Preparation and Placement

The teacher data displayed in this SARC is from the 2020-21 school year. This table displays the number and percent of teacher authorization/assignment as well as the total number and percent of teaching positions at the school, district, and state levels. For questions concerning the assignment of teachers outside their subject area of competence or the credential status of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

For questions concerning the permits, waivers, and misassignment of teachers, visit the California Commission on Teacher Credentialing website at <https://www.ctc.ca.gov/>.

Permits/waivers: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Teacher Misassignments: The assignment of employees to teaching or pupil services positions for which the employee does not hold the required certificate, credential, or other statutory authorization.

Vacant Teacher Positions: The total number of the school's vacant teacher positions.

Teachers Without Credentials and Misassignments		2020-21 School Year
Authorization/Assignment	Boulder Oaks ES	
Permits and Waivers	0.0	
Misassignments	0.0	
Vacant Positions	0.0	
Total Teachers Without Credentials and Misassignments	0.0	

Note: The data in these tables is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The data source is the California State Assignment Accountability System (CalSAAS) provided by the Commission on Teacher Credentialing. For information on the CalSAAS, visit the CALPADS web page at <https://www.cde.ca.gov/ds/sp/cl/calpadsup-dflash201.asp>.

Teacher Preparation and Placement

Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned): The teacher possesses a California preliminary or clear credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Intern Credential Holders Properly Assigned: The teacher possess a California intern credential issued by the California Commission on Teacher Credentialing which permits them to teach the subject and grade levels that they are assigned.

Teachers Without Credentials and Misassignments ("ineffective" under Every Student Succeeds Act [ESSA]): An ineffective teacher is any of the following:

- An individual whose assignment is legally authorized by an emergency permit that does not require possession of a full teaching license; or
- A teacher who holds a teaching credential but does not possess a permit or authorization that temporarily allows them to teach outside of their credentialed area (misassigned); or
- An individual who holds no credential, permit, or authorization to teach in California.
- "Ineffective" includes the following limited term emergency permits:
 - Provisional Internship Permits;
 - Short-Term Staff Permits;
 - Variable Term Waivers; and
 - Substitute permits or Teaching Permits for Statutory Leave (TSPL) holders serving as the teacher of record.

Credentialed Teachers Assigned Out-of-Field ("out-of-field" under ESSA):

A credentialed teacher who has not yet demonstrated subject matter competence in the subject area(s) or for the student population to which he or she is assigned. Under this definition, the following limited permits will be considered out of field:

- General Education Limited Assignment Permit (GELAP)
- Special Education Limited Assignment Permit (SELAP)
- Short-Term Waivers
- Emergency English Learner or Bilingual Authorization Permits
- Local Assignment Options

Unknown: These are instances where either information about the course assignment or the teacher is either missing or has been identified as incorrect. Therefore, an accurate assignment status cannot be currently made.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

Credentialed Teachers Authorized on a Permit or Waiver: Teachers that are issued limited emergency permits by the California Commission on Teacher Credentialing that authorize them to temporarily teach courses and student groups they are assigned to without possessing the appropriate credential.

Local Assignment Options: Means if an employing agency is unable to assign a teacher or other certificated employee with an appropriate credential, it can assign any fully-credentialed teacher outside of their area of credential authorization if the local educational agency abides by requirements in California Education Code and those required by the California Commission on Teacher Credentialing.

For more information on the definitions listed above, refer to the California Commission on Teacher Credentialing's Administrator's Assignment Manual at <https://www.ctc.ca.gov/credentials/manuals>.
