2) **Information/Discussion/MTSBA Training**

Superintendent Les Meyer welcomed Debra Silk, Associate Executive Director and General Counsel for MTSBA. All in attendance introduced themselves. Ms. Silk has been representing public schools for her entire career, the last 20 years of which with MTSBA.

Ms. Silk conducted a Trustee training session regarding boardmanship and legal obligations. Each Trustee received reference materials in support of the training entitled “Essentials for School Board Trustees” and the “Montana Education Law Review”.

Trustee Noah Peters arrived at 6:00 p.m.

Topics regarding the role of the Board of Trustees covered were:

- Expectations of Trustees and parameters on authority, including the requirement that the Board of Trustees must act collectively as a group.
- Duty of Care: Trustees must be prepared to engage in meaningful dialogue and deliberation regarding agenda items. Trustees must establish a respectful culture and climate when acting in an official capacity.
- Duty of Loyalty: When elected, Trustees take an oath of office where their loyalty is to the District and the collective will of the students. Knowledge based decision making is necessary and decisions must be made based on the collective benefits to the students of this District. As

an elected official, each Trustee has an obligation to bring their unique perspective to each issue, advocate for that position and then respectfully support the majority vote of the board.

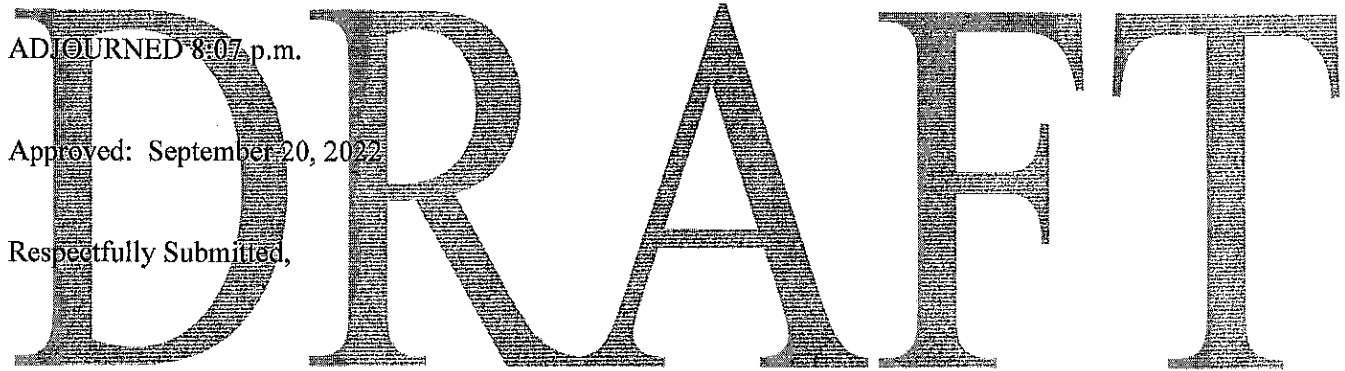

- Duty of Obedience: Trustees must agree to comply with the mission of the District, and strive to leave the District in a better place. When acting in an official capacity, be mindful of professionalism and understand that this position is a representative of the District.
- Strategies on effectively running a District, and ways to improve processes such as productive and efficient board meetings. Trustees must practice effective governance, tasked to put the structure in place to support and promote the vision of the District.

Trustees asked questions of Ms. Silk regarding many topics, including: rights of participation, public comment periods, open meeting law, communications from staff and community members, parliamentary procedure and authority.

Ms. Silk was thanked for the presentation and Board members found the workshop to be very helpful.

# **Administrative Reports**

**2021-2022 School Year**

**High School Commons**

9/14/22 – Concrete polish was completed with varied degrees of success. There were a lot of details such as transitions and wall damage that were addressed by FTSD. Paint was used to address wall damage due to machines and cove base removal. The commons stair rails were painted and epoxied and a new Bronc art piece and dedication plaque was installed.

**High School Flood**

9/14/22 – All remediation and repair is complete except for the carpet replacement that will take place later in the year.

**Restroom Partitions**

North Campus

9/14/22 – New restroom partitions were installed in the HS locker rooms and lower level HS old wing restrooms. Installation was complete prior to start of class. FTSD crew completed wall and floor repairs, paint, and reinstallation of dispensers.

**High School Classroom Window**

9/14/22 – Administration has requested the installation of a window in one of the lower old wing high school classrooms. A sketch was issued to a structural engineer for review, but file drawings for the old HS wing have some contradictory information that stalled the engineer review. We are waiting for the engineer to visit the building to assess the as built condition in order to continue with plans and drawings for approval.

**High School Chem. Lab**

9/14/22 – We are still on a waiting list to have the contents of the chemistry neutralizer tank tested as the first step to being able to empty it and refill with clean limestone. We were "tagged" while doing research on where to acquire new limestone for the neutralizer, and must go through the testing and proper removal of the old stone. The environmental groups that do the testing and removal are very few and there is a long wait list. The lab is okay to use water for rinsing, but has been asked to avoid using the dishwasher.

**North Campus Power**

9/14/22 – The South side power supply line for the stadium lights was replaced ( in conduit ) and field light use was restored prior to start of season. There are currently 7 bulbs not working. We have issued an order for those to be replaced, but have been waiting for ballast to arrive prior to the bulb replacement.

We have not experienced any serious power issues since the replacement of the MEC transformer. There is still planning going into installing a cut off that will protect the school from single phase events, but the process is moving slowly given the age of our main power frame.

**Doors / Access**

North Campus

9/14/22 – The new HS doors were installed – later than planned, but are functioning well. A plan for upgrading our door access control and placing more intercom/card readers is being developed. We are hoping to remove any need to have doors unlocked during the day.

**District Boilers / Heat**

South Campus

9/14/22 Boilers passed inspection in August. Will plan to engage boilers soon.

North Campus

9/14/22 Boilers passed inspection in August.

**District Ventilation / Air**

South Campus

9/14/22 – Filter changes are up to date.

North Campus

9/14/22 – Filter changes are up to date.

**Roof Systems**

North Campus

9/14/22 – Tremco completed all contracted roof repairs for the first phase of the roof maintenance plan.

South Campus

9/14/22 – Tremco stabilized the Intermediate roof. No recent leaks reported.

We need to discuss the next phase of roofing repair / maintenance for next year and keep this cycle moving to avoid any other roof system failures.

**South Campus Building Exterior Projects**

9/14/22– Some crack repair and initial prep was completed on the building, but after doing pull tests on the existing paint it has been determined that preparation to do paint correctly will be much larger than anticipated in the worst areas. We have ordered some paint for sections that can be painted, but will be suggesting metal covering on much of the building rather than paint. This has been frustrating.

**Playgrounds / Equipment / Substrate**

North Campus.

9/14/22 – Additional asphalt was added to the West end of the MS playground area. Road improvements near the asphalt were made and the mud issue is much improved.

South Campus

9/14/22 – The upper playground area has new barriers installed and additional substrate added. Two climbing features were removed from the play set and replaced with safety rail and a slide. Lower playground still needs a lot of work and will be addressed time and budget permitting.

**Campus Water**

South Campus

9/14/22 – The underground communication wire for the South campus water is still working, but the plan to go to a radio controlled device is in place. We have a proposal for the communication control, but are waiting for correct parts to be located.

North Campus

9/14/22 – All systems are operating without issue at this time. We are still waiting for a proposal for a redundant VFD controller for our geothermal well, which has proven to be a little difficult to design, but we feel is important to avoid another fire system outage by having the secondary system in place.

**Lead Testing** – We have begun the process of submitting new lead testing for all campuses. To date, we have had resting requirements due to us having our own water district, but now, we will need to do additional testing to satisfy new federal regulations through the DEQ. These testing criteria are much more stringent than previous requirements and are designed to make it very hard to pass if the service lines were installed in the days where lead was present in solder. Our water is safe, we ensure that every year, but this testing may put us into a difficult remediation process for our older buildings. Hopefully we will be fine, but given the age of our systems, will likely have to make decisions about water system upgrades in the near future.

**Asphalt / Parking**

South Campus: Chip seal was completed in late August. We will have the loose gravel swept soon and new lines painted. New lines were addressed at the West parent loop.

North Campus: Will be submitting a plan for chip seal / repair at the MS parking, bus loop and entries for next Summer. Chip seal appears to be a much better method of repairing and protecting the deep cracks that have developed in our parking areas.

Middle School Sign

9/14/22 – The Junior High sign was taken down and attachment method was determined for new letters that will be cut and painted by FSD.

**Kitchen / Food Services**

South Campus

9/14/22 – The air gap work required by MCCHD was completed to avoid a kitchen closure.

<p>North Campus No new issues to report</p>
<p><b>Rodent / Pest Control</b></p> <p>9/14/22 – Perimeter control is being conducted for mice. Interior treatment for ants.</p>
<p><b>Gym Floors</b> 9/14/22 – All gym floors were cleaned, sanded, and recoated over the Summer. Regular maintenance will continue per our custodial plan through the school year.</p>
<p><b>Grounds</b></p> <p>9/14/22 – Our irrigation issues have been overwhelming this Summer. We have completed a lot of repair work, contracted some major repairs and additions, and are looking at a plan for a sprinkler maintenance program with a local irrigation contractor.</p>
<p><b>Grounds Equipment Garage at the South Campus:</b></p> <p>9/14/22 - Went on hold when it was determined that we would need to furnish an engineered foundation plan prior to being able to secure a DIY metal building. If we are to continue with installing this building project, we have been advised to hire an engineer to design a foundation for the attachment of the metal building to the parking lot – either a poured traditional slab, or drilled in posts with a foundation curb.</p>
<p><b>Classroom/Office /Exterior Lighting to LED's</b></p> <p>9/14/22 - Some South campus restroom lighting was converted to LED over the Summer to provide better lighting conditions and meet codes.</p>
<p><b>Septic System</b></p> <p>9/14/22 – Systems are operating as designed. We had two major septic clogs since the last report, both related to feminine products being flushed and blocking outflow resulting in standing water in buildings.</p>
<p>High School Commons:</p> <p>9/14/22 – A purchase order was issued to Interstate / Shamrock for the commons floor polishing work. Work will likely take place during off hours as the contractor secured a full schedule during our long review and approval process.</p>
<p><b>Staffing</b></p> <p>9/14/22 – We currently have enough staff to perform primary duties, but are missing ½ time on South campus, and 1 full time on North campus. We cannot secure substitutes leaving us short on most days due to frequent sick days, or planned leave.</p>
<p><b>Security Systems @ North / South Campus</b></p> <p>South Campus</p> <p>9/14/22 – Additional cameras are desired near the bus storage and North playground. Proposals for the same were submitted, but have expired. Will need to request updated proposals and re-submit.</p> <p>North Campus</p> <p>9/14/22 – The West parking lot cameras have been restored and are working. <p>Respectfully – Sean Mecham, Maintenance/Custodial</p>

- The IT department has responded to 150 troubleshooting requests via email and phone since we last reported in July. The ticket system server was an old one and decided to give out on us, so we are working on setting up a new ticket system that is cloud based.
- We are
  - Setting up the new promethean boards which includes running new cables
  - Adding in new staff with new accounts
  - Updating the website
  - Working with NIM to setup the staff and student automation system
  - Conducting complete inventory of damaged computers and finding discrepancies in the insurance list
  - Getting quotes for the replacements of damaged equipment
  - Decommissioning retired assets
  - Setting up Chromebook carts and registering the new Chromebooks
  - Setting up all the teacher's computers unless they have a laptop that wasn't on campus.
  - Continuing to train Ben (and learning new things myself) so he knows his way around the school and the network. He is making fast progress and becoming a great asset to the school.

Thank you for the privilege of serving the Frenchtown School District. As always, feel free to contact myself or Les if you have any questions or concerns.

Respectfully Submitted,

## **Meet our Newest Certified Special Ed Staff Members!**

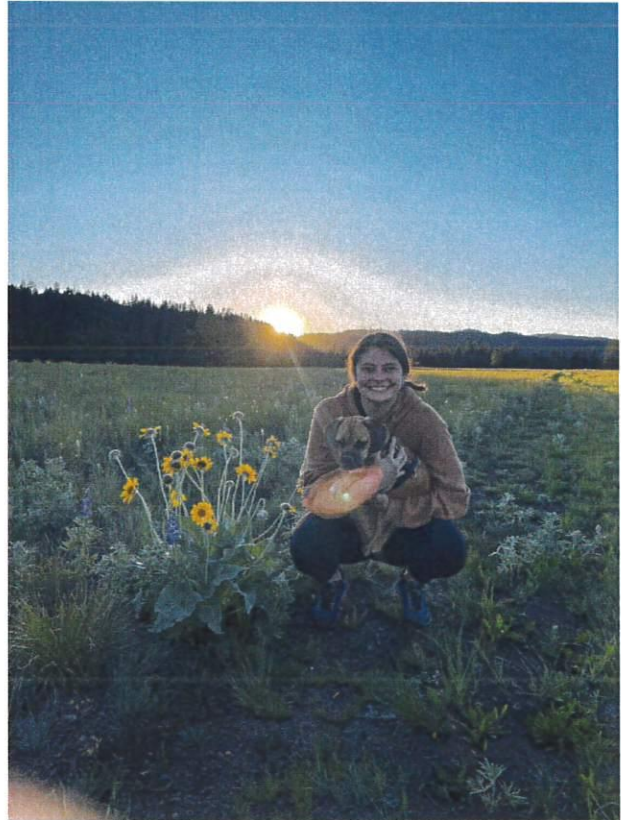

### **Archie Petritz: High School Special Education Teacher**

Hello! My name is Archie Petritz and I am a Special Education Teacher. I graduated from Butte Central in 2017 (Go Broncos now) and Carroll College in December of 2021. My degree is in Secondary Education Social Studies, but I am working towards my Special Education Endorsement. I am thrilled to be here at Frenchtown and be a part of this great community! In my free time, I am a huge sports fan and love to watch the Griz, Carroll Saints, Houston Rockets and Astros, or my Tennessee Titans. I also enjoy going to the lake with friends and family, reading, and coaching the junior high football team as well. I love my job and am dedicated to providing the best education these students deserve. Thank you for the opportunity to be here and Go Broncos!

## **Jasmine Schreckendgust: Elementary Special Education Teacher (grades 1-3)**

Hello All! My name is Jasmine Schreckendgust and I will be the new 1st thru 3rd grade Special Education teacher this school year. I was born and raised in Missoula, MT and am so excited to continue working, living, and being a part of this amazing community. I recently graduated from the University of Montana where I received my BA in Elementary Education, Minor in Early Childhood, and Special Education Endorsement. Go Griz! I enjoy fishing, rafting, hiking, playing soccer, and of course doing it all with my puppy Todd. I strive to create an environment that is guided by trauma sensitivity, lifelong social-emotional skills, and a family of learners supporting, encouraging, and growing together. I couldn't be happier to join the Frenchtown Elementary team!

## **Sarah Drew: MS/HS School Psychologist**

Hello! My name is Sarah Drew and I am the new School Psychologist for Frenchtown Middle School and High School. I am so excited to be joining the Broncs team this year and can't wait to see what this year will bring! I am originally from Butte, Montana, but I have been living in the Missoula area for the past six years while I attended college. During this time, I received my BA in Psychology with a minor in Human and Family Development and a MA in School Psychology from the University of Montana. I am currently working on completing a Specialist degree in School Psychology this year through this program. Being from Montana, I love the outdoors and enjoy spending my time hiking, biking, skiing, boating, camping, etc. I am looking forward to getting to know the students, staff, and community better throughout this year. It is my goal to promote a positive, safe, and encouraging environment for all students to provide them with the support they need to be successful!

## Special Education Trainings

The beginning of this school year has been fast and furious, but the special education department hit the ground running thanks to the hard work of many staff members this summer and in these first few weeks. Aside from the teachers meeting amongst themselves and with their assigned paraprofessionals, we held some “formal” meetings and trainings over the break.

July 27 and August 15<sup>th</sup>: South Campus Sped Planning Meetings

August 9<sup>th</sup>: North Campus Sped Planning Meeting

August 15<sup>th</sup>: Middle School Sped Planning Meeting

August 11<sup>th</sup> and 12<sup>th</sup>: Jenna Nile, Dana Lozier, Bill Boudreaux, Kelsie Maricelli, Alane Dobie, and I hosted a Paraprofessional Academy. Topics were:

Jennifer Demmons	Executive Functioning as it relates to multiple disabilities and trauma	Overview of Subtypes of ADHD, executive Functioning, and tips/tricks for accommodations AND teaching self-regulation
Dana Lozier	Instructional Strategies for Young Children	Instructional strategies for reading, writing and math for Preschool - 3rd grade
Jennifer Demmons	Medicaid	Child Profile Forms, what services are billable, collection of billable personal care minutes
Jennifer Demmons	Overview of Special Education	Brief Intro for Paras
Jenna Nile/Bill	Data collection/behavior tracking	ABC's, how to collect data, communication with kids in crisis
Nile/Demmons	Para Share	Paras meet with other paras to go over incoming students. Share what works, what does not work, likes/dislikes etc.
Jimé Benitez	Bus Procedures	Nurse Kathy talking about epipens, seizures and diabetics on the bus. Wheel chair lifts and securing wheel chairs. Bus evacuations. Seat belt cutters. Fire extinguishers. Bus rules and expectations.
Alane Dobie and Kelsie Maricelli	Characteristics of Autism and TBI	Review of common characteristics of autism and TBI and functional management strategies for behaviors.
Alane and Kelsie	Communication Accommodations and Modifications	Review of the common language within accommodations and modifications included on IEPs and ERs, and how to effectively implement. Specific questions on student's communication needs depending on paras present.
Jenna Nile	Sensory Processing Disorder	SPD and it's impacts with behavior

August 11th and 12: New Teacher Training. I ducked out of the Para Academy to give an overview of special education and the referral process to the new teachers.

- September 23rd No School PIR Day
- October 20-24 No School PIR Days
- November 2-3 Parent Teacher Conferences

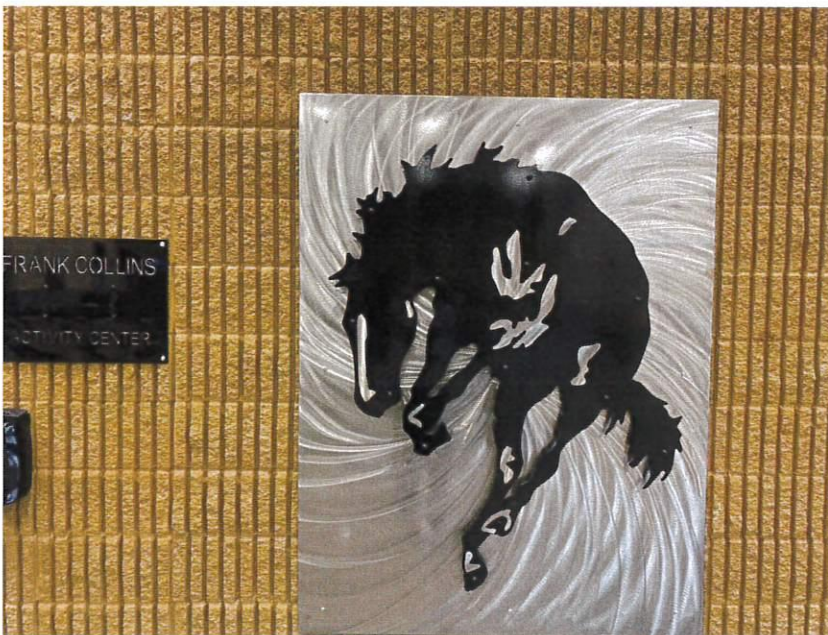

Freshman orientation was a success! Having the day dedicated to the freshman and new students allows them to ease into the high school. The student council students gave up their last day of summer to come in and offer advice, give tours and invite them to participate in all of our extra-curricular activities.

## High School Building Updates (get pics)

- Bronc Pride graphics were installed around the high school. We want students to feel a sense of pride as they walk the halls.

- The polished concrete in the commons is awesome. It is brighter, easier to clean and the noise level in the room did not change. A big thank you to Mr. Mecham for a metal bronc sculpture bringing more bronc/pride spirit to the room.

- New entrance doors to the high school have been installed. They close and lock!!! This is a huge improvement to the safety of the high school building.

- Most of the damage with the flood has been mitigated. There is some carpet to be replaced at a future appropriate date. We have found a few items missing (books, pencil sharpeners, things of this nature) . We are working with insurance to have them replaced as we go.

### **What are we doing on September 23rd our PIR Day**

FTSD staff will have a trauma informed training, Suicide Prevention Training and PLC/Department/Grade Level Meetings.

A few curricular updates:

- Discover Biology (FastTrack)
- Honors Business (FastTrack)

### **Agriculture Science and FFA**

We are really excited to offer Ag Science and FFA in Frenchtown. The following courses are being offered:

#### **Introduction to Agriculture**

Course Description: This course is specifically designed to allow students to explore the various facets of FFA and the agriculture industry. Students will gain knowledge in animal science, horticulture, food science, leadership skills, public speaking, and FFA opportunities. Instruction and student learning will occur through lectures, student projects, group discussions, hands-on experiences, FFA experiences, CDE participation, and their SAE program.

## **Ag Plant Science (Horticulture)**

Course Description: Within this course, students will explore the vast industries within horticulture. Topics that are covered range from a general introduction to soil sciences, crop sciences, plant propagation, and floral design. Instruction and student learning will occur through lectures, student projects, group discussions, hands-on experiences, FFA experiences, CDE participation, and their SAE program.

## **Vet Science**

Course Description: From animal systems to clinical procedures, this class is the perfect opportunity to prepare students for working with animals. They will explore the history of the livestock industry, understand proper animal handling, and be able to classify animal health issues. Students will learn through lectures, group projects, the construction of 3D models, and career explorations.

## **Ag Leadership and Personal Skills**

Course Description: Future leaders of Frenchtown will have the opportunity to sharpen their leadership skills and broaden their agricultural knowledge in this course. There will be opportunities for self-development through personality quizzes and team-building activities. An employment fair will allow students to show off their skills and professionalism. Students will also learn how to advocate for agriculture in public settings as well as in personal conversations.

## **Agricultural Business**

Course Description: This Agribusiness class encompasses the economic aspects of agriculture through the production, business, purchasing, finance, and marketing of agricultural products in an ever-changing economy. Students will learn what it takes to start up a business, be effective managers, and serve as strong salespeople.

## **Ag Mechanics**

Course Description: This class consists of strong technical content complemented by the development of practical, hands-on skills. Students in this class will be able to develop technical skills in the areas of machine operation, electricity, engine operation, and welding. Students will gain experience in the fabrication of metals through working hands-on to learn skills relevant to metalworking.

## **FFA District Leadership Seminar hosted in Frenchtown**

On Tuesday September 6th, Frenchtown High School was filled with a sea of blue jackets as almost 200 FFA members from the Western District gathered for the first event of the year. The District Leadership

Seminar (DLS) is an exciting opportunity for FFA members to get to know each other and develop their leadership skills through workshops facilitated by Montana FFA's state officer team. Frenchtown FFA hosted DLS this year to kick start their new FFA program. FFA members participated in official opening ceremonies and then broke into groups to learn about FFA opportunities, practice setting goals, and understand the steps to success! "Everyone there was super excited and interested, which is part of what made it fun," said Savannah Deuter, a senior enrolled in ag plant science. Savannah was one of the 21 Frenchtown students that attended DLS. What a great start to the FFA year!

Welcome  
to the  
Team

**Ms. Andres Agriculture Education**

Hi everyone! My name is Kyla Andres and I am thrilled to be starting the Agriculture Science program at Frenchtown High School! My passion for agriculture started on our family farm in Ashland, MT and followed me to the top of Evaro hill where my family happily put down our roots. I graduated from Big Sky High School where I was eagerly enrolled in agriculture education classes and an active Missoula FFA member. I enrolled at Montana State University knowing that I wanted to go into education. In 2019, I was elected to serve on the Montana FFA State Officer team. I spent the year traveling the state and visiting Montana's incredibly diverse agricultural education programs. This experience solidified my decision to pursue agriculture education. I love the way agriculture education makes learning come to life with relevant, hands-on experiences. In May, I graduated from Montana State University with a degree in Agricultural Education and lots of Bobcat pride. I am so excited to bring agriculture education to

Frenchtown Highschool and already love being a Bronc! When I'm not at school, you might find me baking, traveling, or spending as much time outside as I can.

**Ms. McArthur English/French**

My name is Karilyn McArthur, and my Montana roots dig super deep! I was born in Missoula, and raised in Lolo by two loving parents who are still together after 30 years. I graduated from Sentinel High School, where I also completed my student teaching. My alma mater is the University of Montana (Go Griz!), where I studied English, French, and Secondary Education. I was fortunate enough to visit France for the first time when I was 11 years old, and from then on, the language, the culture, and the francophone world has completely engulfed my life! I was lucky enough to have lived in Saint Quentin, France from September 2021 to April 2022, teaching English to French high schoolers. When I'm not at school you can catch me on the disc golf course, cuddling my cat MJ, playing with my niece and nephew, or anywhere near the water with my paddleboard in the summer time. I also am an avid reader and film watcher, so I am always ready for the newest recommendation. Coming into an English and French position here at Frenchtown feels truly like a dream for an energetic first year teacher such as myself.

**Mr. Reinhardt Health Enhancement**

Hello Frenchtown Community! My name is Jerad Reinhardt and I will be teaching Freshman Health Enhancement classes at Frenchtown High School this year. I grew up in Newberg, Oregon in the Willamette Valley. Upon graduating high school in 2001, attended U of M. While at the University of Montana, I earned a B.S. In Health Enhancement. After graduating college I spent a couple of years substitute teaching so that I could travel and play the sport I was introduced to while in college, rugby! I had the opportunity to travel and play in both New Zealand and Australia, as well as attend the 2007 Rugby World Cup in France. In addition, my travels have taken me to 20 plus countries on four continents! This is my 10th year of teaching, and I have taught every age group from kindergarten to seniors. In addition to teaching, I have also coached wrestling, softball, and rugby. In my free time I like to get outside and hit the waterways and mountains of this great state! I'm also learning the ropes of being a new Dad, and will soon have a 1 year old crawling around. I'm looking forward to the school year and becoming a part of Bronc Nation.

**Mr. Allison Industrial Education**

Hello hello! My name is Cody Allison and I was born and raised in Great Falls where I graduated from C.M. Russell High. At 18 I had no idea what I wanted to do with my life but I knew that fishing and hunting wasn't going to pay the bills. I decided to try out the Helena College of Technology Welding program. Starting from scratch at 19 I began my journey in welding, fabrication and mechanics. After finishing I moved back to Great Falls and started working as a welder for a company that fabricated specialized grain and seed cleaning separation equipment as well as structural steel welding, mobile welding and millwright work for local grain elevators. From there I moved into the welder position for the Department of Transportation working on an assembly line building all the new tractor units for plowing and tow plowing snow as well as maintenance on all of the Helena sector road maintenance equipment. After the state I worked for the 583rd Missile Maintenance Squadron for the U.S Air Force bouncing around missile sites doing periodical maintenance aka pulling out the old, putting in the new, and fixing the broken. On the side I've also ran and operated my own fab and metal art business since 2012. Which all led to here, Frenchtown! Besides all the Griz games and outdoor recreation, my smokin hot wife and I wanted our two little boys to grow up in a smaller Montana community. A community with substantially less wind than what we were used to in Great Falls and mountains for our wild pack of hounds and horses! During my career I've always enjoyed teaching others with all types of personalities how to advance as welders, step up in the field, and have fun doing it! Which is why I'm so excited to take on this role and open some eyes to what welding really is and what it can be. It is a tool that everyone should have in their back pocket! My motto is "you don't know if you don't go." That's why we are here in Frenchtown and I hope we can give all kids a taste of the trades.

**Mr. Petritz Special Education**

Hello! My name is Archie Petritz and I am a Special Education Teacher. I graduated from Butte Central in 2017 (Go Broncs now) and Carroll College in December of 2021. My degree is in Secondary Education Social Studies, but I am working towards my Special Education Endorsement. I am thrilled to be here at Frenchtown and be a part of this great community! In my free time, I am a huge sports fan and love to watch the Griz, Carroll Saints, Houston Rockets and Astros, or my Tennessee Titans. I also enjoy going to the lake with friends and family, reading, and coaching the junior high football team as well. I love my job and am dedicated to providing the best education these students deserve. Thank you for the opportunity to be here and Go Broncs!

**Mr. Forsythe Science**

My Name is Jared Forsythe. I've taught for 7 years in both Montana and Northern Idaho in the Sciences. I was born and raised in West Yellowstone, Montana. After 18 years of living in the coldest location in Montana I enrolled at University of Redlands in Southern California. The University was great, but southern California wore on me after 2.5 years and I transferred to the University of Montana and finished my degree. During my senior year of college I was coaxed into ownership of an outdoor adventure company called Adventure Missoula. I just finished my 19 season operating Adventure Missoula! I enjoy teaching my employees on how to read white water and all skill sets of boating fish on the various local rivers. In my spare time I enjoy snowmobiling, backcountry skiing, maintaining the family lavender farm, floating the rivers with my family and eating my wifes good food! I'm excited to be part of the Frenchtown community and look forward to a great school year!

**Mr. Hungate Choir/Percussion**

Hello everyone! My name is Josh Hungate, and I'm serving as your new Middle and High School Choir and Percussion Teacher. I was born and raised in Missoula, and with a family who always had music as a focus, I couldn't imagine my life without it. I graduated from Big Sky High School in 2014, then attended the University of Montana for degrees in Music Education and Trombone Performance from 2014-2019. I've spent the last two years teaching in Missoula and Lolo, one as a choir teacher, and the second as a choir/assistant band teacher. I'm excited to continue my career in Frenchtown, and have already fallen in love with how tight-knit and supportive the community has been! In my spare time, I perform with the Missoula Symphony, Missoula Children's Theatre, and a local funk group called Shakewell. I'm also a relatively new backpacker, and am always looking for new hiking trails/mountain camping spots. Go Broncs!

**Ms. Delaney Spanish**

¡Hola! My name is Michaela Delaney and I am ecstatic to be joining Frenchtown as the new Spanish teacher! I myself am a Frenchtown graduate and grew up in the community- so it feels extra special to be back to my roots. I began my college journey at Montana State before transferring to the University of Oregon where I graduated with a degree in Spanish. Upon graduating, I moved to Buenos Aires, Argentina where I volunteered in a community for adults and adolescents with cognitive disabilities. When I returned to the US, I decided I wanted to combine my passion for language with education. After graduating from the University of Montana with a Masters in Education, I took my first teaching job wayyyy up north in Nikiski, Alaska where I spent a lot of my time skiing, hiking and fishing. Though I loved all the outdoor opportunities Alaska had to offer, I was ready to make my way back to Montana and I could not be more thrilled to be in the community and school district that prepared me to be here. I can't wait to be working with all these amazing learners at Frenchtown High School. Go broncs!

September Board Meeting 2022  
Frenchtown High School Activities  
Eli Field

Frenchtown activities started on August 12<sup>th</sup> for the current 2022-2023 school year. Fall season currently has 175 students taking advantage of the opportunity to participate in an extracurricular activity (Down from 190 in 2021). The number of participants for each activity are:

Sport	Number Currently Participating
Volleyball	28
Football	63
Boys Soccer	17
Girls Soccer	20
Cross Country	11
Golf	26
Cheerleading	10

Homecoming week took place the week of September 12-16th. Unfortunately some events had to be rescheduled due to unhealthy air conditions, but coaches and athletes maintained a good attitude throughout the week despite the challenges. Coaches have shown a great deal of flexibility altering both their game and practice schedules. Despite the changes our students still showed a great deal of enthusiasm and school spirit.

The work done over the summer to aerate and over seed our outdoor playing fields has provided great field conditions despite exceedingly hot and dry weather over the last month. The maintenance process is seemingly never ending, but a large thank you to Sean and the grounds workers for their concern and dedication to providing excellent playing surfaces for our outdoor sports.

Finding officials is proving to be a challenge for all schools in many sports. Soccer has 14 active officials in the Missoula region trying to work games for 8 schools in the area. In addition, they have disbanded their pool and there is no single assignor for soccer games, it is now up to schools to schedule officials for home contests. For one game this year we will have to bring referees in from neighboring pools such as Helena or Kalispell to be able to host events. Football faces similar shortages, requiring one of our home games to be rescheduled to a Thursday evening (9/22 vs. Dillon).

Regardless the fall season is off to a good start! Please come out and support our kids in all their activities.

GO BRONCS !!!!!

## Middle School Board Report for September 2022

### Enrollment as of September 13, 2021

- 8<sup>th</sup> Grade: 113
- 7<sup>th</sup> Grade: 109
- 6<sup>th</sup> Grade: 110

**Total: 332**

### Middle School Students Enrolled in Extra-Curricular Sports (Fall 2022-2023)

- Football: 45
- Volleyball: 44
- Cross Country: 23
- Soccer: 22

**Total: 133**

### Update on MS Sports....

- Smoke is causing issues with outside practice and games/races. I suspect most outside events to be cancelled or postponed the week of September 12-16, 2022.
- At FMS home events (non-Copper League) we are charging ADULTS: \$3.00 and STUDENTS: \$2.00 --- Senior Citizens and children under 5 or free.
- Middle School Boys Basketball will start on Monday, October 17, 2022 (Tentatively).
- **Home Extra-Curricular Events:** Middle School Students that attend home events after school need to come with a parent or guardian. Students are expected to be in the stadium stands or gyms during the home events. No skateboards, bikes, and scooters on school grounds at extra-curricular events. At home football games students will not be allowed to hang out along the ditch bank on the west side of the football field or hang in groups in the middle school practice area. Thank-you for your help.

**Meet the new FMS teachers –**

**Connie Hart:** am excited to be joining FMS this fall as the 7th grade Science Teacher. This is my 8th year teaching middle school science, although I've worked in the education field for nearly 30 years. I spent many years in environmental education in Minnesota and also did programming with live animals. While most of my life has been spent, in Minnesota my family and I are now living our dream of moving west and we are beyond thrilled to be part of the Frenchtown community. We love all things outdoors and are already spending our free time exploring and adventuring. My husband Mike and I have three adult children, two of whom have also moved to the area. We have appreciated the warm welcome and are looking forward to making our home here.

**Evangeline Campbell:** Growing up with my back to the Sapphire Mountains, I've always known Montana as home. In between standing at trailheads and motorcycling down faded Bitterroot roads, I found myself studying English, Creative Writing, Russian Literature, and Education at the University of Montana. I'm still based out of Missoula and enjoy baking, farming, and a good book on dark winter evenings. Currently, I'm delving into automotive mechanics as I work on my '69 IH pickup. Whether in the classroom or trying to pick up a new skill, I have always been in love with learning. One of my favorite things about teaching is sharing that passion and getting to know each learner as the unique and interesting person they are. I'm excited to be able to do that each and every day, and am thankful to be a part of this great team at Frenchtown.

Hi! I am **Dylan Barnard** and I will be teaching 6th-grade ELA this year. I was born and raised in Bozeman and graduated with my teaching degree from MSU-Billings. My first eight years as a teacher, I worked at Lockwood Schools and then moved to Yakima, Washington. I am extremely excited to be back in Montana! Outside of school I enjoy coaching, playing, and watching soccer. I also enjoy most outdoor activities, including fishing, skiing, hiking, and biking. I love the community feel so far here at Frenchtown Schools and am excited to see the 6th-graders grow!

**Stefan Olson** is proud to join the Frenchtown Bronc community as the 7th grade English Language Arts teacher. Mr. Olson served the Victor community in the same position last year, and previously taught English in South Korea, creative writing at the University of Montana, and in various public and private schools across Minnesota and North Dakota. He holds a BA degree in English, History and Political Science from Concordia College in Moorhead, MN, and an MFA in Creative Writing and an MA in English Teaching from the University of Montana. Born and raised in North Dakota, Mr. Olson has called himself a Montanan for six years. He enjoys canoeing, camping, and backpacking in Montana's backcountry, as well as skiing, playing hockey, golfing, motorcycling, and gardening. Mr. Olson lives in Missoula with his fiancé, Rachel, and their cat, Loki, and puppy, Beau. Go Broncs!

My name is **Jordan Quinn**. I grew up in Polson, MT and then went to Montana State after graduation. I graduated from Montana State with an Exercise Science- Health & Human Performance degree. I then moved to Missoula and got my Masters in Education. While doing this I was a long-term substitute in Arlee and then was hired as the 7-12 PE/health teacher. I am very passionate about teaching & coaching and am excited to be a bigger part of the Frenchtown community doing these things. I am teaching 7<sup>th</sup> grade PE/health this year at Frenchtown. Outside of school I enjoy being on Flathead lake & spending time with my family in the summer and skiing in the winter. This is my dog Izzy, she's a Pomsky and is my favorite adventure partner.

### **Middle School News**

- **PTSA Fundraiser Starts:** On Monday, September 19, 2022 and will conclude on Friday, October 7, 2022 --- New company is running this fundraiser and is web based where families/friends buy online.
- **No School PIR Day:** On Friday, September 23, 2022 and Monday, October 24, 2022
- **No School:** Montana Educators Conference Thursday-Friday, October 20-21, 2022. School will resume on Tuesday, October 26, 2022.

### **Update on McKinney-Vento students in FTSD**

- As of Tuesday, September 13, 2022 we have 13 families that meet the criteria as McKinney-Vento Homeless students for the 2022-2023 school year.
- With colder month's approaching this number usually goes up with families living at campgrounds that reside in our school district.
- Each buildings office staff, building administration, and school counselors play a part in the McKinney-Vento/Families in transition process at Frenchtown Schools

*FRENCHTOWN INTERMEDIATE  
SCHOOL BOARD REPORT*

**Current Intermediate School Enrollment:**

4<sup>th</sup> Grade -95

5<sup>th</sup> Grade -101

New Students: 18 total

New Students: 4th-11, 5th-7

**Total Enrollment: 196**

**Professional Development: Joe Sanfelippo**

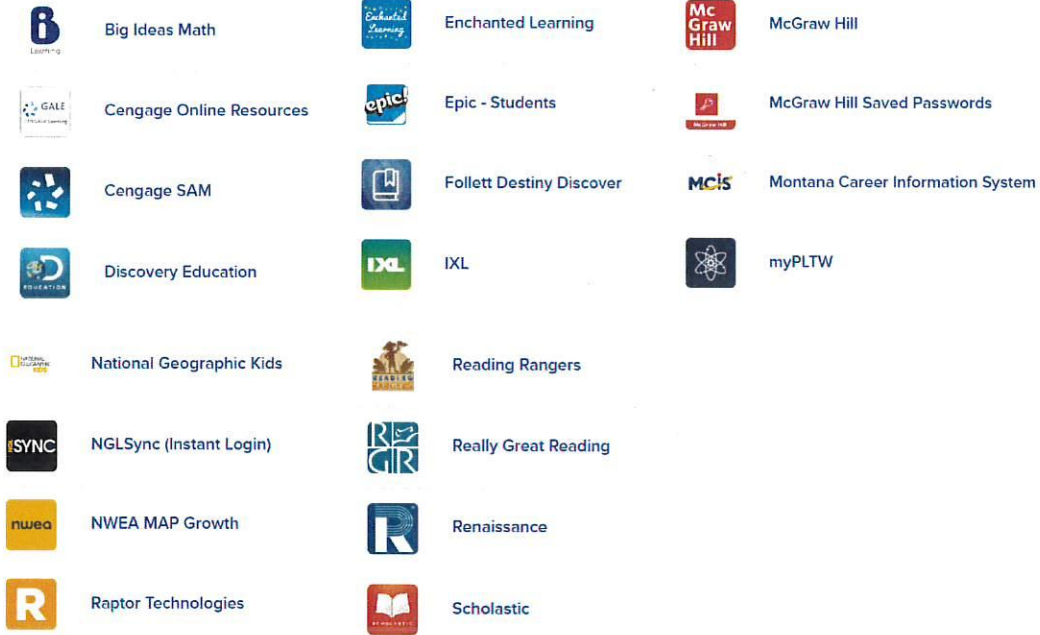

This year Frenchtown School District kicked off professional development with national presenter, author and acclaimed superintendent Joe Sanfelippo. Along with great content and engaging conversations, teachers from across the state had the opportunity to partner and collaborate with teachers from Lolo, Bonner, Arlee, Clinton and St. Ignatius prior to the first week of school.

**Migration to Clever**

Frenchtown School District has migrated to Clever for the 2022-2023 School year. Clever is an app management system that supports and links to Infinite Campus. This migration has been very consuming and we are all learning a lot. We are excited to have a new system that allows us to automatically upload rosters onto our digital programs that we purchase. Listed below are the current providers that we have migrated this school year. Thank you to our Librarians and Technology Department for all their hard work in making this happen.

## New Teacher Training

For the first time ever, FTSD has done a two day new teacher orientation and training prior to the start of the 2022-2023 school year. This was a great time to allow the new teachers to the district to spend some time getting to know each other, go through orientation and get into their classrooms. Thank you Aaron Griffin for setting this up.

(Pictured- New Teachers Out To lunch)

## K-12 Professional Development- Our Programs

Professional Development was provided on September 7<sup>th</sup> and 8<sup>th</sup> for the following programs. For two days trainers worked with our staff. We are trying hard with so many new staff members to provide training opportunities to maximize teacher understanding regarding our purchased programs and how to use them.

List of Trainings:

Wednesday, September 7<sup>th</sup>

- World History- High School
- Inspire Science: Grades 4-5
- IScience: Grades 6-8
- Glencoe & Teen Health: Grades 6-8 and 9-12
- National Geographic World History and US History 6-8

Thursday, September 8<sup>th</sup>

- Impact Social Studies: Grades K-5

## We Are Family

On August 23, 2022 the Frenchtown South Campus took lunch as a group and went to the golf course to connect with each other and share stories about the summer. Often we get so task focused that we forget to talk and enjoy our peers. This was a great opportunity for those of us that work together each day to laugh, talk and learn about each other. Our theme for the year is, *We Are Family*, and moments like this embody just that!

## **Band Is Underway In 5<sup>th</sup> Grade!**

Students in 5<sup>th</sup> grade get the opportunity to do band in the Intermediate School. Currently 66 students are participating. It was so fun to watch all the students bring in their instruments and learn how to put them together for the first time. Thank you to all our music teachers for making the joy of music happen for our 5<sup>th</sup> graders! Also, thank you parents for coming to the band night at the Intermediate Gym and getting your students setup with all the materials for beginning band.

## **New Students Lunch with Ambassadors**

With 11 new students in 4<sup>th</sup> grade and 7 new students in 5<sup>th</sup> grade. We found it important to do a new student lunch and have the ambassadors (Selected students in 4<sup>th</sup> and 5<sup>th</sup> grade) eat with them and answer any questions that they might have about Frenchtown. This was a great way to build relationships and setup new kids for success with their peers. Thanks Mrs. Blass and Ms. Forte for helping make this happen.

### Homecoming Fun!

Students in the Intermediate School have had a blast with homecoming week. Here are some of the fun pictures from beach day and Country/Country Club Day!

### Thanks You PTA

Special thanks to the Frenchtown PTA for purchasing totes for our students in 5<sup>th</sup> grade. The totes have been great to allow for students to carry books from class to class.

### Meet the New Teachers

Hello All! My name is **Jasmine Schreckendgust** and I will be the new 1st thru 3rd grade Special Education teacher this school year. I was born and raised in

I am so excited to continue working, living, and being a part of my community. I recently graduated from the University of Montana with my BA in Elementary Education, Minor in Early Childhood, and Special Education Endorsement. Go Griz! I enjoy fishing, rafting, hiking, playing guitar, and horse doing it all with my puppy Todd. I strive to create an inclusive classroom that is guided by trauma sensitivity, lifelong social-emotional skills, and a focus on learners supporting, encouraging, and growing together. I couldn't be happier to join the Frenchtown Elementary team!

My name is **Sydne Lamping**, I'm thrilled to be starting my career as an educator in Frenchtown as a first grade teacher (Go Broncs!). I first realized that I had a passion for teaching during my experience working in Seattle at a Boys & Girls Club. I was surrounded by students who came from all walks of life, yet still were eager to learn and adventure despite their backgrounds. I have had several experiences since my time at the Boys & Girls club that have prepared me to move forward in my career as an educator. As a recent graduate from the University of Montana, I have spent hours working with a diverse group of students and earned a degree in K-8 Education. During my time in the Education program, I took advantage of several opportunities to further my qualifications. I teach because every student can learn and

wants to learn and of course because first graders are awesome! Outside of work I enjoy outdoor activities, spending time with family and friends and working on myself to become the best version of me that I can be. I am grateful to be at Frenchtown surrounded by such an incredible community.

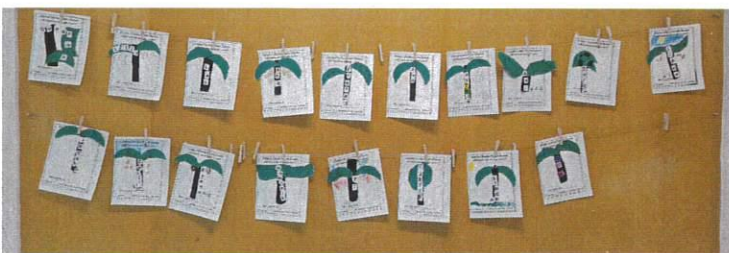

Hello! I am **Lindsay Hartz** and this will be my second year teaching first grade. Last year, I taught at Hellgate Elementary. I am a Missoula native and I graduated from the University of Montana in 2020. I enjoy spending time outside with my dog and family, especially at our lake cabin in Idaho. I am really enjoying this year at Frenchtown and look forward to the rest of the year!

**Ms. Geaudry**

In Ms. Geaudry’s class in September we started the school year off by learning the school rules with No David and ways to be kind by being bucket fillers! We then learned our letter names and sounds through zoo phonics. In September we also made applesauce for apple week, and ended the month with bears and learning about Native American Tribes in Montana. September is very busy but it gets the kids excited to be in school!

**Mrs. Grout**

In the month of September Mrs. Grout’s class learned all about school rules and how our class is a family. We made some fun projects with our names including Chicka Boom Boom trees. We learned about healthy foods and good brushing habits. We also learned all about apples and the life cycle of an apple with an apple picker stem activity. We learned about Natives Americans and did some fun art projects including making teepee’s. We dove into our writing curriculum and practiced proper pencil grip. We started our math curriculum and practiced numbers with the help of some play doh. We started our phonics curriculum as well and started letter of the day. We’re off to an awesome start in Kindergarten.

### **Mrs. Spoharski**

19 smiling faces joined my class at the end of August! We spent our first few weeks together getting to know one another and becoming a class family! We made class rules together and reviewed and practiced our procedures to help make this a successful year. During September we had apple week, where students observed different types of apples and even got to taste them! The fan favorite was honeycrisp! September 23rd was Native American Day, we spent the last week of September honoring Native Americans and learning about our Montana tribes and reservations.

### **Mrs. Musso**

We started the school year by learning about appropriate behavior using the No David stories. We then learned about how to be good friends by reading We Don't Eat Our Classmates. We followed up by learning about our alphabet with Chicka Chicka Boom Boom, and discovering the life cycle of apples. The month ended with us learning all about Native American culture, and the tribes native to Montana. We are loving school, and are excited to see what we learn next month.

### **Ms. Kilgore**

Our class started off the year building relationships and community through sharing and name activities. We developed our class goal around classroom expectations. Then we dove into letters and letter sounds with our Zoo friends. We learned about

apples and our Montana tribes and reservations.

**Mrs. Hollenback**

What a great start to the school year!! We started the year by spending lots of time on feelings about school, how to be bucket fillers, and building our classroom community “family”. Together we made our class family promise and learned lots about each other. We dove right into Zoo Phonics and started focusing on a letter a day. We also learned all about apples.. Even baked apple pies!! At the end of the month we got to explore Montana native tribes.

**Mrs. Peters - Transitional Kindergarten**

The TK students have had an exciting start to the year! Big ideas for us this month include being unique, accepting and welcoming everyone, and working together to make our school a wonderful place. We’ve been learning routines, reading some amazing stories, and having a lot of fun. Some of our highlights include: our class promise which we try to say every day, reading Edward the Emu & Edwina the Emu by Shannon Knowles and then making our own emu art, trying a fun share the ice cream game after reading Should I Share my Ice Cream by Mo Willems.

**TK class promise**

**Emu artwork**

**Share the ice**

**cream game**

**First grade** has been busy learning routines and making new friends. We've built reading stamina and learned how to work together on team building activities.

We all had fun dressing up for Homecoming week in September! Such great school spirit! In October we will be heading out on our first field trip to Fort Missoula. We will explore the old homestead, the old school house, and get to press apples into juice. Such a great way to learn about our history and how kids lived and learned many years ago.

## **Second Grade**

We have had a great start to the school year. Thank you for helping to make that happen! We have two new team members who joined second grade this year.

Replacing Mrs. Udem is Mr. Lucas. We are so excited to have him after working with him last year as our 2nd grade title teacher. Welcome Mr. Lucas! Also changing positions to replace Ms. Duke, is Mrs. Lin. She joined our team very unexpectedly before school started but we couldn't be happier to have her! Mrs. Straw, Ms. Olson and Mrs. Croy are all still on the second grade team. We are so excited to have your children with us!

Students have been working hard learning our routines and expectations and we will continue to practice those to help them be successful. So far they are doing a great job! In reading we have been investigating Informational texts and looking at the author's purpose for writing the text. Students have enjoyed sharing about their own experiences as we have read about families and dogs.

Math so far has been a review of math mountains and single digit addition. We are practicing our math facts every day and gaining a great grasp on number sense. Practicing at home can be very helpful in student math proficiency. We're looking forward to a great school year! We think second grade is the absolute best!

## **Third Grade**

It's hard to believe we are well into September! It has been a fun and productive year in 3rd grade so far this year. Mrs. Burklund, Mrs. Hoskinson, Mr. Gyapay and Mr. DiFulgentis are grateful for the opportunity to work with these smart and fun students.

During the 1st Quarter, our students have worked hard to build reading stamina and dive deeper into our texts by comparing and contrasting, identifying sequence of events, exploring character feelings, analyzing text features such as headings and captions, and calling out the author's purpose.

Students are currently writing their Personal Narratives. During this writing project, students are learning more about the writing process in crafting their own stories about an important event in their life. We've also been reviewing manuscript writing in preparation for cursive writing later this year. We are also practicing typing and are currently working on "home row" and not looking at fingers when typing.

In math we started the year by diving right into multiplication and division. The students have been working hard to become proficient with multiplication and division fact families from 0 through 10. They've also used multiplication to find the area of different shapes. We will continue with these skills all the way into the 2nd quarter.

In science, we've been learning about the entire process of pollination, the difference between plants and vegetables, and why flowers produce fruit. We're also exploring how certain traits of plants and vegetables have been recognized, selected, and intentionally cultivated over long periods of time to yield better tasting foods.

Social studies has been an opportunity to understand and explore Glacial Lake Missoula. We are also studying landforms, and will learn about the Salish people that originally inhabited the Frenchtown/Missoula Valley before European settlement.

## **PK-3 Counseling**

The year has started off with great success! Our theme for the school year is: We Are Family! We Are Family embodies all that we are here in Frenchtown. We rally around each other, we support each other, encourage, lift up, and stand up for what is right! We have a great community here, and we are going to be celebrating that and promoting it all year. Our KICK OFF Assembly is on September 21st. The kids will be celebrating all that we are and the ways that we can strengthen our Frenchtown Family. We are gearing up to have some fun and make some memories....the staff is doing a FLASH MOB! Watch for videos and a very special thank you to our Music Department - they ALWAYS make things fun!

Counseling Education Lessons will begin right after our assembly. In the next month, students will be learning about who their counselor is, what a counselor does in school and how to ask for help from a counselor. Counselors are a great resource and we are so fortunate to have the best of the best in our school district. If your student is in need of support there are lots of ways that your student can see the counselor: 1) Parents or guardians can request for a check in 2) Staff can request a student see the counselor 3) A student can advocate for themselves and ask to see a counselor 4) a counselor might see a need and help out. All students have access to their school counselor.

We will also cover big problems and small problems. Students will learn that BIG problems mean they need to get a grown up. SMALL problems mean "I can fix it myself!" This independence and confidence will be encouraged using Kelso's Choices to solve those small problems. Kelso will be making an appearance in the classroom in the next month as well. That friendly frog teaches us so many great conflict resolution skills. Information will be coming home in Tuesday envelopes for parents and guardians to help support all these skills they are learning. And....get ready for breathing strategies. We usually start out with Milkshake Bubbles and you may hear your kids talking about this important self-regulation skill.

Thanks again for sharing your students with our school. They are simply THE BEST!

We Are Family,  
Mrs. America and Miss Sadie PK-3 School Counselors

FTSD enrollment numbers since 2014, an increase of roughly 270 students over a nine-year period. Please note the change the categories to reflect what we are currently doing with four different grade level separations. Official count date will be in October.

## **DESTINATION MISSOULA**

A meeting occurred with Mr. Field, Mr. Haynes, Destination Missoula and myself. Frenchtown Schools have hosted many events over the years and have directly helped the economy of Missoula. I took a phone call from a classmate one day and over a few phone calls back and forth a meeting took place and they are looking at helping out when we host major events.

### **GOAL AREA #6: COMMUNITY ENGAGEMENT**

6.1 We continue to promote our schools and our strategic goals through a variety of resources.

## **CYBER-SECURITY UNDERWRITING REQUIREMENTS – MSGIA (P&L)**

In the packet is information on what we have to do now in order to receive property and liability insurance. MSGIA is being required to have their members do this in order to offer cyber insurance. We have a checklist of items to address in terms of a plan and hope to bring this to the board for approval, which is also a requirement. Information is included in this packet.

### **GOAL AREA #3: SAFETY AND SECURITY**

## **JUUL LAWSUIT**

If you recall, we joined the lawsuit against JUUL two years ago. There is an update in the packet. It is progressing and there has been a \$439 million settlement. Schools won't receive the funds, but it is in hopes of slowing down what young people do and then schools have to deal with the result of youth JUULing.

**GOAL AREA #3: SAFETY AND SECURITY**

**GOAL AREA #5: WELLNESS**

### **LEGISLATIVE UPDATE: PROVISIONAL DRAFT - PD 0036**

A copy of the draft (it will undergo multiple changes) is included in the packet.

A BILL FOR AN ACT ENTITLED: "AN ACT REPLACING THE TRANSFORMATIONAL LEARNING PROGRAM WITH THE LEARNER-CENTERED EDUCATION INCUBATOR PROGRAM; ESTABLISHING A LEARNER-CENTERED EDUCATION INNOVATION COUNCIL; PROVIDING AN APPROPRIATION; REPEALING SECTIONS 20-7-1601 AND 20-7-1602, MCA; PROVIDING EFFECTIVE DATES; PROVIDING A TERMINATION DATE."

What exactly does this mean? In short, a study and a goal of schools to go to a performance based learning system. A selection of 15 school districts committing to implementing a learner-centered approach. There is an article included in the packet as well.

### **TREMCO-ROOF WORK**

The work on North Campus is done regarding the original scope of what they were going to do as a part of the Continuity of Services Plan that we approved last year. The work on the Intermediate School, which was also part of the Continuity of Services Plan has been completed as well.

Also included in the packet is an area of the roof above the Middle School that has some issues. I have a picture in the packet. We have a quote of around \$5000.00 from Tremco.

**GOAL AREA #4: FACILITIES**

### **WESTERN MASS MEETING**

The agenda is in the packet. I did not attend the meeting as we hosted a meeting with a group that is working through some of the challenges at the mill site. When you drive by work is occurring. The group shared some of what they are working on along with ideas.

### **MONTANA CONFERENCE OF ED. LEADERSHIP (MCEL) – TEACHER PIR OCTOBER 20-21 – MISSOULA – NO SCHOOL**

There is a schedule included in the packet. If you are interested in attending, please let us know and we will get you registered. Many teachers have participated in workshops throughout the summer in order to get the opportunity to enjoy a couple of days off with family.

### **MASS – MONTANA ASSOCIATION OF SCHOOL SUPERINTENDENTS**

The schedule is in the packet. I will attend, but only Monday's session.

## **MSGIA BOARD MEETING**

Regular Fall Board Meeting and Strategic Planning Meeting – 9/23 – I am a board member for our Property & Liability Insurance Company as well as who we do our workers compensation through.

## **COMMITTEE MEETINGS**

- August 9<sup>th</sup> – Negotiations Committee – Certified Matrix review
- August 23<sup>rd</sup> – Facility Committee – Long Range Planning
  - Dan McGee – Building Mind and Body attended
  - We are conducting a Demographic Study
  - Discussion of Long Range Planning, Facility, and Land
- August 30<sup>th</sup> – Special Board Meeting – MTSBA Trustee Training
- September 1<sup>st</sup> – Transportation Committee – Routes and Handbook
- September 13<sup>th</sup> – Negotiations Committee – Bonus pay and substitute pay
- September 20<sup>th</sup> – School Improvement/Goals Committee – maintenance/custodial
- September 20<sup>th</sup> – Policy Committee – Policy 2335

## **DESCRIPTION OF THE DESIRED FUTURE**

### **AG SCIENCE GRANT**

\$7500.00 From the Office of Public Instruction – Advancing Agricultural Education for the 2021-2023 biennium. Congratulation to Kyla Andres!

### **GOAL AREA #1: EDUCATIONAL FIDELITY AND PURPOSE**

### **ADULT MEAL PRICES**

In the packet is information regarding adult meal prices from OPI. We have to raise lunch and breakfast prices for adults from \$4.00 to \$4.6417 and \$2.00 to \$2.26. This will effect both adults as individuals and the district since adult earned lunches are not subject to reimbursement.

**I hope this message finds you well as you begin a new school year. There has been a significant development regarding the litigation against JUUL Labs, Inc. On September 6, 2022, it was announced that the Attorneys General of 33 states reached a \$439 Million settlement with JUUL Labs, Inc., based upon JUUL's deceptive marketing practices targeting minors and consumers, which parallels and reinforces the strength of our claims against JUUL. The settlement reached will resolve the cases filed by the Attorneys General of 33 states. Altria is not included in the settlements.**

**We continue to look forward to the first school district trial in this litigation set for November 7, 2022. This litigation will help provide insight on the matter as to liability and damages.**

**Once there are any new developments we will continue to update you. Should you have any questions, please contact the undersigned.**

INTRODUCED BY \*\*\*\*

BY REQUEST OF THE \*\*\*\*

A BILL FOR AN ACT ENTITLED: "AN ACT REPLACING THE TRANSFORMATIONAL LEARNING PROGRAM WITH THE LEARNER-CENTERED EDUCATION INCUBATOR PROGRAM; ESTABLISHING A LEARNER-CENTERED EDUCATION INNOVATION COUNCIL; PROVIDING AN APPROPRIATION; REPEALING SECTIONS 20-7-1601 AND 20-7-1602, MCA; PROVIDING EFFECTIVE DATES; PROVIDING A TERMINATION DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. **Section 1. Learner-centered education innovation council.** There is a learner-centered education innovation council established by the superintendent of public instruction,

(2) The superintendent of public instruction shall solicit applications for membership on the council and appoint between 5 and 7 members to the council with consideration given to the following:

(a) experience in the implementation of learner-centered education approaches as described in [section 2(l)], and

(b) reputation for providing guidance and technical assistance to school districts of varying sizes across Montana.

(3) The superintendent of public instruction, or the superintendent's designee shall serve as the presiding officer of the council.

(4) The council shall administer the learner-centered education innovation program under [section 2].

(5) Unless otherwise provided by law, each member of the council is entitled to be paid \$50 for each day in which the member is engaged in the performance of duties under this section and is also entitled to be reimbursed for travel expenses, as provided for in 2-18-501 through 2-18-503, incurred while in the performance of task force duties. Members who are full-time salaried officers or employees of this state or of a

1 political subdivision of this state are not entitled to be compensated for their service as members except when  
2 they perform their task force duties outside their regular working hours or during hours charged against their  
3 leave time, but those members are entitled to be reimbursed for travel expenses as provided for in 2-18-501  
4 through 2-18-503.

5

6 **NEW SECTION. Section 2. Learner-centered education incubator program -- established. (1)**

7 The legislature finds that meeting the goal of the people to establish a system of education which will develop  
8 the full educational potential of each student as stated in Article X, section 1, of the Montana Constitution  
9 requires continual improvement and innovation within Montana's basic system of free quality public elementary  
10 and secondary schools. The legislature further finds that incorporating learner-centered approaches in  
11 Montana's education system holds promise for meeting our educational goals. The purpose of [this act] is to  
12 encourage school districts to work together and in collaboration with the board of public education, the office of  
13 public instruction, and other education partners to explore and implement learner-centered education  
14 approaches. For the purposes of this section, "learner-centered education" means an approach to education  
15 that emphasizes the following:

16 (a) utilizing a mastery-based model of education where student progress is based on a student's  
17 demonstration of mastery of competencies and content, not seat time or the age or grade level of the student;

18 (b) allowing students more freedom to develop skills in a way that honors the learner's interests,  
19 passions, strengths, needs, and culture;

20 (c) developing student agency and responsibility in designing and executing a learning plan and  
21 thereby cultivating the habit of lifelong learning required in a rapidly changing economy and world;

22 (d) acknowledging that learning is not confined to the classroom by incorporating community-  
23 based, experiential, online, and work-based learning opportunities; and

24 (e) fostering a learning environment that:

25 (i) is socially embedded;

26 (ii) is rooted in relationships with teachers, family, peers, community members; and

27 (iii) honors both face-to-face and virtual connections.

28 (2) With money appropriated for this purpose and in order to encourage innovations incorporating

- 1 learner-centered education approaches in more Montana schools, the learner-centered education innovation  
2 council established in [section 1] shall develop a learner-centered education incubator program that involves:
- 3 (a) conducting a statewide awareness campaign to promote understanding and interest in learner-  
4 centered education for teachers, administrators, parents, students, business leaders, and policymakers;
  - 5 (b) selecting a cohort of no more than 15 school districts each biennium that have demonstrated a  
6 commitment to implementing learner-centered education approaches in one or more schools to participate in  
7 the program. In selecting school districts, the council shall strive to include districts of varying sizes and  
8 locations to serve as models for other districts in the future and ensure at a minimum:
    - 9 (i) school-wide implementation, or in the case of schools of first class districts, at least grade-level  
10 implementation;
    - 11 (ii) commitment to a mastery-based assessment plan based on identifiable and measurable  
12 student outputs;
    - 13 (iii) technology readiness, including bandwidth requirements to enable digital learning;
    - 14 (iv) school district and community commitment to the program and participation in the cohort by  
15 school administrators and teachers; and
    - 16 (v) a plan for ongoing professional development focused on learner-centered education  
17 approaches.
  - 18 (c) convening representatives of the cohort for:
    - 19 (i) training and planning;
    - 20 (ii) identifying barriers and possible solutions in implementing learner-centered education;
    - 21 (iii) sharing insights and disseminating information; and
    - 22 (iv) any other purpose deemed necessary by the council;
  - 23 (d) partnering with other entities in any manner that supports student-centered learning, as  
24 determined by the council;
  - 25 (e) providing financial support in the form of equitably distributed grants to districts in the cohort.  
26 The grants must be distributed in a manner that incentivizes meeting innovation benchmarks determined by the  
27 council. A district receiving a grant shall deposit the money in the miscellaneous programs fund. The money  
28 must be expended by the district only for implementing a learner-centered education program.

1 (f) using the knowledge gained from the experience of the cohort to develop recommendations  
2 and guidance for other districts interested in innovating in a similar manner and to refine the program for future  
3 cohorts.

4 (3) On or before September 15 of even numbered years, the council shall report to the education  
5 interim committee on the progress made through the innovate to achieve program and on any legislative  
6 changes that would benefit learner-centered education approaches.

7 (4) The legislature acknowledges that innovation is often disruptive to existing systems and urges  
8 entities whose current structures may impede learner-centered education innovations in Montana's elementary  
9 and secondary schools to reexamine those structures and develop flexibilities in regard to criteria such as seat  
10 time, grade point average, and grade level so that school districts' ability to innovate is not impeded and student  
11 access to postsecondary opportunities and ability to participate in extracurricular activities is fair and  
12 meaningfully determined.

13  
14 **NEW SECTION. Section 3. (standard) Repealer.** The following sections of the Montana Code  
15 Annotated are repealed:

16 20-7-1601. Forms of personalized learning -- legislative intent.

17 20-7-1602. (Temporary) Incentives for creation of transformational learning programs.

18  
19 **NEW SECTION. Section 4. Appropriation.** (1) There is appropriated \$5 million from the general  
20 fund to the office of public instruction for the biennium beginning July 1, 2023, for the learner-centered  
21 education innovation council and learner-centered education incubator program under [sections 1 and 2].

22 (2) The legislature intends that this appropriation be considered part of the ongoing base for the  
23 biennium beginning July 1, 2025.

24  
25 **NEW SECTION. Section 5. Codification instruction.** [Sections 1 through 2] are intended to be  
26 codified as an integral part of Title 20, chapter 7, and the provisions of Title 20, chapter 7, apply to [sections 1  
27 through 2].

## PERFORMANCE-BASED LEARNING: HOW IT WORKS

Should you give your students another assessment or worksheet from the textbook? Why aren't your students engaged in your classroom? Traditional instruction may not be enough for our 21<sup>st</sup> century students to be fully engaged, take ownership of their work, and activate their higher-order thinking skills. Active learning, through performance-based learning and assessment, is something that any teacher can implement in their own classroom with just a little planning, preparation, and progress monitoring.

Performance-based learning and performance-based assessment is a system of learning and assessment that allows students to demonstrate their knowledge and skills in a learning environment that embraces their higher-order thinking skills, as well as relating it to real-world situations (Performance-Based Learning and assessment, n.d.). This type of learning is an on-going process that allows student-centered learning and progress monitoring where teachers and students collaborate and adjust their learning where needed. When planning for performance-based learning, keep in mind that the content and instruction does not have to change, but instead of assessing the students' knowledge from the content, the student is allowed to demonstrate what they have learned. With proper preparation and planning, the instructor has full control over what the content is and how it is taught.

Performance-based learning is being implemented at all levels of learning, from primary and elementary to high school and higher education. Performance-based learning can be implemented along with traditional instruction when used in a balanced setting. As Hibbard et al. (1996) mentioned, "Performance-based learning and assessment achieve a balanced approach by extending traditional fact-and-skill instruction" (p. 5). The traditional learning coupled with performance learning allows for instructors to ensure that students master content standards and student learning objectives. Although utilizing traditional instruction along with performance-based learning can be time-consuming, and ensuring that all standards and SLOs are being taught effectively can seem cumbersome, once the material for allowing students to demonstrate what they have learned is created, the results and data collected on student achievement will be much more meaningful. Specific data and actual observations will help an instructor redirect or re-teach a student on the spot and in a timely manner.

So, what does a strategy or activity look like when it includes elements of performance-based learning or assessment? It may include:

- **Focusing on the end in mind**, then working backwards to understand what specific details the students will need to understand in order to perform a task. Think about what is most important for students to take away from an activity and how they can best demonstrate their learning.

- **Using critical thinking, deep thinking, and problem-solving skills.** This will help students think about how an activity can be approached in different ways, taking into account multiple variables in order for the best answer to be shown.
- **Allowing students to see your expectations and how they will be graded.** If using a rubric, give students a copy and give them information and criteria on how they will be graded on their performance. When students are given set standards with clear expectations upfront, they tend to have more accountability and ownership of their assignments.
- **Providing a space, an app, or a program for students** to use to show their level of understanding about the content learned. This space, app, and/or program could allow for mistakes to be made, and corrected, with an opportunity to explain their process for proceeding in the manner they chose.
- **Allowing constant practice.** Many students may not have had the opportunity to show or demonstrate their learning, so the opportunity to do so may be foreign. Practice of demonstrating and understanding of a concept may be necessary.

These may be steps you are already using in your course, so now, the key is to allow students to have more accountability and ownership of their work. Let them reflect and figure out why something worked or not. When students are given a chance to take ownership of their learning, they are more motivated and determined to succeed. Student ownership of learning also leads to self-reflection on their performance, which means that they are able to identify their own areas of strength and weakness. Then, of course, teacher feedback and follow-up with students regarding their performance and assessment is vital for students to fully receive the full effect of performance-based learning and assessment.

This type of instruction and assessment allows instructors and students to customize their learning and make it applicable to real-world situations. Once both instructors and students become more familiar with performance-based learning and assessments, and adapt their learning and thinking, the process becomes smooth and engaging. And, student achievement will be easier to observe and reflect upon.

**Embracing Personalized Learning: The stakes could not be higher!**

Over the past decade, the laws encompassing public education in Montana have been written to allow unprecedented flexibility. With the 2023 Legislative Session just around the corner the issue of “Value of Public Education” is already front and center. A question that can already be heard echoing in the halls is *can private education do it better?* The MCEL partners will walk participants through what options and flexibilities our public schools currently have for personalized learning, discuss stumbling blocks our

### 2022 MCEL Keynote Speaker

**Jason Russell, Secure Education Consultants**

### Lessons Learned. . . Crisis Response During One School’s Tragedy

Jason Russell is often asked to assist in post-incident recovery and management. On November 30, 2021, Jason was called to Oxford High School in Oxford, Michigan to provide guidance and support to the Oxford School District leadership after the tragic shooting which claimed the lives of four students and injured several other students and

public schools have encountered, and a preview of what we can expect from the 2023 Legislature and the push for charter schools if our local public schools do not embrace the flexibilities that support personalized learning.

### **2:45 pm – 4:45 pm – MTSBA Legal/Strategic**

#### **Planning Staff**

#### **Parent and Community Engagement and Strategic Governance**

It's one thing to talk about flexibilities, options, and personalized learning but how can it be made a reality in your district? After learning about all the various options school districts can utilize under current Montana Law, MTSBA staff will walk participants through how to effectively and positively engage parents and community members through the trust and transparency that can be effectuated through (1) embracing our open meeting laws and (2) a commitment to strategic and visionary leadership and governance.

staff. His assistance began just minutes after the incident; Jason continues to be an integral part of the district's safety and security team today.

In this session, Jason will discuss his role and responsibilities from the moment he arrived at Oxford High School. He will describe the procedures and responses the school district implemented, with his guidance, after the incident and the impact those had on managing during a time of crisis. Specifically, Jason will discuss the importance of crisis communication, the need for critical incident response and the legal ramifications for the school district and associated personnel. In addition, Jason will discuss the need for a behavioral threat assessment to identify students in crisis and the resources for mental health support. Join Jason to learn strategies that will hopefully assist in preventing a terrible event such as this one from occurring in Montana public schools.

ADULT MEAL PRICES  
SCHOOL YEAR 2022-2023

Revenue from the National School Lunch and Breakfast Programs cannot be used to subsidize adult meals. The purpose of federal assistance is to provide nutritious meals to school children to safeguard their health and well-being.

If the school district subsidizes meals for teachers, administrators, custodians and other adults, the subsidy should be identified as an employee benefit and revenue source in the school foodservice budget.

The cost of meals served to adults directly involved in the operation and administration of the School Nutrition Programs (those preparing and serving food) may be supported by the foodservice operation. **Any meal served to an adult (whether supported by the foodservice or not) may not be claimed for reimbursement or counted toward the USDA Foods entitlement.**

The adult lunch price is required to be at least the total of the federal reimbursement for free students plus value of USDA Foods, plus state match. The adult breakfast price uses only the federal free reimbursement rate.

	Adult Lunch Price	Adult Breakfast Price
Federal Free Reimbursement	\$4.3300	\$2.26
Value of USDA Foods	\$0.3000	
State Match	\$0.0117	
<b>Total</b>	<b>\$4.6417</b>	<b>\$2.26</b>

These adult prices are minimums required by USDA and are based on the same portion size served to students. Larger portions should be priced to cover cost.

For questions, please contact School Nutrition Programs at 406-444-2501.

# Your partner in travel-based learning

EF Education First is the world leader in international education. For over 55 years, we've partnered with educators around the world to help more than 15 million students gain new perspectives and build skills for the future through experiential learning.

Our mission is to empower educators to do their best work. At EF Educational Tours, we're working to define the modern educational tour experience. Our itineraries are more than places to go and things to see. We build programs that challenge assumptions, spark connections, and inspire curiosity in young students. Students will expand their knowledge of the world around them, discover more about themselves, grow more confident and independent, and understand new people, places, and cultures.

We take care of every last detail of the tour experience—transportation and lodging, meal reservations and menus, museum tickets and local tour guides, and much more. That also includes behind-the-scenes elements, like safety checks at hotels and background checks on adult travelers. With all that taken care of, educators and students can focus on the bigger picture.

You'll find all the details and more on the next few pages.

# Safety

**Your students' safety is our number one priority. We would never send a traveler to a location we believe to be unsafe—and with our extensive global presence, our best-in-the-industry experience, and our close working relationships with U.S. and international authorities, that's a statement we can back up with real insight. Whether it's a worldwide pandemic or a sprained ankle, a missed flight or confusing medical paperwork, we make sure every situation is taken care of.**

**\*For specific information on EF's response to COVID-19, visit [eftours.com/covid](https://www.eftours.com/covid)**

## **Worldwide presence**

EF's global presence is truly unmatched. We have staff on the ground 365 days a year in over 50 countries. And we don't just work in those countries—we call them home. EF team members live in nearly every one of our tour destinations, meaning we have the local knowledge to help keep our groups safe. That presence allows us to be there to support you on the ground wherever and whenever you need us.

## **24/7 emergency support**

In the event that anything on tour goes wrong, EF staff is always available to help. Your Tour Director is your group's constant companion and first point of contact in an emergency. Additionally, our fully trained support teams are on hand 24/7 to walk teachers through any issues and provide the resources necessary to get things back on track. Our Safety and Incident Response Team—comprised of industry experts, healthcare experts, and even former FBI personnel—is ready to spring into action 24 hours a day, 365 days a year. And when they aren't directly helping EF travelers, they're actively innovating on and shaping the new worldwide standards for cleanliness and safety.

## Your team

This group is fully committed to your school's trip and the safety of every traveler.

### **Operations Safety & Incident Response**

**Team** – This team is strategically based in our Boston, Panama, Tokyo, and Zurich offices to accommodate for all time zones. Available 24 hours a day, every day of the year, they are trained to react quickly if travelers need help. The team uses a combination of extensive training, simulations, incident response planning, and previous experience to manage emergencies. As needed, they can facilitate additional support for groups on tour, solve operational issues, arrange assistance from outside specialists, and liaise with local and international authorities.

### **Emergency Services & Support Team**

– Our support team is available 24/7 to help resolve any issue, from a missed flight to a lost passport to more serious on-tour incidents. They also facilitate communication between travelers and families in the event of an emergency at home. The team is made up of highly trained and dedicated EF staff in our Boston and Denver offices who are equipped to solve problems and answer questions that may come up, even outside of regular business hours.

**Tour Director** – Assigned exclusively to your tour for the length of the stay at your destination, your Tour Director meets your group at the airport and travels with you until your departure. All Tour Directors undergo a background check as permissible by local law every two years and are required to participate in ongoing EF safety trainings. They're the first point of contact in an emergency and also communicate information to help travelers stay safe in a foreign destination. Tour Directors assist Group Leaders with hotel check-ins, coordinate meals, facilitate excursions with local guides, and much more. They're also culturally connected and expertly trained to support impactful learning experiences.

**Tour Consultant** – This itinerary expert is devoted to the growth of your students. They are your school's partner, working with you on everything from finding the perfect tour and enrolling students to offering fundraising advice and creating long-term travel programs for your school community. They work directly alongside the Group Leader (a.k.a. local teacher), right up until the moment of departure to make sure everything goes smoothly.

**Traveler Support** – Our team of support specialists are readily available to walk families through insurance inquiries, payment plans, food allergy issues, and any other topics that arise.

**Chaperones** – For every six travelers who enroll on your school's tour, your group is eligible to bring along a chaperone for free (the first spot goes to the Group Leader). This allows for a 6:1 ratio of students to chaperones, who assist Group Leaders with supervision of students to help keep them safe.

# Protection for travelers, schools, and districts

We understand that unpredictable things can happen, either on tour or before departure. We offer a variety of protections, programs, and policies to make sure that, no matter what happens, travelers, schools, and districts are covered. We're doing everything we can to make planning for the future as flexible as possible.

## General liability insurance

All Group Leaders, schools, and districts who travel with EF are automatically added as additional insureds under our **\$50 million General Liability Policy**, regardless of whether or not the tour is affiliated with the school. EF's liability coverage is primary and non-contributory for covered third-party claims. The policy helps safeguard Group Leaders and their schools for covered third-party claims related to bodily injury or property damage, which includes providing a legal defense and covering legal costs for such claims. In addition, all travelers are required to sign EF's Release and Agreement, which includes a release of liability of their Group Leader, school, and school board.

## Flexibility to change tours

The world is always changing. And while our belief in the positive impact of travel is unwavering, it can feel hard to predict what life, here in the U.S. and abroad, will look like several months, a year, or even two years from now. When you decide to travel with EF, we want you to feel secure in that decision. That's why these benefits are built into every EF program.

### *Peace of Mind*

*Provided to all groups*

We understand that plans can change due to unforeseen circumstances. EF provides this exclusive program to account for such situations. It provides groups with flexibility to change the dates and destination of their tours in uncertain times. This program accounts for such circumstances and can be enacted up to 45 days prior to departure at the group level for any reason, including terrorism or other world events.

### *COVID Peace of Mind*

*Provided to groups departing before October 1, 2022*

In addition to our standard Peace of Mind Program, EF provides an exclusive COVID-19 Peace of Mind Program to account for situations related to the COVID-19 pandemic. This program is automatically included for all travelers and can be enacted up to 45 days prior to departure at the group level, while specific options can be implemented at the individual level.

### **COVID Care Promise**

*Provided to all groups*

If your child is diagnosed with COVID-19 while on tour, we will coordinate and facilitate support services and logistics including translation services, connections with local health care providers, communication with family, and flights home at no additional cost.

## **Protection for individual travelers**

Travelers can help protect their investment and themselves from certain unexpected events and expenses while on tour with the Global Travel Protection Plan and Global Travel Protection Plan Plus.

### **Global Travel Protection Plan**

*Available to all travelers*

Designed specifically with EF travelers in mind, this plan provides both pre-departure and post-departure benefits, including medical expense coverage that may apply on tour and tour cancellation for specified reasons.

### **Global Travel Protection Plan Plus**

*Available to all travelers*

To further protect your investment from the unexpected, this plan provides all of the benefits included in the Global Travel Protection Plan as well as expanded cancellation protection.

## **Background checks for adult travelers**

EF requires all adults (18 years and older) to pass a criminal background check before traveling on our student tours. This provides a safer tour experience for all travelers and aligns with the process and expectations of many school districts for adults who volunteer in schools or chaperone school activities. The secure process, provided by a leading professional provider, only identifies those individuals who could present a risk to student travelers while on tour.

# Affordability

We believe every student should have the opportunity to travel. That's why we're dedicated to providing the lowest prices possible and giving travelers multiple resources for managing payments.

Tour Consultants work closely with teachers to build a tour that's exactly right for your students. Through discussions with your teacher, they take into account learning objectives, cost, timing considerations, and any other factors to craft a tour that's accessible to as many students as possible.

## Resources for managing cost and payments

***Automatic Payment Plan*** – Our recommended payment plan offers the ability to break the tour fee into smaller installments. With most tours planned well in advance, travelers can enroll for only \$95, then pay over a long period of time—often up to 18 months or two years—with final payment due 30 days before departure. Families make payments directly to EF, with no payments going through the school.

***Donation pages*** – Each student has access to their own unique and customizable donation page. The easy-to-share page makes it simple for friends and family to contribute a little something that is automatically applied to the balance of the tour, with no fees whatsoever.

***Global Citizen Scholarship Fund*** – EF Educational Tours provides \$100,000 worth of scholarships to students across the country every year. Any student is able to apply for the Global Citizen Scholarship, which is awarded on both a merit and need basis.

# Educational value

Our tours help prepare students for the future by teaching them more about the world, themselves, and the impact they can have on the world. Combining the power of experiential learning with the thrill of global travel, our tours help students:

- Expand their knowledge of the world around them
- Grow more confident and independent
- Understand new people, places, and cultures
- Discover more about themselves

To learn more about EF's educational philosophy, visit <https://www.eftours.com/our-story/educational-approach>

## EF is an accredited institution

We echo your commitment to education. Our travel-based learning approach is designed to blend classroom and experiential learning. This allows us to meet the same rigorous standards as schools like yours, ensuring students gain valuable experiences that transform the way they look at the world.

## Earning credit for new experiences

EF makes it easy for students to turn their tour experience into high school credit, college credit, or to get a head start on their college essays—all while making their travel experience even more engaging.

- Students in grades 6 - 12 can earn .5 elective high school credit by successfully completing the final project as part of EF's Personalized Learning Guide. Tuition is free.
- Students in grades 9 - 12 can earn 3.0 undergraduate credits, along with the confidence that comes with taking a college course, by completing a series of assignments and a final research project with our partner, Southern New Hampshire University—all for just \$215.
- Educators traveling on student tours may earn up to 45 free hours toward relicensure OR 3 or 6 graduate level credits (\$285/\$450) through Southern New Hampshire University.

# Itinerary specifics

For more robust details, the complete itinerary is attached to this document. It includes specific locations, each day's activities, travel plans, and more.

# Sample hotels

Every hotel we work with must meet our high standards for safety, quality, and cleanliness. Hotels are vetted by our team to make sure they meet our requirements and are subsequently inspected regularly to ensure they continue to satisfy those parameters. Please note that hotels abroad may have different amenities than travelers are accustomed to in the United States.

Here are some examples of hotels students might stay in on tour:

## **Cusco Pardo | Cuzco**

[www.cuscopardohotel.com](http://www.cuscopardohotel.com)

Conveniently located just outside Cuzco's main square and steps from the train station, Cusco Pardo achieves a balance of modern comforts and regional style. Each of the 33 guestrooms includes private bathroom, telephone, flat-screen TV, Wi-Fi and more. This hotel also offers elevator service, an onsite restaurant, laundry service and additional amenities.

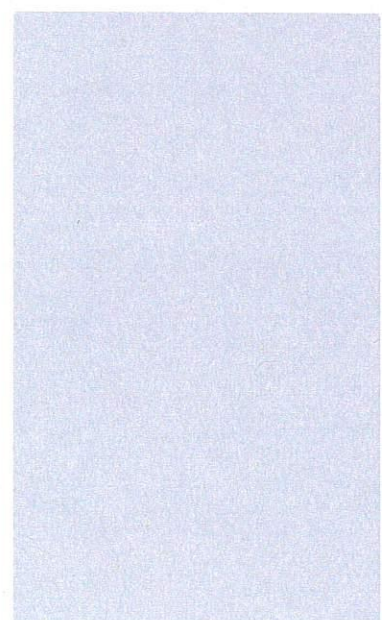

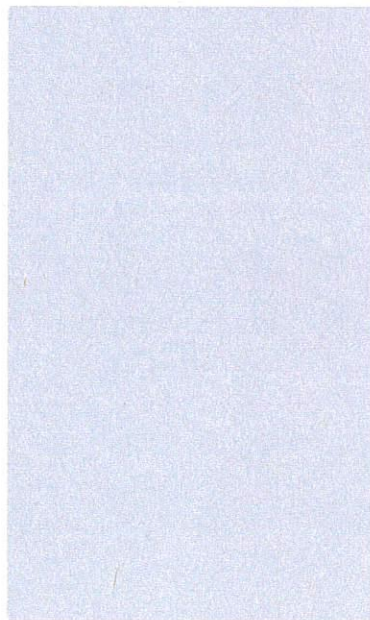

## **Suites Larco 656 | Lima**

[www.suiteslarco656.com](http://www.suiteslarco656.com)

Situated in the heart of Miraflores, Lima's safest and most modern district, the Suites Larco 656 is a family run hotel with private rooms. The surrounding area includes restaurants, shopping and entertainment, and the district's famous Inca Market is also just a short walk from the hotel. Each room includes cable television, a telephone and a private bathroom.

## Sample meals

Meals are selected to establish a more immersive cultural experience and give students an idea of how locals eat. Below are some examples of what travelers can expect at the destination that your teacher has chosen, but please note that meals can vary from tour to tour.

### **Peru: Sample Meals**

Soup, salad, chicken with fries, fresh fruit

Salad, spaghetti & meat balls, vegetables

# How I can help with next steps

My name is Courtney Bonardi and I am Frenchtown High School's dedicated Tour Consultant. That means I'll be working with Michelle Petersen every step of the way to make sure everything is perfectly planned.

I hope this overview has given you the information you need to feel confident in EF as an educational travel provider. Should you have any questions or need any additional information, please don't hesitate to reach out to me directly. EF is excited to partner with your school to bring this life-changing experiential learning opportunity to your students.

Sincerely,

Courtney Bonardi

**“I am now more confident than ever in the safety and experiences of my students after working with EF on this trip. As a leader, I am committed to ensuring a global mindset throughout my district and student/teacher travel.”**

**Angela M., Administrator, Brunswick, ME**

**“I advocate for travel because the world is vast and diverse. If we want to truly understand our neighbors in other states or countries, we must reach out and meet them where they live. Travel provides a glimpse into another world that our students may have Googled or watched on a device, but living it with the smells, food, smiles, and various challenges teaches flexibility, tolerance, understanding, and empathy.”**

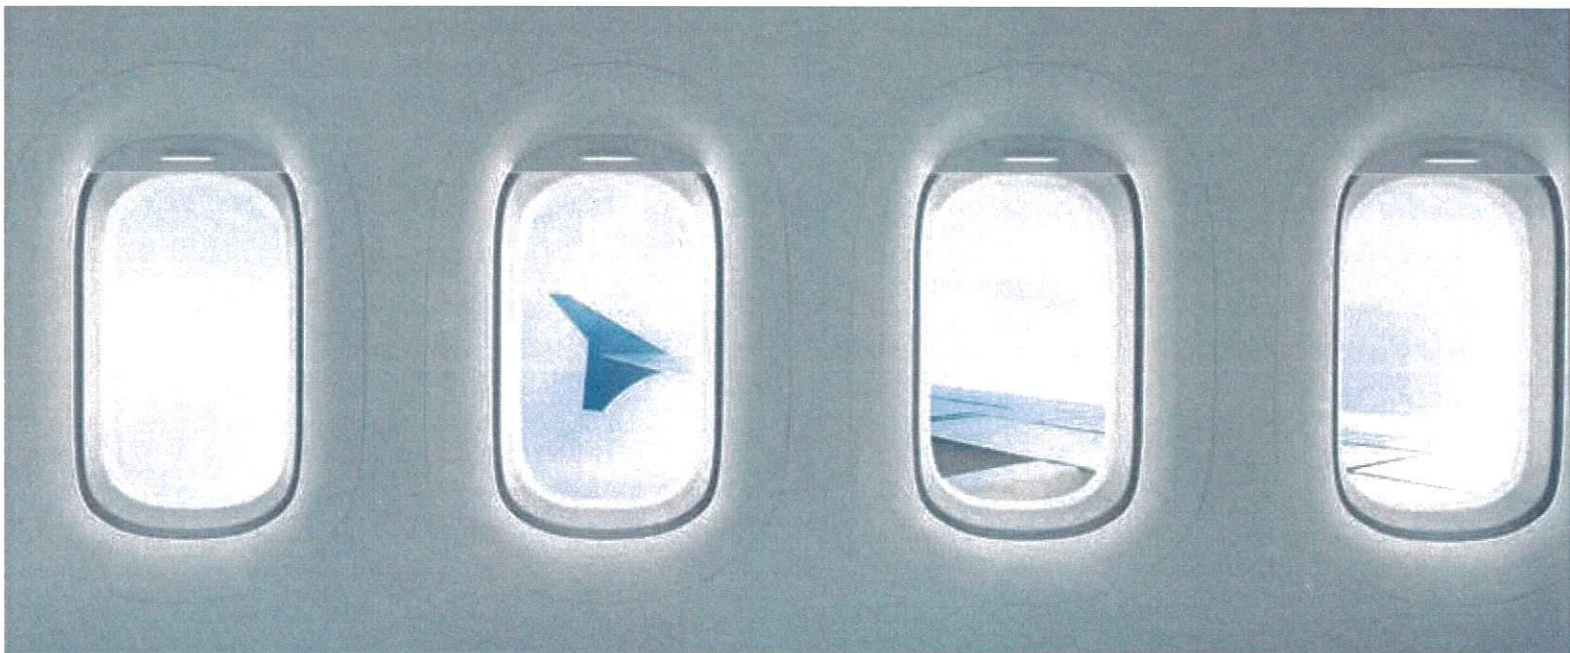

**- Chuck C., Group Leader, Central, SC**

### **From a single tour to a whole program**

A single tour can open up endless possibilities for a small group of students. Our goal at EF is to bring that experience to as many students as possible, including the broadest collection of students at your school. By progressing from a single tour to a consistent travel program, you'll not only build a culture of exploration, but you'll provide the opportunity of travel to even more students. We can work directly with you and your staff to establish a framework for your travel program that's tailored specifically to your school's needs and goals.

## GLOBAL TRAVEL PROTECTION PLAN

**TRAVEL BENEFIT GUIDE**

## Choosing Global Travel Protection

### Why Choose Global Travel Protection?

Specialty Insurance Solutions (SIS) has developed plans designed specifically for travelers on EF Educational Tours. Since some insurance companies do not provide adequate coverage for people traveling abroad, travelers can choose to enroll in SIS's EF Educational Tours Travel Protection Plan. The plan contains both insurance benefits as well as non-insurance assistance services. The plan's insurance benefits are summarized in this document.

### Global Travel Protection Helps You -

**Protect Your Investment** - Should a sudden illness, death in the family or involuntary job loss prevent you from taking the trip of a lifetime, this plan can help protect you from losing everything you spent on your trip.

**Protect Your Medical Expenses** - If you become sick or injured while traveling, your health insurance here at home may not cover it. This plan helps protect against medical expenses incurred while traveling.

**Protect Your Belongings** - This plan can help replace lost, stolen or damaged personal items.

### Our Focus Is Service

Specialty Insurance Solutions - As the program administrator for the EF Educational Tours Travel Protection Plans, we are here for you to answer benefit questions and assist with information about how to file a claim with the claims administrator - Seven Corners.

## Schedule Of Benefits

Court Ordered Appearance / Jury Duty	Military Duty for Natural Disaster Relief
Mental Illness (if hospitalized)	Traffic Accident
Hijacking	Quarantine (as defined in the Plan)
Theft of Passports or Visas	Residence Uninhabitable
Destination Accommodations Uninhabitable	

### Trip Interruption

Reimburses the unused, forfeited, prepaid non-refundable deposits paid for the land or water travel arrangements you purchased for your trip plus the additional transportation cost paid if you interrupt your trip due to a covered reason. (Separate coverage reasons apply.)

### Trip Delay

Reimburses you up to \$500 per day for local transportation, meals, accommodations & non-refundable, unused prepaid expenses if delayed 6 or more hours from the original departure time. (Separate coverage reasons apply.)

### Accident & Sickness Medical Expense

Covers medical treatment for a sickness or injury which occurs during your trip.

### Emergency Medical Evacuation/Repatriation

- We can pay the transportation expenses and evacuate you to the nearest appropriate medical facility if medically necessary.
- If you are hospitalized more than 3 consecutive days, we can pay the transportation expenses incurred to send dependent children home if traveling with you. Also, we can pay the transportation expenses incurred to send a person chosen by you to/from your bedside if you are traveling alone.
- If you die while traveling, we can pay the expenses to return your remains to your residence in the United States or to your place of burial.

### Insurance Benefits are not payable for any loss due to, arising or resulting from:

The following exclusion(s) appl(y)(ies) to the Trip Cancellation, Trip Interruption and Medical Expense coverages. We will not pay for any loss or expense caused due to, arising or resulting from:

1. a Pre-Existing Medical Condition, as defined in the certificate;
2. being arrested for a DUI/ DWI and as result, being admitted into a (i) drug, marijuana or alcohol treatment facility; (ii) jail; or (iii) awaiting trial.  
Death resulting from a Pre-Existing Medical Condition will not be excluded. Death must occur prior to the termination date of the benefit under which the claim is being made.

The following exclusions apply to the Medical Expense benefits.

We will not pay for any loss or expense caused due to, arising or resulting from:

1. routine physical examinations or routine dental care;
2. traveling for the purpose or intent of securing medical treatment or advice;
3. any Trip taken against the advice of a Physician and any losses occurred during such Trip;
4. physical therapy or occupational therapy;
5. Experimental or Investigative treatment or procedures;
6. Elective Treatment and Procedures;
7. care or treatment which is not Medically Necessary, except for related reconstructive surgery resulting from trauma, infection or disease that first manifests or occurred during Your Trip;
8. any medical service provided by You or a Family Member;
9. any treatment or medication which, at the time of Your Scheduled Departure Date, is required to be continued during Your Trip;
10. Alcohol, marijuana abuse or substance abuse or treatment for the same including admittance to a rehab facility;
11. Normal pregnancy (except Complications of Pregnancy) or childbirth, or elective abortion;
12. a Mental, Nervous or Psychological Condition or Disorder unless Hospitalized or Partially Hospitalized while the certificate is in effect;
13. any loss that results from an illness, disease or other condition, event or circumstance that occurs at a time when the certificate is not in effect for You;
14. diving if You are not certified to dive and a dive master is not present during the dive.

In addition to any applicable benefit-specific exclusion, the following general exclusions apply to all losses and all benefits.

We will not pay for any loss or expense caused due to, arising or resulting from:

1. being under the influence of drugs, marijuana or narcotics, unless administered upon the advice of a Physician as prescribed;

8. a loss or damage caused by detention, confiscation or destruction by customs;
9. failure of any tour operator, Common Carrier, or other travel entity, person or agency to provide the bargained-for Travel Arrangements for reasons other than Financial Insolvency or Financial Default. Important: there is no coverage for losses due to, arising or resulting from the Financial Insolvency or Financial Default of Your Travel Supplier or any entity that sold, solicited, negotiated, offered or disseminated this certificate to You;
10. Financial Insolvency or Financial Default or failure to supply services by a Travel Supplier;
11. gross negligence, or Willful and Wanton conduct by You.

### MEDICALLY FIT TO TRAVEL EXCLUSION:

We will not pay any expense as a result of You having been advised in writing that are not Medically Fit to Travel at the time of purchase of coverage for a Trip, as defined in the certificate. If coverage for a Trip is purchased and it is later determined that You were not Medically Fit to Travel at the time of purchase of coverage for Your Trip, as defined in the certificate, the coverage is void and premium paid will be returned.

## Excess Insurance Limitation

Insurance provided by this certificate shall be in excess of all other valid and collectible insurance or indemnity or as required by state law. If at the time of the occurrence of any loss there is other valid and collectible insurance or indemnity in place, We shall be liable only for the excess of the amount of loss, over the amount of such other insurance or indemnity, and applicable deductible. Recovery of losses from other parties does not result in a refund of premium paid.

## Morning Weight Room Supervisors

In an effort to provide our student athletes with an opportunity to access the high school weight room and use the equipment properly and efficiently, the weight room supervisors will:

- Be familiar with the use and function of the cardiovascular and weight training equipment.
- Provide students consistent morning access to the high school weight room: Monday through Thursday.
- Work with coaches to facilitate off season conditioning or weight training programs.
- Implement and guide students in a warm up routine in preparation for their work out.
- Instruct students on proper usage of all equipment when needed.
- Ensure participants use safe lifting techniques and do not allow dangerous behavior at all times.
- Guide participants in implementing training programs aimed at enhancing their strength and conditioning.
- Ensure weights and equipment are put away and organized at the end of the session.
- Lock all doors prior to leaving

I would like to formally submit my resignation from the position of High School Assistant Basketball coach. I've added more responsibilities to my workload at Frenchtown this year, and I don't feel like I can perform them at a high level unless I resign from this position. I want to thank Coach Robbins for bringing me on and allowing me to be a part of his staff for the last 3 seasons. I look forward to watching him build on the success we have had together.

Good morning,

Please accept this email as my notice of resignation. My last day will be September 19, 2022. I have enjoyed my time with the district.

Thank you,  
Nina

September 6, 2022

Mr. Les Meyer  
Superintendent  
Frenchtown School District  
Frenchtown, Montana 59834

Dear Mr. Meyer:

It is with greatly mixed feelings that I submit this letter informing you and the School Board of my intention to retire at the Christmas holidays. My time with the Frenchtown School District (FTSD) was a dream come true. I received my undergraduate degree in art education with the goal of teaching first and foremost in my plans. However, as happens, life takes turns, and I ended up working in the field of social justice for battered women and their children for 20 years. This was a passion, and during those years I received my MA in Counseling and Educational Psychology. After a long career as a "social justice warrior," I was delighted to finally get to the opportunity to slow down and teach art for FTSD. Slowing down did not quite happen. When asked what I do for a living, I say, "I have the greatest job in the world. I am an art teacher."

If I were a younger woman, I would continue this work that I love for years. Unfortunately, I am not getting any younger, and I find myself physically unable to do the work in the manner I feel it deserves, and sadly, I find myself yearning for days that are not quite so demanding and that leave me energy to do other things I enjoy, especially with my family.

I thank you, the School Board, and all my colleagues for such a wonderful experience over these 15 years. It is much to my delight whenever I go out in Missoula or Frenchtown, I run into one or two ex-students. Their warm greetings and thanks for their time with me make me feel that this is a career of substance, and I am so proud. I leave knowing that I touched student's lives, but not nearly to the degree they touched mine. They are always and forever "my kids," and I will hold the memories of my time spend with them near to my heart.

Warmest regards,

Sue Dansie  
Art Educator

Les/Sean,

Attached is a revised estimate that includes changing the carpet line item to match the cost of the carpet tile currently upstairs outside of the library. The carpet replacement includes room 114, the office of 114, and the library. We have a supplement to insurance that was approved in the amount of \$59,428.65 which would bring the change order difference to \$21,619.30 to go with the carpet tile. This does not include any additional contents charges to move items at the time of installation as that would be billed to insurance through our contents department.

Please feel free to reach out to me with any questions you may have about this, I am happy to look for other options of carpet tile with you if that is something you would like to explore.

3 **INSTRUCTION**

4  
5 Health Enhancement

6  
7 Health, family life, and sex education, including information about parts of the body, reproduction, and  
8 related topics, will be included in the instructional program as appropriate to grade level and course of  
9 study. An instructional approach will be developed after consultation with parents and other community  
10 representatives. Parents and guardians may ask to review materials to be used and may request that their  
11 child be excluded from human sexuality education or instruction class sessions without prejudice in  
12 accordance with Policy 3120. The District will notify parents and guardians 48 hours prior to any event,  
13 assembly, or introduction of materials for instructional use on the topic of human sexuality. Notification  
14 of parent or guardian rights under this policy will be issued on an annual basis.

15  
16 For purposes of this Policy, "human sexuality education or instruction" means teaching or otherwise  
17 providing information about human sexuality, including intimate relationships, human sexual anatomy,  
18 sexual reproduction, sexually transmitted infections, sexual acts, sexual orientation, gender identity,  
19 abstinence, contraception, or reproductive rights and responsibilities.

20  
21 AIDS Education and Prevention

22  
23 The Board believes HIV/AIDS and other STD/STI instruction is most effective when integrated into a  
24 comprehensive health education program. Instruction must be appropriate to grade level and  
25 development of students and must occur in a systematic manner. The Board particularly desires that  
26 students receive proper education about HIV and other STD/STI's, before they reach the age when they  
27 may adopt behaviors which put them at risk of contracting the disease.

28  
29 In order for education about HIV and other STD/STI's to be most effective, the Superintendent will  
30 require that faculty members who present this instruction receive continuing in-service training which  
31 includes appropriate teaching strategies and techniques. Other staff members not involved in direct  
32 instruction, but who have contact with students, will receive basic information about HIV/AIDS and other  
33 STD/STI's and instruction in use of universal precautions when dealing with body fluids. In accordance  
34 with Board policy, parents will have an opportunity to review the HIV/STD/STI education program,  
35 before it is presented to students.

## FINANCIAL/BUSINESS MANAGER REPORT

### General Financial Info:

Preliminary Revenues vs. Actual Expenditures are as follows:

Total Revenues Received YTD August 2022:	\$1,234,643.46
Total Expenditures Committed YTD August 2022:	\$1,113,087.06

### Expenditures August 2022:

For the General Fund in August 2022, expenditures (including encumbrances) total \$292,342.48. For comparison, expenditures in the General Fund for August 2021 were \$191,993.37.

Total expenditures (including encumbrances) for all funds in August 2022 were \$510,832.98 compared to \$949,426.42 in August 2021. This decrease is due to the significant technology replacement purchases in July 2021 using ESSER funds.

Encumbrances are items in purchase order status – the expenditure is committed but not yet paid.

### Cash Transfers for August 2022:

Payroll:	\$ 224,339.92
Claims:	<u>\$1,162,718.56</u>
Total	\$1,387,058.48

Cash transfers represent actual payments made in the current month, which could include items from a previous month (or fiscal year) in purchase order status.

A full claims warrant report is in your packet.

Student Activity Fund: The report is in your packet.
