

## 23-24 FACE Handbook Changes

### **Attendance Matters!**

You are required to commit yourself to being on time and attending school each day. Since your schooling begins at 10:00 a.m. you will be able to be on time. Much of F.A.C.E work is completed independently; however, in order to receive credit for independent work, a student must attend 80% of FACE classroom hours in person. **If you fail to meet the attendance requirement, in either your junior or senior year, you may still be able to earn your diploma, but you will not be able to participate in the graduation ceremony or other senior activities.**

### **Credits and Grading**

You will give 100% effort every day. Through that effort, you will garner the state requirement of 20 credits in order to graduate. Grading scales will be based on the ones employed by the online instructors or the one employed by the director when he is grading work. **Your transcript will be marked with “State Standards.”**

### **Early Graduation**

Upon completion of credits, students will complete check out sheets (on the last day of first semester of senior year or at the end of second semester senior year on the day of graduation practice).

### **Enrollment**

Enrollment in F.A.C.E. is based on a team decision. The team will look at the applications and each individual applicant to determine if you will be a successful F.A.C.E. candidate. There is limited space in our alternative school. The decision of the team to accept you is not based on a first-come, first-served basis or on an age appropriate decision. The team retains the right to refuse any candidate. **Once you enroll in F.A.C.E you are not allowed to transition back into the main building.** There are no last minute additions to F.A.C.E.. All applications are due in **April of sophomore or junior year.** It is rare, but a student may be admitted after those dates if there are extenuating circumstances.

### **Lunch**

**F.A.C.E. is an “open campus” for lunch.** This means you may leave campus during lunch. You must return at the designated time after lunch or you will be marked tardy.

Lunch: you may also bring a sack lunch or get a school lunch. If you choose to get school lunch, you will go into FHS, get a lunch and then bring it back to F.A.C.E..
