Wednesday, December 1st	FP Book Fair and Cocoa Social; 6:00pm

**FP School Level Data- 2021 RICAS Scores:** I know the news about RICAS was pretty bleak for the State of RI, so we were excited to see that we made such great progress during such a difficult year. I am happy to report that FP realized a 14% increase in math from the 2019 RICAS administration, with 66.4% of our students meeting or exceeding expectations. In ELA, we realized a 5.8% increase from the 2019 RICAS administration, with 64.9% of our students meeting or exceeding expectations. We are on the right track! Let's keep working hard, learning and growing together!!! Student level data will be coming out to schools and then sent home to families mid-November.

**Blessings in a Backpack:** Ms. Glover will be sending home paper copies of information regarding NK's Blessings in a Backpack program. If your family could benefit from the Blessing's resources, please feel free to fill out the form and send it back to the school.
