

Knox Trail Connect

OCTOBER 2022

START OF THE YEAR!

The school year is off to a great start! Students have been very busy learning routines and schedules as well as participating in an advisory block. During this month's advisory block, students worked to create a social contract including school wide rules suggested by the students that will help Knox Trail to be a better school. October's advisory block focuses on Courage. Each student will participate in creating a rock garden for our school. Keep an eye out for the garden in the front of the school.
