

COMPOST THAT PUMPKIN!

Composting pumpkins allows nutrients and water to feed Illinois soil, not landfills! During the month of November compost your pumpkin at one of the locations listed below and you will be entered to win a \$50 VISA Gift Card. Students must be enrolled at a participating Madison County Green School.

Did you know that food waste makes up 30% of landfill space?

When composting your pumpkin take a picture (selfies encouraged!) and email it to bnlutz@co.madison.il.us. In your email you must include these three items:

- Your name
- Your school
- One sentence explaining why you compost or what you like about composting

The winner will be announced December 1st.

Upon submission, Madison County reserves the right to use, distribute, and publish the pictures for promotional purposes unless otherwise stated in the submission email.

LOOK FOR A PUMPKIN COLLECTION BIN AT ONE OF THESE LOCATIONS!

WILLOUGHBY FARMS, 631 WILLOUGHBY LN., COLLINSVILLE IL, 62234
