

How School districts in Steuben County Use their Survey Data

- Shares data with their BOE's to help make decisions on prevention programs.
- Student Support Teams at each school looks at the data to determine education, prevention and treatment decisions.
- Justifies using outside prevention provider services.
- Allows their school district to become more involved in the Steuben Prevention Coalition.
- Data is used to write grants for hiring At-Risk-Counselors and social workers.
- Data helps to make decisions about enrichment programming for their students.
- Have utilized outside speaker presentations on stress reduction, reduction of alcohol and other drugs.
- Have implemented Teen Intervene for individual counseling if a student is caught with alcohol, tobacco or drugs.
- Data resulted in speaking with coaches about sharing safe practices and shared hot line numbers with parents reporting underage drinking.
- Info is shared with PTO and parents.
