What You Need to Know for the School Election Today

Andrew CSD is asking for your support to reinstate the Physical Plant and Equipment Levy (PPEL).

The school board is in a great position to offset the levy to keep the current property tax rate at ~ \$11.61.

Passing the PPEL will...

- **NOT INCREASE PROPERTY TAXES**
- **Allow the school to replace our broken heating system**
- **Allow the school to utilize COVID funding to add fresh air intakes and air conditioning to:**
 - **keep our kids healthy**
 - **keep our kids in school on hot days**
 - **provide an optimal learning environment.**

Did you know...

- **The PPEL initially passed in our last election only to be overturned after an error was made in the auditor's office**
- **The PPEL requires 50% support to pass**
- **We need every Andrew resident to get to the polls today!!! Please encourage your friends and family to get out to vote and consider supporting our Amazing Andrew School!**
