Ofc.217-586-2161 Fax 217-586-7591

Estimated cost to the District for this request: \$75

June 8, 2022

Dani Tietz
Mahomet Daily, Ethos Publishing, LLC
PO Box 823
Mahomet, IL 61853
dani@mahometnew.com

Dear Mrs. Tietz:

This letter is in response to the Freedom of Information Act (hereinafter "FOIA" or "the Act") request you submitted to the District on June 1, 2022. You requested copies of the following documents:

- All communication to and from the Mahomet-Seymour School Board or any of its individual members about the YMCA and Kids Club from Jan 1, 2022 to June 1, 2002 and any communication to and from any representative of the YMCA during the same time period.

The following documents are responsive to your request and are submitted herewith:

- All communication to and from the Mahomet-Seymour School Board or any of its individual members about the YMCA and Kids Club from Jan 1, 2022 to June 1, 2002 and any communication to and from any representative of the YMCA during the same time period.

Pursuant to Section 9(a) of the Freedom of Information Act, 5 ILCS 140/9(a), you are hereby notified that this decision was made by Dr. Lindsey Hall, Superintendent and FOIA Officer, and that you have a right to review by the Public Access Counselor:

Ms. Sarah Pratt
Public Access Counselor
Office of the Attorney General
500 S. 2nd Street
Springfield, IL 62706
Telephone: 312-814-5526 or 1-877-299-FOIA (1-877-299-3642)
Facsimile: 217-782-1396
E-mail: public.access@ilag.gov

You are further notified that you have the right to judicial review as provided in Section 11 of the Act, 5 ILCS 140/11.

Sincerely,

A handwritten signature in black ink that reads "Lindsey A. Hall". The signature is written in a cursive style.

Dr. Lindsey Hall, Superintendent and FOIA Officer

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dr. Nicole Rummel

Subject: Kids Club

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Subject: Re: Kids Club

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks-spring, summer and Christmas.A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we

have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks- spring, summer and Christmas. A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here,

my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,

Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Board of Education, ↑

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks- spring, summer and Christmas. A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with eachother. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

hi Jeff,

Our Board of Education honored and acknowledged this year's retirees with a reception ahead of the Board mtg and recognition in the board meeting:

- Nita Bachman, District Nurse
- Sandy Borrelli, Occupational Therapist
- Beth Dunlap, Jr. High Teacher
- Lindsey Hall, Superintendent
- Kim Johnson, K-5 Instructional Coach
- Rita Norris, Bus Driver
- Laurie Pulkrabek, Paraprofessional
- Tina Rausch, Educational Office Professional
- Kristi Seaman, Accounts Payable
- Alice Smith, Jr. High Special Ed Teacher
- Brenda Stout, Hearing Impaired Teacher
- Steve Tate, Head Custodian at M-S High School

The Board also voted to move ahead with the Request For Qualifications (RFQ) Process for a Construction Manage At-Risk. This is so if our bond issue passes on June 28, this is teed up and ready to go if the Board chooses to go this direction.

Also approved a boat load of textbooks for next year, and discussed the possibility of transitioning our after school program to the YMCA.

Hope this helps!

Thank you!

Lindsey

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dr. Nicole Rummel

Subject: Re: 5/16 agenda

I will have the YMCA/District agreement for after-school care. That should be ready for this month.

Do we want Kevin to come talk about the grant? Maybe a 5-10 min presentation? I think it is helpful even without the position for them to know more about.

I'm not sure I can have the consolidated grant ready by next week, but I can try.

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Subject: Kids Club

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Subject: Re: Kids Club

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids Club for School Year 2022-2023

Dear Mr. McComb,

I am a parent of a student at Middleton Prairie Elementary. I am writing to you so that you can share my sentiments with the other board members at the appropriate time regarding the continuation of Kids Club at the district.

I cannot tell you how thankful I am that I have a safe and fun learning environment for my child after school. My son, Quentin, absolutely loves being able to spend time with his friends at Kids Club while my wife and I are at work. Good after school care is difficult to find, but a necessity for working families.

Kids Club is extremely important to me and to many parents like me who need good after school care for their children. This year, I have heard that Kids Club may be reduced in scope and potentially turned over to the YMCA.

In short, I do not think Kids Club should be reduced in its capacity. If anything, we need more capable caregivers to be employed by the district from our community to help with the growing number of children and their families in the area. I, and many parents like me, am willing to pay more for these services should it be required.

To the second point, while I believe the YMCA is a good institution, I also believe that our community is better served by folks who are employed by the district and have vested interests in our children here. I would like for Kids Club to continue to be run by and staffed by the district, for the benefit it provides our community.

I hope you are able to share these sentiments with your fellow board members and I hope the right decisions are made regarding the school's after school care programs.

Kind Regards,

Chadwick Becker

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks- spring, summer and Christmas. A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Subject: Re: Kids Club

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks-spring, summer and Christmas.A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trial on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks- spring, summer and Christmas. A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dr. Nicole Rummel

Subject: Kids Club

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Subject: Re: Kids Club

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Katie,

Thanks for your email. Will you please tell me more about your worry that there will be fewer Mahomet folks working at Kids Club? At the presentation, Jeff said that they planned to hire our same people, pay them more and give them additional perks. I'm worried that you have information that wasn't shared at the meeting that we need to know about.

Thank you!

Sunny

Hi Sunny,

Thanks for reading my email! I can only speak for the MPE side, I'm not sure they will apply to YMCA for Kid's club because they will lose their retirement through the district. Bc they will not be school employees anymore.

That's all I have heard.

Thanks,
Katie Pabst

Katie,

Thanks for your email. Will you please tell me more about your worry that there will be fewer Mahomet folks working at Kids Club? At the presentation, Jeff said that they planned to hire our same people, pay them more and give them additional perks. I'm worried that you have information that wasn't shared at the meeting that we need to know about.

Thank you!

Sunny

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Hi Sunny,

Thanks for reading my email! I can only speak for the MPE side, I'm not sure they will apply to YMCA for Kid's club because they will lose their retirement through the district. Bc they will not be school employees anymore.

That's all I have heard.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks-spring, summer and Christmas.A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trial on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

MPE Staff

(lunch/playground supervisor and kids club)

Subject: Re: 5/16 agenda

I will have the YMCA/District agreement for after-school care. That should be ready for this month.

Do we want Kevin to come talk about the grant? Maybe a 5-10 min presentation? I think it is helpful even without the position for them to know more about.

I'm not sure I can have the consolidated grant ready by next week, but I can try.

Sounds good--I think I will give the board the heads up in advance about moving to the YMCA to manage before/after school care.
Let's talk about what a presentation from Kevin would look like--I'm great with him coming but our work with the u of i seems to be a sore point with a few board members.
Let's save the grant for June.

Subject: Re: 5/16 agenda

I have spoken to principals and meet with Philisha and Dianne later this week.

YMCA has all our information for them to determine that taking over the program is a good fit for them. We will meet one more time and hammer out the details. I'm happy to type something up for late this week, early next week. Until I hear back definitely from the Y, I've not spoken to any of our current employees.

I can type something up for you if that's helpful.

The presentation I was thinking of would focus on the community aspect of the grant and how this grant is helping our community. I think it would be helpful for the Board to have accurate information before they start hearing things that might not be true in the community.

Subject: Re: 5/16 agenda

Lindsey,

I was thinking something like this:

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our

school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Jeff,

Thank you for reaching out. My plan this month is to just share with the Board the reasoning behind the proposed change and provide them an opportunity to ask questions. I received just a couple of questions earlier this week (after sending them an email), but I'm sure there will be more Monday night.

I would say at this point, we will answer what we can and let them know that many of the details are still being worked out. Nothing formal needs to be prepared at this point.

The Board meetings are at 7:00 in the room we met in this week with Megan and Ryan. You will enter through the west doors labeled gym and not the administrative office.

Thank you,

Subject: Board Meeting

Nicole,

Thanks so much for inviting us to the meeting last night. We really appreciated the opportunity to talk with the BOD. (sorry we were too loud in the hall after we left)

We would like to also have a discussion with you about the before school program. We talked with the two ladies who were at the meeting. They said that they only work in the before care program for about 45 minutes before the kids come for breakfast (kids not in before care). The model of mixing the before school kids with kids not in the program works well when the employees are easily transitioned from the program to school employees. However, that model would be a little messy with kids in the Y program mixing with kids in the cafeteria before school. Wondering what we can do to solve that problem...They were very concerned about their IMRF situation. One of the ladies was delightful and super kind, asking tons of good questions. The other lady was clearly very angry, not necessarily with us, and said absolutely nothing.

Let me know what exactly you would like to see from our proposal about the program. I have lots of things that we could include.

I think I can have this ready in the next couple of days.

Thanks again,
Jeff Scott

Subject: Re: Board Meeting

Jeff,

Thank you so much for coming last night. I've had lots of positive feedback. You and Jeff did a great job.

We probably need to touch base with regards to morning care. The before school currently starts at 7:00. Our staff that can supervise do not arrive until 7:45. My recommendation would be to have Y staff arrive at 7:00 and then we would have staff come in at 7:45. Our staff could then "take over" supervision of all students and your staff could work on cleaning up their area. The time might be slightly different at LT. If we have staff that we "share" we could look at paying them (district) starting at 7:45 when the building opens to all kids.

With regards to Amy and Josie, I have met with both of them. They were hopeful that I would give them another year to try to solve the issues with Kids Club. However, after listening to their proposal there are still too many things to work out and we are left with many of the same issues we are currently facing. Please know that we have offered them full-time employment in the district in a position for which they are qualified. This would allow them to stay with their IMRF.

Let me know when you might want to chat about morning care. I would want to bring the principals into that discussion as they are more familiar with supervision schedules.

Thanks Nicole,

We could be available about any time Thursday except from 11-2. We could do a zoom meeting so nobody has to leave their buildings...I wouldn't expect it should take too long.

I do think the logistics of the morning are a little trickier than the after school portion due to the short time frame.

Let me know and I can send a Zoom if that is what everyone prefers.

Thanks,
Jeff

Subject: Re: Board Meeting

Jeff,

Thank you so much for coming last night. I've had lots of positive feedback. You and Jeff did a great job.

We probably need to touch base with regards to morning care. The before school currently starts at 7:00. Our staff that can supervise do not arrive until 7:45. My recommendation would be to have Y staff arrive at 7:00 and then we would have staff come in at 7:45. Our staff could then "take over" supervision of all students and your staff could work on cleaning up their area. The time might be slightly different at LT. If we have staff that we "share" we could look at paying them (district) starting at 7:45 when the building opens to all kids.

With regards to Amy and Josie, I have met with both of them. They were hopeful that I would give them another year to try to solve the issues with Kids Club. However, after listening to their proposal there are still too many things to work out and we are left with many of the same issues we are currently facing. Please know that we have offered them full-time employment in the district in a position for which they are qualified. This would allow them to stay with their IMRF.

Let me know when you might want to chat about morning care. I would want to bring the principals into that discussion as they are more familiar with supervision schedules.

Thanks again,

Nicole,

Thanks so much for inviting us to the meeting last night. We really appreciated the opportunity to talk with the BOD. (sorry we were too loud in the hall after we left)

We would like to also have a discussion with you about the before school program. We talked with the two ladies who were at the meeting. They said that they only work in the before care program for about 45 minutes before the kids come for breakfast (kids not in before care). The model of mixing the before school kids with kids not in the program works well when the employees are easily transitioned from the program to school employees. However, that model would be a little messy with kids in the Y program mixing with kids in the cafeteria before school. Wondering what we can do to solve that problem...They were very concerned about their IMRF situation. One of the ladies was delightful and super kind, asking tons of good questions. The other lady was clearly very angry, not necessarily with us, and said absolutely nothing.

Let me know what exactly you would like to see from our proposal about the program. I have lots of things that we could include.

I think I can have this ready in the next couple of days.

Thanks again,
Jeff Scott

Subject: Proposes Change to Childcare

Dr. Rummel,

I watched the board meeting on Monday and listened to the proposed changes for childcare in the district. If this were to happen, do you know if staff will still be given preference and a district employee discount? As a junior high teacher who works until 4-4:30 with a young child in the district who gets dismissed at 2:30, it would be rather challenging if I am unable to have childcare in the district for my son like I do this year. I hope that staff presence and discounts would still apply if changes are made. Also, I'm assuming that the YMCA childcare programs would still remain in the buildings, but that wasn't specifically mentioned if I recall.

Thank you for taking the time to answer my questions, I really appreciate it!

Good Morning, Nicole.

There will be a set of seats reserved for staff children at each building. The care will still be at MPE (K-2) and LT (3-5). The YMCA is aware that the staff currently receives a discount. I'm not 100% sure where they will land when they send their proposal, but that was definitely part of the discussion.

Nicole,

I also want to make sure that we point out the before school omission.

I am not comfortable including that right now. If that becomes something that is absolutely necessary, we can discuss it in more detail. I just thought there were still some significant questions to answer and procedures to iron out that I was hesitant to include it.

Hope all is well and of course, let me know if there are questions.

Thanks
Jeff

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Subject: Kids Club

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and

LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel
Assistant Superintendent
Mahomet-Seymour CUSD #3
217-586-2161

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Subject: Kids club

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks-spring, summer and Christmas.A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I

have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trial on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here, my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with each other. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,
Josie Thompson

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dr. Nicole Rummel

Jeff,

Attached are our current family rates. We didn't talk about an employee discount. I wasn't sure if that was possible.

Also, in checking...our most senior worker makes \$16.73. The site lead at the other building currently makes \$15.00. Adult workers start at \$13.00. HS workers over 18 make \$12 and all other HS workers make \$9.25. Philisha makes approx. \$9,270 to oversee the program at MPE.

I've not had a chance to talk with Philisha to gauge interest in working with you next year. However, I think that can come later.

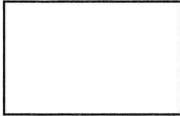

In terms of space, we have a standard building agreement. I'm not sure, do you pay a small usage fee in the other buildings to cover operating costs?

If your team is interested in moving forward, I would like to meet again and hammer out the

details. Schedule a meeting to talk to my current staff with a Y staff member present, and make a presentation to the Board of Education in May 16th.

Thanks,

Dr. Nicole Rummel

Jeff,

Attached are our current family rates. We didn't talk about an employee discount. I wasn't sure if that was possible.

Also, in checking...our most senior worker makes \$16.73. The site lead at the other building currently makes \$15.00. Adult workers start at \$13.00. HS workers over 18 make \$12 and all other HS workers make \$9.25. Philisha makes approx. \$9,270 to oversee the program at MPE.

I've not had a chance to talk with Philisha to gauge interest in working with you next year. However, I think that can come later.

In terms of space, we have a standard building agreement. I'm not sure, do you pay a small usage fee in the other buildings to cover operating costs?

Subject: RE: MS Kids Club

Nicole,

A couple of questions/thoughts after looking at a few things:

1. The numbers you provided, that's certainly more than the 100 kids you mentioned in the meeting last week. On average, you're looking at 130-140 kids per day at each school (depending on the day of the week). That is a lot to take on and something we'd have to consider in order to run it well.
2. With the larger numbers, we'd need a much space as possible to operate. We discussed the cafeteria and gym, but we think the library would be an ideal spot as part of a rotation of students. They wouldn't be touching/using the books. More so a space for kids to work on homework, color, read (if they have their own books), etc. Could that space be worked into the program?
3. If we move forward, we'd like to have discussions with each school's principal. We feel proper communication would be needed with the particular school admin staff in order to run it to the best of our ability. Is this something that is possible before the board meeting?

To answer a question in one of your previous emails, we do not pay a rental fee at our other after school sites. The only one that is different is our Champaign Church location and we pay a small cost per child in the program.

Let's keep the dialogue going so we can be prepared as possible.

Nicole,

Thanks for this information. For these rates, did they stay the same with school returning normally 5 days per week and normal length of time?

We'll dive into the numbers aspect of it and see what's possible for us. If we have any follow up questions, we'll be sure to reach out.

Thanks,

Subject: MS Kids Club

Jeff,

Attached are our current family rates. We didn't talk about an employee discount. I wasn't sure if that was possible.

Also, in checking...our most senior worker makes \$16.73. The site lead at the other building currently makes \$15.00. Adult workers start at \$13.00. HS workers over 18 make \$12 and all other HS workers make \$9.25. Philisha makes approx. \$9,270 to oversee the program at MPE.

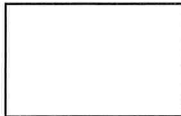

I've not had a chance to talk with Philisha to gauge interest in working with you next year. However, I think that can come later.

In terms of space, we have a standard building agreement. I'm not sure, do you pay a small usage fee in the other buildings to cover operating costs?

If your team is interested in moving forward, I would like to meet again and hammer out the details. Schedule a meeting to talk to my current staff with a Y staff member present, and make a presentation to the Board of Education in May 16th.

Thanks,

Dr. Nicole Rummel

Jeff,

I agree we need to be prepared and another meeting with the principals would be great. It looks like the principals and I are all available Monday from 10:00-1:00. Tuesday we are free from 8:00-10:00. Would either of those days/times work for you? I think the space is something we can discuss as part of that discussion.

With regards to the numbers, those are enrollment numbers, but daily attendance is usually in the 100 range. We've never had 130/140 kids present on a day. We are totally good with you handling registration however works best for you.

Thanks,

On Thu, May 5, 2022 at 10:11 AM Jeff Dobrik <Jeff@ccymca.net> wrote:

Nicole,

A couple of questions/thoughts after looking at a few things:

1. The numbers you provided, that's certainly more than the 100 kids you mentioned in the meeting last week. On average, you're looking at 130-140 kids per day at each school (depending on the day of the week). That is a lot to take on and something we'd have to consider in order to run it well.
2. With the larger numbers, we'd need a much space as possible to operate. We discussed the cafeteria and gym, but we think the library would be an ideal spot as part of a rotation of students. They wouldn't be touching/using the books. More so a space for kids to work on homework, color, read (if they have their own books), etc. Could that space be worked into the program?
3. If we move forward, we'd like to have discussions with each school's principal. We feel proper communication would be needed with the particular school admin staff in order to run it to the best of our ability. Is this something that is possible before the board meeting?

To answer a question in one of your previous emails, we do not pay a rental fee at our other after school sites. The only one that is different is our Champaign Church location and we pay a small cost per child in the program.

Let's keep the dialogue going so we can be prepared as possible.

Jeff,

I agree we need to be prepared and another meeting with the principals would be great. It looks like the principals and I are all available Monday from 10:00-1:00. Tuesday we are free from 8:00-10:00. Would either of those days/times work for you? I think the space is something we can discuss as part of that discussion.

With regards to the numbers, those are enrollment numbers, but daily attendance is usually in the 100 range. We've never had 130/140 kids present on a day. We are totally good with you handling registration however works best for you.

Thanks,

On Thu, May 5, 2022 at 10:11 AM Jeff Dobrik <Jeff@ccymca.net> wrote:

Nicole,

A couple of questions/thoughts after looking at a few things:

1. The numbers you provided, that's certainly more than the 100 kids you mentioned in the meeting last week. On average, you're looking at 130-140 kids per day at each school (depending on the day of the week). That is a lot to take on and

something we'd have to consider in order to run it well.

2. With the larger numbers, we'd need a much space as possible to operate. We discussed the cafeteria and gym, but we think the library would be an ideal spot as part of a rotation of students. They wouldn't be touching/using the books. More so a space for kids to work on homework, color, read (if they have their own books), etc. Could that space be worked into the program?
3. If we move forward, we'd like to have discussions with each school's principal. We feel proper communication would be needed with the particular school admin staff in order to run it to the best of our ability. Is this something that is possible before the board meeting?

To answer a question in one of your previous emails, we do not pay a rental fee at our other after school sites. The only one that is different is our Champaign Church location and we pay a small cost per child in the program.

Let's keep the dialogue going so we can be prepared as possible.

Jeff,

Here are our current numbers. We do not charge for days when school is not in session. This includes snow days or other emergency days.

Lincoln Trail After School

- 5 days: 97
- 4 days: 14
- 3 days: 18
- 2 days: 13

Lincoln Trail Before School

- 5 days: 40
- 4 days: 1
- 3 days: 1

Middletown Prairie After School

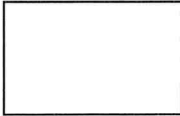

- 5 days: 88

- 4 days: 18
- 3 days: 16
- 2 days: 8

Middletown Prairie Before School

- 5 days: 25
- 4 days: 3
- 3 days: 1
- 2 days: 2

Jeff,

Attached are our current family rates. We didn't talk about an employee discount. I wasn't sure if that was possible.

Also, in checking...our most senior worker makes \$16.73. The site lead at the other building currently makes \$15.00. Adult workers start at \$13.00. HS workers over 18 make \$12 and all other HS workers make \$9.25. Philisha makes approx. \$9,270 to oversee the program at MPE.

I've not had a chance to talk with Philisha to gauge interest in working with you next year. However, I think that can come later.

In terms of space, we have a standard building agreement. I'm not sure, do you pay a small usage fee in the other buildings to cover operating costs?

If your team is interested in moving forward, I would like to meet again and hammer out the details. Schedule a meeting to talk to my current staff with a Y staff member present, and make a presentation to the Board of Education in May 16th.

Thanks,

Dr. Nicole Rummel

Jeff,

Thank you for reaching out. My plan this month is to just share with the Board the reasoning behind the proposed change and provide them an opportunity to ask questions. I received just a couple of questions earlier this week (after sending them an email), but I'm sure there will be more Monday night.

I would say at this point, we will answer what we can and let them know that many of the details are still being worked out. Nothing formal needs to be prepared at this point.

The Board meetings are at 7:00 in the room we met in this week with Megan and Ryan. You will enter through the west doors labeled gym and not the administrative office.

Thank you,

Jeff,

I know we won't present formally until the June Board meeting, but I thought it might be good to have a shell presentation ready.

I'm thinking then there would be somewhere to include information related to any questions that come up.

See you in a few.

Jennifer & Nicole,

Thanks for the introduction Nicole and helping us identify potential work-study students for the Kids Club program next year. I'm not sure what the timeline is for students to start securing employment for the work-study program, but I'd love the chance for the Y to be represented as an option for students. Whether that is coming and speaking about the program, schedule, etc. to holding interviews, please let me know what I can do to help provide opportunities for the students.

Jennifer,

I would like to "introduce" you to Jeff Dobrik. Jeff oversees YMCA programming. If you were able to catch the rest of the Board meeting Monday once you got home, you may have heard conversations about the YMCA Champaign potentially running Kids Club next year. The YMCA is very interested in hiring work-study students, so I wanted to help connect you two.

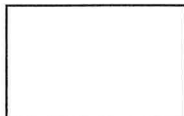

Let me know if there is anything more I can do to facilitate.

Best,

Dr. Nicole Rummel

Subject: YMCA & Mahomet Before/After School Proposal

Nicole,

Attached you'll find our proposal with the Y taking over the Kids Club program. Included are the monthly rates, days per week, and the spots allocated at each school. You can pass this along to the school board to look over before the meeting on June 20. From our conversation earlier this week, it sounds like the board would be in favor in us taking it over so if that is still the sense after they review the proposal, we'll get started on identifying a director right away.

If you have any questions at all, please let me know.

Thanks and have a great holiday weekend!

Subject: YMCA proposal

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

I will have the YMCA/District agreement for after-school care. That should be ready for this month.

Do we want Kevin to come talk about the grant? Maybe a 5-10 min presentation? I think it is helpful even without the position for them to know more about.

I'm not sure I can have the consolidated grant ready by next week, but I can try.

Subject: Re: 5/16 agenda

I have spoken to principals and meet with Philisha and Dianne later this week.

YMCA has all our information for them to determine that taking over the program is a good fit for them. We will meet one more time and hammer out the details. I'm happy to type something up for late this week, early next week. Until I hear back definitely from the Y, I've not spoken to any of our current employees.

I can type something up for you if that's helpful.

The presentation I was thinking of would focus on the community aspect of the grant and how this grant is helping our community. I think it would be helpful for the Board to have accurate information before they start hearing things that might not be true in the community.

OK that sounds good...

I was thinking next week to send something to the board--maybe Tuesday or Wednesday--then there'd be time to tell the employees about the change. I assume the YMCA would consider hiring them?

The update about the grant sounds great, and I agree with the approach---do you want him to just speak during your update or as a separate agenda item?

thanks!

Subject: Re: 5/16 agenda

Lindsey,

I was thinking something like this:

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our

school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

OK that sounds good...

I was thinking next week to send something to the board--maybe Tuesday or Wednesday--then there'd be time to tell the employees about the change. I assume the YMCA would consider hiring them?

The update about the grant sounds great, and I agree with the approach---do you want him to just speak during your update or as a separate agenda item?

thanks!

Lindsey

On Wed, May 4, 2022 at 12:25 PM Nicole Rummel <nrummel@ms.k12.il.us> wrote:

I have spoken to principals and meet with Philisha and Dianne later this week.

YMCA has all our information for them to determine that taking over the program is a good fit for them. We will meet one more time and hammer out the details. I'm happy to type something up for late this week, early next week. Until I hear back definitely from the Y, I've not spoken to any of our current employees.

I can type something up for you if that's helpful.

The presentation I was thinking of would focus on the community aspect of the grant and how this grant is helping our community. I think it would be helpful for the Board to have accurate information before they start hearing things that might not be true in the community.

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Sunny,

Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Dr. Nicole Rummel

Subject: Kid's Club Feedback

Hello MS Board,

I would like to offer some feedback on the topic of outsourcing the Kid's Club program to the YMCA. First, I know they have not given the new prices yet but we all know the prices are going to go up significantly if we decide to go with the YMCA. This past year we have already seen the prices of lunches and Kids Club go up. You are also asking that we raise our taxes with the Referendum on the ballot and now this. My family would not be eligible for payment assistance nor any scholarships to help pay for the increased prices. Second, I know that staffing has been an issue. Staffing is an issue everywhere, I do not feel outsourcing to the YMCA would automatically fix that issue. We have great local folks who run Kid's Club now that may not want to apply with the YMCA. I like knowing the people from our community (Mahomet) are staffing the Kid's Club program. If outsourced to the YMCA, it most likely will be less local (Mahomet) help.

With all that being said, my family is NOT in favor of outsourcing this program.

Please take all that into consideration before the vote next month.

Thanks,
Katie Pabst

Thank you for getting this out so early!

On Tue, May 31, 2022 at 7:42 AM Nicole Rummel <nrummel@ms.k12.il.us> wrote:

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dear Board Members,

My name is Josie Thompson, I am writing in regards to Kids Club being outsourced to the YMCA. I am a current employee at MPE I work approximately 7.75 hours per day. My day begins at 7am with kids club, I also work breakfast, lunch and evening kids club which ends at 6pm. While everything in Nicole Rummels presentation seemed wonderful on there were some points she didn't address.

First the impact to current staff. The biggest factor for those of us that work in Kids club is that if we are not full time with the school district then we will not qualify for the IMRF (Illinois Municipal Retirement Fund). We currently contribute to the IMRF and for those of us in our mid to late 50's, like myself, we would like to keep it. The YMCA does offer a retirement however, we

have to work 2 years to qualify (so for myself I wouldn't qualify until I'm 59.5 years old) and have 1000 hours, meaning we would have to work breaks-spring, summer and Christmas.A benefit we have working for the district is that we get the same holidays and breaks as our kids or in my case my grandchildren. I watch my grandsons during the summer and my granddaughter who lives out of state visits us 2 weeks in the summer. If I have to work summers to qualify for retirement then I lose this precious time with my grandchildren. And this creates a financial burden for my son and daughter in law to have to pay for care during breaks.

Five of the staff members that work for kids club at MPE also work as lunch/playground supervisors. If kids club is out sourced then those people are considering looking for other jobs. That now causes a problem for lunch also. Employment is NOT guaranteed for current staff with the Y. We would have to apply just like everyone else.

Middletown Prairie Kids club runs seamlessly. We rarely contact Philisha Paragi and we are fully staffed. Lincoln Trail on the other hand has staffing issues not just for kids club but also lunch aids. Staffing issues are EVERYWHERE! You cannot walk in to a business that isn't having staffing issues. Covid has done that. And if Nicole Rummel can't get people then who can the Y get? We will have strangers from Champaign or beyond watching OUR KIDS. Bringing in college students who are on campus and going to classes with hundreds of other people, and other college activities and are exposed to hundreds of people a day. There is an inherent covid risk.

Nicole said there was an issue of high school students not having a vehicle to get to MPE. We have been told by our student workers that friends applied, interviewed and then there was no follow up. It seems as if the ball was dropped somewhere.

All of the things that Jeff Scott said their program offers we do also. We provide snacks, homework help, free play, games books, crafts etc. But what we offer that the Y cannot is, we are invested in these children. We live here,

my grandsons go to school here. I see these children at breakfast, lunch and after school. I know when "Johnny" is having a bad day. I know the kids that need a hug, I know the ones that need a little encouragement. I know the kids that need a reminder to make good choices. I can let parents know oh hey "Sally" didn't eat her lunch today, she said her tummy hurt. The Y can't offer that.

We the kids club staff were informed of the possibility of the Y taking over on May 10th. On May 11th Amy Paris and I met with Nicole Rummel because we came up with a viable solution. Our MPE staff is strong we work well with eachother. We proposed that Amy go to LT as site supervisor and take 2 of our core staff, I would stay at MPE as site supervisor and keep 2 core staff and that we begin interviews now. On May 13th we had to contact Nicole to see if she had talked to Diane Bollman about our proposal and her reply was. "I believe that Diane still intends to give up her BLAST position. Also we cannot move employees from one building to another." I feel this is a cop out. I understand her frustration but we offered a solution and she just basically threw it in the trash. I am lead to believe that Diane Bollman and Philsha Paragi will also lose a substantial stipend.

All of this has been thrown at us and you the board last minute. I feel we are being rushed into decisions that will affect our kids. Amy and I just asked to let us see if we can turn LT kids club around. We would like the chance to save all of our jobs. We feel as though we are being punished because LT can't keep staff. I have no doubt Nicole Rummel and Diane Bollman are frustrated and just want to be done.

I myself have successfully run my own day care. I trained others how to meet DCFS standards. I participated in the USDA Food program. I had children in my care that were in CCRS. Amy has experience with kids club and a day care setting, she coordinates snacks and CCRS. Amy Paris and I are a good team we sit down each week and go over the calendar to make sure we are covered for the week. I feel if she is at LT and I am at MPE we can make both schools a stronger program.

I appreciate your time and if any of you have any questions I would be more than happy to meet with you.

Sincerely,

Josie Thompson

MPE Staff

I will have the YMCA/District agreement for after-school care. That should be ready for this month.

Do we want Kevin to come talk about the grant? Maybe a 5-10 min presentation? I think it is helpful even without the position for them to know more about.

I'm not sure I can have the consolidated grant ready by next week, but I can try.

Sounds good--I think I will give the board the heads up in advance about moving to the YMCA to manage before/after school care.

Let's talk about what a presentation from Kevin would look like--I'm great with him coming but our work with the u of i seems to be a sore point with a few board members.

Let's save the grant for June.

Lindsey

Nicole Rummel <nrummel@ms.k12.il.us>

Wed, May 4, 2022 at 12:25 PM

To: Lindsey Hall <lhall@ms.k12.il.us>

Cc: Christine Northrup <cnorthrup@ms.k12.il.us>, Heather Smith <hsmith@ms.k12.il.us>

I have spoken to principals and meet with Philisha and Dianne later this week.

YMCA has all our information for them to determine that taking over the program is a good fit for them. We will meet one more time and hammer out the details. I'm happy to type something up for late this week, early next week. Until I hear back definitely from the Y, I've not spoken to any of our current employees.

I can type something up for you if that's helpful.

The presentation I was thinking of would focus on the community aspect of the grant and how this grant is helping our community. I think it would be helpful for the Board to have accurate information before they start hearing things that might not be true in the community.

5/16 agenda

Lindsey Hall <lhall@ms.k12.il.us>

Wed, May 4, 2022 at 12:52 PM

To: Nicole Rummel <nrummel@ms.k12.il.us>

Cc: Christine Northrup <cnorthrup@ms.k12.il.us>, Heather Smith <hsmith@ms.k12.il.us>

OK that sounds good...

I was thinking next week to send something to the board--maybe Tuesday or Wednesday--then there'd be time to tell the employees about the change. I assume the YMCA would consider hiring them?

The update about the grant sounds great, and I agree with the approach---do you want him to just speak during your update or as a separate agenda item?

thanks!

Lindsey

Wed, May 4, 2022 at 1:13 PM

Lindsey,
I was thinking something like this:

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Jeff,

Attached are our current family rates. We didn't talk about an employee discount. I wasn't sure if that was possible.

Also, in checking...our most senior worker makes \$16.73. The site lead at the other building currently makes \$15.00. Adult workers start at \$13.00. HS workers over 18 make \$12 and all other HS workers make \$9.25. Philisha makes approx. \$9,270 to oversee the program at MPE.

I've not had a chance to talk with Philisha to gauge interest in working with you next year. However, I think that can come later.

In terms of space, we have a standard building agreement. I'm not sure, do you pay a small usage fee in the other buildings to cover operating costs?

If your team is interested in moving forward, I would like to meet again and hammer out the details. Schedule a meeting to talk to my current staff with a Y staff member present, and make a presentation to the Board of Education in May 16th.

Thanks,

Nicole,

Thanks for this information. For these rates, did they stay the same with school returning normally 5 days per week and normal length of time?

We'll dive into the numbers aspect of it and see what's possible for us. If we have any follow up questions, we'll be sure to reach out.

Thanks,

Thanks. Also, is there a way to get a breakdown on how many students attend the AM session as well as the PM. When we do the numbers, we cannot assume all children will need 5 days per week care so have to crunch the numbers accurately.

Finally, if school is out for that day, do parents still pay for that day? I doubt it with your payments being weekly, but wasn't sure.

Jeff,
Here are our current numbers. We do not charge for days when school is not in session. This includes snow days or other emergency days.

Lincoln Trail After School

- 5 days: 97
- 4 days: 14
- 3 days: 18
- 2 days: 13

Lincoln Trail Before School

- 5 days: 40
- 4 days: 1
- 3 days: 1

Middletown Prairie After School

- 5 days: 88
- 4 days: 18
- 3 days: 16
- 2 days: 8

Middletown Prairie Before School

- 5 days: 25
- 4 days: 3
- 3 days: 1
- 2 days: 2

Nicole,

A couple of questions/thoughts after looking at a few things:

1. The numbers you provided, that's certainly more than the 100 kids you mentioned in the meeting last week. On average, you're looking at 130-140 kids per day at each school (depending on the day of the week). That is a lot to take on and something we'd have to consider in order to run it well.
2. With the larger numbers, we'd need a much space as possible to operate. We discussed the cafeteria and gym, but we think the library would be an ideal spot as part of a rotation of students. They wouldn't be touching/using the books. More so a space for kids to work on homework, color, read (if they have their own books), etc. Could that space be worked into the program?
3. If we move forward, we'd like to have discussions with each school's principal. We feel proper communication would be needed with the particular school admin staff in order to run it to the best of our ability. Is this something that is possible before the board meeting?

To answer a question in one of your previous emails, we do not pay a rental fee at our other after school sites. The only one that is different is our Champaign Church location and we pay a small cost per child in the program.

Let's keep the dialogue going so we can be prepared as possible.

Thanks,

Jeff Dobrik

Jeff,

I agree we need to be prepared and another meeting with the principals would be great. It looks like the principals and I are all available Monday from 10:00-1:00. Tuesday we are free from 8:00-10:00. Would either of those days/times work for you? I think the space is something we can discuss as part of that discussion.

With regards to the numbers, those are enrollment numbers, but daily attendance is usually in the 100 range. We've never had 130/140 kids present on a day. We are totally good with you handling registration however works best for you.

Board of Education,

I will be including information in my Board report, but I did want to take some time and provide you with an overview in advance.

After many years of struggling with staffing, the district is recommending transitioning Kids Club to the YMCA of Champaign. The YMCA has a long history of childcare and currently has several before/after school care locations in Champaign County.

As part of the transition, the YMCA will offer employment and training to all current Kids Club staff at no less than their current rate of employment. Employees receive a free YMCA membership and have other employment opportunities including summer camps.

The YMCA will offer scholarships to families facing financial hardship. Families will have multiple options for care (e.g., 2x a week, 3x a week, before school only care, etc.). Families will be billed monthly and can change their childcare needs for the upcoming month. In terms of rates for families, there will be a Y-member rate and a non-member rate. The YMCA is in the process of reviewing our current fee structure to determine rates for families for next year.

Because of the size of our program, the YMCA will have a dedicated individual to oversee the program at the two buildings. The program will be staff at a ratio of 10:1 and will continue to be located in our current MPE and LT buildings. Because the YMCA has multiple sites, they will be able to pull staff from other school care sites or the YMCA-Champaign should one of our school sites be short staffed. The YMCA is committed to hiring employees from the Mahomet-Seymour community, including high school students. Staffing continues to be the biggest issue for the district-operated Kids Club.

The YMCA will enter into a building usage agreement with the district that outlines the spaces at MPE and LT that will be available to the YMCA for before/after school care.

Representatives from the YMCA will be present at the meeting this month to answer what questions they can. The formal request for action will be at the June meeting. The YMCA will need time between now and then to work with their Board and finalize numbers.

Please let me know in advance of the meeting if you have questions so I can do my best to secure answers.

Thank you,

Good morning, Nicole!

Thank you for this information!

A couple questions-- will there be a limit on how many children can attend? I know we have had caps before and wondered if that would still be in place?

If there is a limit to attendees, how will children be selected to attend? Will priority be given to current kids club attendees/ children of district employees/ other considerations?

Thanks!

Sunny

Sunny,
Due to space, there have always been caps and will have to continue to be caps on numbers.

Registration has always been a first-come/first-in type of registration. Staff kids are always admitted, and we have held spots for families on F/R lunch in the past. The Y is open to doing the same moving forward. So for example, if there are 90-100 spots at a location, we would do open registration for the first 80 seats. We then hold off filling the remaining 10-20 to ensure that staff and/or those on F/R were able to get in. We have found that sometimes families that are in poverty are also in crisis and at times need a little grace with registration deadlines.

I hope this helps.

Jennifer,

I would like to "introduce" you to Jeff Dobrik. Jeff oversees YMCA programming. If you were able to catch the rest of the Board meeting Monday once you got home, you may have heard conversations about the YMCA Champaign potentially running Kids Club next year. The YMCA is very interested in hiring work-study students, so I wanted to help connect you two.

Let me know if there is anything more I can do to facilitate.

Best,

Dr. Nicole Rummel

Thu, May 19, 2022 at 11:20 AM

To: Nicole Rummel <nrummel@ms.k12.il.us>, Jennifer Wherley <jwherley@ms.k12.il.us>

Jennifer & Nicole,

Thanks for the introduction Nicole and helping us identify potential work-study students for the Kids Club program next year. I'm not sure what the timeline is for students to start securing employment for the work-study program, but I'd love the chance for the Y to be represented as an option for students. Whether that is coming and speaking about the program, schedule, etc. to holding interviews, please let me know what I can do to help provide opportunities for the students.

Thanks,

Jeff Dobrik**COO**

Subject: Introduction

Jennifer,

I would like to "introduce" you to Jeff Dobrik. Jeff oversees YMCA programming. If you were able to catch the rest of the Board meeting Monday once you got home, you may have heard conversations about the YMCA Champaign potentially running Kids Club next year. The YMCA is very interested in hiring work-study students, so I wanted to help connect you two.

Let me know if there is anything more I can do to facilitate.

Best,

Dr. Nicole Rummel
Assistant Superintendent

YMCA proposal

2 messages

Nicole Rummel <nrummel@ms.k12.il.us>

Tue, May 31, 2022 at 7:42 AM

To: Board <board@ms.k12.il.us>, Lindsey Hall <lhall@ms.k12.il.us>, Dawn Quinley <dquinley@ms.k12.il.us>

Board,

The YMCA of Champaign wanted you to have their afterschool proposal as soon as possible for you to review. They would like to know sooner than later if you have any questions/concerns because they would like to start posting for the various positions that will be needed to make this plan work.

Please note that this proposal does not currently include before-school care. We are currently providing services to approximately 50 students before school between the two schools. Both building principals are willing to open at 7:45 for breakfast starting next year.

I will share that it is very uncommon for a school to have before-school care when a school starts at 8:00/8:10. Before-school care is usually associated with schools that start at 8:45-9:30 time.

Thank you,

Dr. Nicole Rummel
Assistant Superintendent

Mahomet Seymour Initial Proposal for Before and After School Programming

The following proposal from the Stephens Family YMCA is for the 2022-23 school year. The YMCA will provide after school services at both Lincoln Trail and Middletown Prairie schools. Currently, we are not including before school programming in this proposal. The details and differentiation of service providers is still unclear, and we are not comfortable with presenting this option. We are open to continuing this conversation and are still open to considering a plan. However, at this time, we cannot guarantee that we can do this programming. The details of our proposal are listed below. All the specific details are open for some consideration.

Services provided:

The Stephens Family YMCA will provide an after-school program that will include time for learning, play, snacks, and special activities. This program will be held at both Lincoln Trail and Middletown Prairie schools. The program will run from the end of school until 6:00pm daily.

Number of Spaces Available:

The Stephens Family YMCA will make 100 spaces available at each school. Those spaces will be divided between three different registration options. Families will have the ability to register for a 5 days/week option, a 3 days/week (M/W/F) option, and a 2 days/week (Tu/Th) option. The YMCA will work with administration to identify families with extenuating circumstances and families of teachers in the district. The YMCA will make every attempt to meet the needs of families at both buildings. The breakdown of available space is listed below:

Registration and Payment:

Registration and payment will be made through the YMCA's website. We currently use this registration system to register thousands of families for our programs and after school programs.

Payment for after school programming will be made monthly. We will charge a higher monthly rate for 8 months. We will charge a lower monthly rate for the months of August and December (due to the reduced number of days in the program).

Fees for the program will be as follows: (This allotment is the same for both buildings)

After School (S,O,N,J,F,M,A,M)	Spaces	Expected payment	Monthly Cost
5 days/week	70	70	350
3 days/week (Mon/Wed/Fri)	15	15	210
2 days/week (Tu/Th)	15	15	140
Admin Spots	15	7	325
After School (August and December)			
5 days/week	70	70	170
3 days/week (Mon/Wed/Fri)	15	15	102
2 days/week (Tu/Th)	15	15	68
Admin Spots	15	7	150

Building and Facility Usage:

The after-school program will primarily operate from the cafeteria in both schools. The YMCA will utilize the gyms, the cafeterias, the stage (Lincoln Trail), the libraries, the outdoor playgrounds, and any other spaces that are available. We will identify specific usage and hours in all the spaces if the proposal is accepted.

MAHOMET-SEYMOUR COMMUNITY UNIT SCHOOL DISTRICT NO.3
Mahomet, Illinois**

Agenda Item No.: 10.
Date: August 3, 2020
Presented by: Dr. Nicole Rummel

ACTION

TOPIC:
Kids Club Rates

BACKGROUND INFORMATION:

To better meet the needs of parents, Kids Club will be providing full-day care on Mondays and care during the ½ day when K-5 students are not attending. To meet these needs, we need to adjust our Kids Club rates with the goal of keeping rates affordable to parents. The rate schedule below includes rates for our reopening plan starting August 19th and adjusted rates for when we return 5 days a week for 5.5 hours a day.

Rates when students are attending school ½ days Tuesdays - Fridays

AM only (7:00-8:30) - \$4 day; if you receive no other services. FREE with other same day services.

½ day only (8:30-12:00 or 11:00-2:45) - \$11 a day/\$40 week (T-F)

After school only (2:45-6:00) - \$11 a day/\$40 week (T-F)

½ day and after school – \$21 a day or \$80 a week (T-F)

Staff ½ day and after school - \$20 a day or \$75 a week (T-F)

Mondays all day - \$20 a day

Staff Mondays all day \$18 a day

Max per student: \$100 a week

Staff max per student: \$93 a week

Rates when students are attending 5.5 hours a day

AM only (7:00-8:30) - \$4 a day (\$3 for staff)

After school only \$12.50 a day/\$50 week - Tuesday-Friday shortened days

After school only \$12.50 a day/\$60 a week - Monday-Friday shortened days

Staff \$11 a day/\$44 a week - Tuesday-Friday shortened days

Staff \$11 a day/\$55 a week - Monday-Friday shortened days

Mondays all day - \$20 a day

Staff Mondays all day \$18 a day

Max per student: \$80 M-F on 5.5 hr. school days or \$90 T-F on 5.5 hr. school days & full-day Monday

Staff Max per student - \$70 M-F on 5.5 hr. school days or \$77 T-F on 5.5 hr. school days & full-day Monday

**Rates were previously \$11 a day after school (\$10 for staff). Breakfast was previously \$3 a day.

SUPERINTENDENT'S RECOMMENDATION:

The Superintendent recommends the Board approve the revised Kids Club rates.

CHECK LIST FOR APPLICATION FOR USE OF RENTAL OF SCHOOL FACILITIES

Please fill in required information listed below:

- Date of requested usage
- Hours of requested usage
- Name of organization
- Name and complete address of person applying
- Purpose of meeting or use of facility with estimated people in attendance completed
- Set up instructions if needed
- Additional school personnel needed (subject to availability and extra fees for service will apply)
- Signature on form
- Telephone number on form

Before approval process can begin, the following must be attached to the form:

- Certificate of Insurance naming Mahomet Seymour CUSD #3 as primary insured
- Check, cash, or money order for rental or custodial fee. (Fee information can be obtained from the facility you wish to use.)

Submit form to the office of the building you wish to use.
