Mahomet-Seymour CUSD #3 practices Integrated Pest Management, a program that combines preventive techniques, non-chemical pest control methods, and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment.

The term “pesticide” includes insecticides, herbicides, rodenticides, and fungicides.

The Mahomet-Seymour School District is establishing a registry of people who wish to be notified by phone at least two days prior to unscheduled pesticide applications. Each building is inspected and treated on a monthly basis.

To be included in this registry, please complete the attached form and submit it to the Superintendent’s Office at 1301 S. Bulldog Dr, Mahomet, IL 61853. You will be added to our SchoolReach phone contact system for this particular notification category. The phone message will be given at least two business days before the application of the pesticide. It will identify the intended date of the application of the pesticide and the name and telephone contact number for the school personnel responsible for the pesticide application program. ***You must submit a new Registry Notice form each school year.***

MAHOMET-SEYMOUR JUNIOR HIGH SCHOOL GENERAL STUDENT INFORMATION

The Junior High School will have approximately 793 students enrolled in the 2023-2024 school year. Students are scheduled for a 10-period day with each period lasting 40 minutes. All students attend the following classes:

- seven required courses
- minimum of one elective (band, chorus, or Art/Behind the Music/STEM/Ag)
- foreign language (8th grade qualifiers will take foreign language at MSJH during BPH)
- one lunch period
- Bulldog Power Hour (38-minute period for enrichment/study hall)

For bus riders, the school day begins when the students arrive at the bus stop in the morning and ends when the students exit the school bus in the afternoon. For students who do not ride the bus, the school day begins when they arrive on school premises and ends when they have left school grounds in the afternoon. Once a student arrives on school grounds, he/she is not permitted to leave the premises without permission. All Mahomet-Seymour schools have closed campuses. Classes begin at the Junior High School at 8:30 a.m. and end at 3:22 p.m.

The movement of over 800 students and teachers throughout the building during the day is a monumental task! From the time you arrive in the morning until you leave in the afternoon, you are expected to follow a few basic rules that promote safety and respect among all people in the building.

Please familiarize yourself with:

- The daily schedule
- Your individual schedule
- Location of important destinations (classrooms, office, locker)
- Locker combinations (hallway and P.E.)
- Student/Parent Handbook information
- School Reach via district/junior high website

Important tips for the beginning of school:

- Carry your schedule with you for the first few weeks of school. If you lose your copy, come to the office and ask for another copy.
- Be ON TIME and IN ATTENDANCE every day.
- Ask for help if you don't understand something...all teachers and staff are happy to assist you.
- Start working immediately...keep up with school work.
- Listen to announcements.

Attendance Policy

When a student will be absent from school, a parent or guardian is expected to call and report the absence and reason for the absence within a reasonable amount of time. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, an automated Skyward call will go out notifying the student's parent/guardian of the absence. If the school does not hear from the parents or guardians the absence will be marked unexcused. After nine days, the school will send a letter to inform the student and their family of the status of their child's attendance. At that point, the administration will determine if further absences will be excused.

Excused Absences Include:

1. Illness and medical appointments with a doctor's note (including up to 5 days per school year for the mental or behavioral health of the student)
2. Observance of a religious holiday or event
3. Death in the immediate family
4. Family emergency
5. Circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety
6. Attending a military honors funeral to sound TAPS
7. Attend a civic event
8. Cases, where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings (up to 5 days).
9. School Events
10. Court Appearances with written documentation from court officials
11. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.
12. Other reasons as approved by the building administration

While it is understood that in unusual circumstances, it may be necessary for students to be absent from school due to family travel, Mahomet-Seymour staff strongly discourages student absences for family vacations or travel. Teacher/student and student/student class interaction, as well as in-class instruction, is a very important part of the educational process that cannot be replicated outside of the classroom.

We may use or request the following interventions to improve attendance after 9 days:

- Student Meeting
- Parent Meeting/Contact home
- Required doctor's note to excuse illnesses
- Staff or Social Work check-ins
- Home visit
- Youth Assessment Center referral (JH and HS)
- Referral to Attendance Improvement Program through the Regional Office of Education (for chronic absenteeism and for chronic truancy or for patterns that indicate a student is establishing poor attendance)
- Other disciplinary measures
- Referral to Family Engagement Specialist

After the 9th and 18th absences, the school will send a letter to inform the student and their family of the status of their child's attendance. At 18 absences, the student will be considered *Chronically Absent* by the definition provided by the state.

Definitions

Chronic absenteeism: If a student is absent for ANY reason for 10% (18 days) in a school year, he/she is considered to be chronically absent.

Chronic truancy: If a student is absent without valid cause for 5% (9 days) in a school year, he/she is considered to be chronically truant. Chronic truancy is a violation of the state compulsory attendance law. This data is reported to the Illinois State Board of Education for inclusion on the Illinois School Report Card.

Illness at School

If a student becomes ill while at school, they must come to the office to use the phone to contact a parent/guardian. Students may not use the phones in the classrooms or cell phones for the purposes of calling home when ill.

Make-Up Work Requests

If a student is absent for two (2) or more days, parents may request homework for the student by calling the junior high office at 586-4415 prior to 9:00 a.m. If a student's absence is excused, he/she will be permitted to make up any missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. With the use of 1:1 technology, students are encouraged to check Google Classroom or email their teachers to request homework for the days they were absent.

Pre-Arranged Absences—School-Related

In an attempt to maintain academic success, if students are involved in school-related absences that involve at least a ½-day absence, the student is responsible for all classwork on the day of the absence. This includes field trips and sporting events. The student/ sponsor are responsible for the following:

- Sponsor/coach distributes permission slip/pre-arranged absence form
- Students write assignments
- Classroom teachers initial form
- Coaches/sponsor check assignment sheet for completion
- Student receives "late grade" if not submitted to teacher at the next class period

Out of School Suspensions—homework will be collected for students who are absent on an OSS.

Tardy Policy

Instruction at the Junior High begins each day at 8:30a.m. This is the time when all students must be in class. Students arriving after 8:30 a.m. are considered tardy-unexcused. When students arrive to school after 8:30 a.m. they must report to the front office, whereupon they will be issued an unexcused tardy pass. The following reasons are not valid excuses for being late to school: oversleeping, missing the bus, car trouble/traffic problems and/or unverified medical appointments. An appointment card or doctor's note must accompany the student upon return to school. In a semester, if a student is tardy to first period, the following policy will be followed:

If a student accumulates repeated tardies to school, the following policy will be followed:

Tardy 3: Parental contact by administration

Tardy 5: Parent/student meeting with administration

Tardy 7: Parent/student/team meeting with administration

If students are tardy for periods 2-10, Expectation Reminders will be issued.

Additionally, the law requires that all district staff be trained regarding sexual abuse and, for secondary teachers, teen dating violence. Training includes recognizing and reporting suspected child sexual abuse, how to respond to and support students who have been abused and strategies to support a safe and supportive school environment. All district employees are also mandated reporters of suspected child abuse, per state law, and undergo annual training for that as well.

The prohibition in this section does not apply a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician's or licensed practitioner's instructions, including a student's use of legally prescribed asthma or other inhalant medication.

- g. “Look-alike” or counterfeit drugs, which are any: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, substance causing a physiological or psychological change in the body, or other substance that is prohibited by this policy; or (b) about which a student engages in behavior that would lead a reasonable person to believe that the student expressly or impliedly believes or represents the substance to be an illegal drug, controlled substance, substance causing a physiological or psychological change in the body, or other substance that is prohibited by this policy. The prohibition in this section does not apply a substance for which the student has a prescription from a physician or licensed practitioner where the student is using the substance in a manner consistent with the prescription or prescribing physician’s or licensed practitioner’s instructions.
- h. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they had the prohibited substance, as applicable, in their possession.

1. Using, possessing, controlling, or transferring a “weapon” as that term is defined in the Weapons section of this policy, or violating the Weapons section of this policy.
2. Using or possessing an electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular phone.
3. Using or possessing a laser pointer, unless the student: (1) has express authorization by a staff member; (2) is using the laser pointer in the context of instruction; and (3) is under a staff member’s direct supervision when using the laser pointer.
4. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a District staff member’s request to stop, present school identification, or submit to a search.
5. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, altering report cards, and wrongfully obtaining test copies or scores.
6. Engaging in hazing or any kind of bullying or aggressive behavior that does physical or psychological harm to a staff person or another student, or urging other students to engage in such conduct. Prohibited conduct specifically includes any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network, or other comparable conduct.
7. Engaging in any sexual activity, including consensual sexual activity, offensive touching, sexual harassment, indecent exposure (including mooning), and sexual assault. 12. Being absent without a recognized excuse; State law and School Board policy regarding truancy control will be used with chronic and habitual truants.
13. Being involved with any public school fraternity, sorority, or secret society, including by: (a) being a member; (b) promising to join; (c) pledging to become a member; or (d) soliciting any other person to join, promise to join, or be pledged to become a member.

15. Violating any criminal law, including assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
16. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
17. Operating an unmanned aircraft system (UAS) or drone for any purpose on school grounds or at any school event unless granted permission by the Superintendent or designee.
18. Engaging in any activity, on or off campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.

For purposes of this policy, the term “possession” includes having control, custody, or care, of an object or substance, including situations in which the item is: (a) on the student’s person; (b) contained in another item belonging to, or under the control of, the student, such as in the student’s clothing, backpack, or automobile; (c) in a school’s student locker, desk, or other school property; or (d) at any location on school property or at a school-sponsored event.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else. The Superintendent or designee shall notify the parent/guardian of a student who engages in aggressive behavior about the incident. The failure to provide such notification does not limit the Board’s authority to impose discipline, including suspension or expulsion, for such behavior.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student’s parent/guardian to administer or consent to the administration of psychotropic or psychostimulant medication to the student.

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include any of the following:

1. Notifying parent(s)/guardian(s).
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen, or damaged property.
6. In-school suspension. The Building Principal or designee shall properly supervise the student.
7. After-school study or Saturday study provided the student’s parent/guardian has been notified. If transportation arrangements cannot be agreed upon, an alternative disciplinary measure must be used. The student must be supervised by the detaining teacher or the Building Principal or designee.
8. Community service with local public and nonprofit agencies that enhances community efforts to meet human, educational, environmental, or public safety needs. The District will not provide transportation. School administration shall use this option only as an alternative to another disciplinary measure, when appropriate, giving the student and/or parent/guardian the choice.
9. Seizure of contraband; confiscation and temporary retention of personal property that was used to violate this policy or school disciplinary rules.
10. Suspension of bus riding privileges in accordance with Board policy 7:220, *Bus Conduct*.

11. Out-of-school suspension from school and all school activities in accordance with Board policy 7:200, *Suspension Procedures*. A student who has been suspended may also be restricted from being on school grounds and at school activities.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years in accordance with Board policy 7:210, *Expulsion Procedures*. A student who has been expelled may also be restricted from being on school grounds and at school activities.
13. Transfer to an alternative program if the student is expelled or if the parent/guardian agrees to such transfer. The transfer shall be in the manner provided in Article 13A or 13B of the School Code.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, including illegal drugs (controlled substances), "look-alikes," alcohol, or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension and expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Corporal punishment is prohibited. Corporal punishment is defined as slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as needed to maintain safety for students, staff, or other persons, or for the purpose of self-defense or defense of property.

Weapons

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of at least one calendar year but not more than 2 calendar years:

1. A firearm, meaning any gun, rifle, shotgun, or weapon as defined by Section 921 of Title 18 of the United States Code (18 U.S.C. § 921), firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act (430 ILCS 65/), or firearm as defined in Section 24-1 of the Criminal Code of 1961 (720 ILCS 5/24-1).
2. A knife, brass knuckles, or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement under either paragraph 1 or 2 above may be modified by the Superintendent, and the Superintendent's determination may be modified by the Board on a case-by-case basis. The Superintendent or designee may grant an exception to this policy, upon the prior request of an adult supervisor, for students in theatre, cooking, ROTC, martial arts, and similar programs, whether or not school-sponsored, provided the item is not equipped, nor intended, to do bodily harm.

This policy's prohibitions concerning weapons apply regardless of whether: (1) a student is licensed to carry a concealed firearm, or (2) the Board permits visitors, who are licensed to carry a concealed firearm, to store a firearm in a locked vehicle in a school parking area.

MAHOMET-SEYMOUR CUSD #3 EXTRACURRICULAR ACTIVITIES CODE

RULES AND REGULATIONS

ARTICLE I – ELIGIBILITY

SECTION I: Mahomet-Seymour Junior High abides with all I.E.S.A. eligibility requirements.

1. All students participating in any extracurricular activity must have passing grades in all subjects. (Please see “Extracurricular Activities Standards” following this information.)
2. During the time a student is participating on a school team in a sport at Mahomet-Seymour JH, that student may neither play on a non-school team nor compete in non-school competition as an individual in that same sport or in any skill of that sport.
3. A student may try out for a non-school team while on your school’s team in that same sport, but the student may not practice, receive instruction, participate in workouts, or participate in competition with a nonschool team in that same sport until that student ceases being a member of your school’s team. You cease being a member of your school’s team when the team(s) of which you are a member terminates competition for the school term.

SECTION II: Suspension or expulsion from Mahomet-Seymour Junior High School for violations of school rules and regulations will affect the student participant as follows:

1. The student participant will not be allowed to practice nor be allowed to participate in any extra-curricular event, game, meet, match or event on the day(s) he/she is suspended from Mahomet Schools. This applies to in-school suspension, suspension or expulsion.
2. The student participant will not be allowed to attend any practice or extra-curricular event or school activity.

Question: Suppose I am suspended from school on the last day of class preceding a vacation, such as Thanksgiving, Christmas or Easter. When would I be allowed to practice or participate in a game, meet or match or event?

Answer: You would be eligible to practice or play on the day you are readmitted to school--the day school next begins following the vacation or the first day after vacation that your suspension is over, and you are re-admitted to class.

SECTION III: Mahomet Seymour Junior High School will abide by the IESA Constitution regarding students' participation in IESA-sponsored state meets and tournaments.

SECTION IV: Mahomet Seymour Junior High School student participants must be in attendance at least one half day (four class periods) on the day of games, meets, matches or events in order to participate that particular day. The principal or assistant principal for special or unusual circumstances may grant exceptions. If at all possible, coaches and sponsors are to be informed of any reason for a missed practice or meeting prior to the practice or meeting.

1. Participation in multiple sports is not permitted by student athletes when seasons overlap more than two weeks.
2. Once a student athlete is on an athletic team roster, the student athlete cannot cease participation in the original sport to join another team.

SECTION V: Each school year every student athlete must obtain and pass a physical exam by a licensed physician prior to practicing, being issued equipment, and participating in any extra-curricular event. IESA physical exam forms must be used. These are available in the junior high office.

At the time you are issued an IESA physical examination card, you will also be issued an Athletic Permit and Emergency Treatment Card, which must be filled out by your parent(s) and then returned before you will be issued equipment or allowed to practice.

Question: Do I have to have a physical for each sport?

Answer: No, one physical examination is good for all sports during each school year. (One Treatment Card per year.)

SECTION VI Mahomet-Seymour C.U.S.D #3 recognizes the importance and value of good sportsmanship. The major benefits derived from a child's participation in competitive athletics and activities are the development of sportsmanlike attitudes and values

such as honesty, fair play, and citizenship. Student-participants will be unable to compete interscholastically or perform until their parents have signed this sheet. Student-participants will still be allowed to participate in practices, meetings, rehearsals, etc.

If at any time a spectator is asked to leave our facilities for unacceptable behavior, the spectator will be required to meet with the Athletic Director before they are allowed to be present at other extra-curricular events and may be suspended from attending future events. If the spectator continues to display poor sportsmanship, they may be suspended from attending any extra-curricular event for a time period determined by the administration and the school board of Mahomet-Seymour C.U.S.D. #3.

SECTION VII Insurance for student-athletes

1. In order to compete, all Mahomet-Seymour student-athletes must be covered by family hospitalization and medical insurance and/or school accident insurance, which is suggested. This coverage is available to student-athletes at a nominal cost.
 - a. School accident insurance pays in addition to any family insurance.
 - b. If you do not wish to purchase school insurance, parents must sign an insurance waiver.
 - c. All sports need:
 - (a) Family hospitalization and health insurance and/or
 - (b) Regular school time insurance.
2. Community Unit School District No. 3 is NOT responsible for injuries or loss resulting from participating in sports.
3. Expenses over and above the insurance coverage are the responsibility of the parent. The school assumes no obligation for this occurrence.
(For further information concerning these insurance programs, you may contact the athletic director.)

ARTICLE II BEHAVIORAL EXPECTATIONS AND CONSEQUENCES

SECTION I A student representing Mahomet-Seymour Junior High School shall exemplify high standards of moral integrity and good citizenship, both in and out of school. A neat, clean appearance is expected of all student-participants.

SECTION II The Mahomet-Seymour Extracurricular Activity Staff will not, under any circumstances, permit SECTION II violations listed below during the entire year (12 months a year, in and out of season):

- **1. Using, possessing, distributing, purchasing or selling tobacco/nicotine materials or paraphernalia on or off school grounds.
 - **2. Using, possessing, distributing, purchasing or selling alcoholic beverages on or off school grounds.
 - **3. Using, possessing, distributing, purchasing or selling any controlled substances on or off school grounds. For detailed information on substances included, see Board Policy 7:190.
 - 4. Engage in conduct that specifically violates existing criminal code statutes.
 - 5. Deliberate access, creation, display, transmission, or otherwise possessing or disseminating material which contains pornography, obscenity, or sexually explicit, pervasively lewd and vulgar, or indecent or inappropriate language, text, sounds, or visual depictions.
- **If a student-participant confides in a coach, sponsor or school official that he/she has a drug or alcohol problem and requests help, that student-participant must attend an approved D/A/T Treatment Program, but the 30 day or one-half the season suspension penalty from extra-curricular events is waived; the student-participant will be charged with his/her first offense violation. This must be considered as a "cry for help". This section will be void if the student-participant is using this exception only to avoid the extracurricular activity suspension penalty or if the student-participant is in violation for the second or third offense.

The extracurricular activity staff may, at any time, require drug/alcohol testing of any student-participant where there is "reasonable suspicion" of drug or alcohol use by a student-participant. For any drug/alcohol-related violations, a student-participant must take an approved five-panel test and test negative prior to returning to the activity. Failure to submit to testing under any of the preceding provisions will result in suspension from participation until compliance and until the test is reported negative. All drug/alcohol testing must be completed at an approved testing center. Local doctor's offices or clinic tests will not be accepted.

If any member of the Mahomet-Seymour Staff, school official or law enforcement officer has proven knowledge of any of the preceding violations, the student-participant will lose all privileges and honors he/she is entitled thereto. A personal conference with the student-participant, coach, sponsor, athletic director, and/or parent(s) may be held concerning any of the preceding violations, if so desired.

Penalties for offenses #1, #2 and #3 shall be:

1st offense—suspension from participating in all extra-curricular events from the next scheduled event for a period of 30 calendar days or one-half of the next activity season, whichever is less. Event can be described as game, contest, math, performance, competition, etc. Students involved in more than one school activity at the same time will have the suspension period applied to each activity. The penalty for a first offense can be reduced to 15 calendar days or one third of the next activity season, whichever is less, if the student-participant chooses to meet with a school-approved treatment counselor and performs eight hours of community service. The counseling session(s) and community service must occur within the 15 day calendar period. Tobacco related offenses are not subject to a five-panel drug test.

- *1. The student-participant will practice with the team or group during the time he/she is suspended from extra-curricular event or activity. He/she must also provide proof of submission to a drug test prior to returning to practice. He/she must test negative prior to returning to the activity to participate.
- *2. If the violation occurs during a season, the same penalty will result, but the penalty will be on a prorated basis for that activity and/or the next activity season of participation.
- *Upon approval of each coach or sponsor involved.

2nd Offense-Suspension from participating in all extra-curricular events for a period of 90 calendar days from the date of the next competition or performance with the completion of an approved counseling program. Student-participants must continue training rules during this time. If the student or parent should desire, the penalty can be truncated to 45 calendar days with mandatory counseling and 40 hours of community services. A random five-panel drug test must also be performed during this 45 day period and test negative before returning to the activity.

3rd and subsequent offenses are one year suspension and the completion of an approved counseling program. There will remain mandatory drug testing before returning to program or sport. Penalty for third offense can be truncated to 6 months with 80 hours of approved community service.

Expunging of record for good behavior - Following a first offense violation, a student-participant who has not been in violation of the Mahomet-Seymour CUSD #3 Discipline Policy for a period of one year will have his/her record expunged. A subsequent violation of the discipline code will be treated as a first offense, and if necessary, a second and third offense. A student-participant's record can only be expunged one time during his/her high school career.

Proximity Clause-- Student-participants are not permitted to be in attendance at any location where alcohol, controlled substances or illegal drugs are knowingly possessed or consumed by any minors.

Penalties will be:

1st offense -- Student -participants that are in extra-curricular activities that have fewer than 15 regular season contests are suspended for one (1) contest. Student-participants that are in extra-curricular activities that have 15 or more contests are suspended for two (2) contests.

2nd offense -- This will be treated the same as a first offense for possession or consumption, which is a thirty (30) day or half the season suspension.

Penalties for offenses #4 and #5 shall be:

Dependent on the severity and nature of the infraction(s) consequences may range from suspension from practice(s) and or competition(s) participation to expulsion from program.

Questions and Answers:

Question: *If a student-participant is smoking in June for the first time, when would he/she become eligible?*

Answer: *The student-participant would become eligible in 30 calendar days or one-half of the season after the date of the first game, match, meet or event in the activity in which he/she enrolled, provided (1) he/she practices with the team or group during the suspension and (2) he/she makes the team, squad or group.*

Question: *If a student/athlete has a suspension in place and the sport season ends, does the suspension carry over to the next sport season?*

Answer: *Yes, and remaining suspension dates will carry over to the next sport season that a student/athlete participates.*

Question: *Assume a student-participant is smoking for the first time during the season. When would he/she become eligible?*

Answer: *In this case, the one-half season or 30 calendar days is pro-rated for that activity and the next season in which he/she participates, provided (with the coach/sponsor's permission) he/she attends practices, and he/she is not dismissed from the team, squad or group.*

Question: *What if a student is a non-participant, does not observe training rules, then wants to go out for an activity. Would he/she be eligible; if so, when?*

Answer: *Yes, provided he/she contacts the coach or sponsor and athletic director and explains his/her intention at least 30 calendar days in advance of the opening date of the season, and he/she begins training at that time. He/she would then be eligible at the opening date of the season. If, in this case, the student-participant did not notify the coach or sponsor and athletic director 30 days in advance, he/she would be eligible to compete extracurricularly after 30 calendar days after the first game, match, meet or event, or one-half of that season, provided he/she attended all practices and abided by all rules and regulations. In this case, the prospective student-participant must test clean prior to participation in practices or games.*

Question: *If a student-participant has committed any first or second offenses, must he/she still observe all training rules to be eligible for extracurricular activities in the future?*

Answer: *Yes.*

Question: Does the second offense have to be in the same year?

Answer: No. The offenses accumulate, If you had an offense as a freshman, then another as a senior, that would be considered a second offense.

Question: If it is a student-participant's second offense, may he/she practice with the team or group for the entire year, but not compete as is defined above?

Answer: Possibly, provided he/she has permission of all coaches or sponsors involved. In all practicality, the answer to this question is no. See "2nd offense."

Question: If I have a drug or alcohol problem and go to my coach or sponsor and request his/her help, what procedure would then follow?

Answer: If you sincerely are seeking help and ask your coach or sponsor for his/her assistance to help you with your drug or alcohol problem (and it is not public knowledge or will soon be public knowledge that you have just been involved in a drinking or drug situation), you will be considered to be under the 1st Offense Penalty. The 30 days or one-half (1/2) the season penalty is waived, but you must enroll in an approved Drug/Alcohol Treatment Program for a minimum time that is equal to or exceeds the amount of time of your suspension. You must take and pass a drug test prior to returning to competition.

Question: If I am a second semester 8th grade student and break training rules before I enroll at the high school, what penalties are incurred, if any?

Answer: Second semester 8th grade students who have completed their extracurricular activity careers at the junior high have two options: (1) Enroll in and complete an approved drug/alcohol/tobacco program; enter high school at no penalty or (2) Enter the high school at the first offense penalty.

SECTION III: These training rules and regulations apply to all extracurricular activities at Mahomet-Seymour Junior High School. These training rules will apply for the entire year (12 months). They are also cumulative.

SECTION IV: All transfer students are required to meet with the athletic director. If a student transfers to Unit #3 after having been suspended from another school's extracurricular program for training violations, that student will not participate in this district's extracurricular program until his/her suspension would have been over at the other school. If the penalty for the violation is longer at the Unit #3 school than it would have been at the school where the offense occurred, the student will be suspended according to our guidelines.
