

Stony Brook All-Stars Together Club

Grades 1-5

We are starting a new after school club for students from 1st to 5th grade at Stony Brook. The purpose of this club is to help build understanding and empathy for all kinds of differences in our school and community. To do this we'll watch movies, read books, play games, have discussions and create opportunities to help others through community services and projects. Follow-up activities with the parents are encouraged and will be supplied once we get rolling.
