Board of Education Meeting Notes: June 6, 2022

Open Enrollment:

Cory Kaisler, Data Systems Coordinator, updated the board on Open Enrollment including definitions for open enrollment versus alternative open enrollment which are differentiated by date. Mr. Kaisler further explained potential reasons for denial. Currently the district has 237 students open enrolling into the district and 240 students open enrolling out to other districts. Motion approved to accept new open enrollment application approvals/denials as presented.

High School Cafeteria/Commons Renovation:

Shawn Mathwich, Director of Buildings and Grounds, reported that Taher Food Service has accumulated funds in their budget due to government programming during the pandemic. The Department of Public Instruction requires that the Shawano School District use funds in the Food Service Fund balance. Recommendations were made to use some of the funds (\$292,851 of \$441,000) to improve the cafeteria based on input from students and staff. Improvements would include replacing doors, ceiling tiles, epoxy flooring, electrical updates, video display including television and digital announcements boards, LED lighting for energy efficiency and replacing floor tiles. The board approved the project as presented.

Pool Staff:

Robyn Shingler, Director of Community Education and Outreach, presented a proposal to add a part-time Assistant Pool Manager position to the staff at the high school. The position would be funded from Fund 80, approximately 20 hours a week and non-benefit eligible. The position would assist in providing permanent certified lifeguard staffing due to the high level of aquatics facility usage. The board approved the position as presented.
