### 4. Title VI Budget Update: No updates.

### 5. Title VI Staff Updates

- Powwow Class Updates:** 22 participants. During registration we found more families who showed up that were not in the Title VI program so we got them signed up. It seemed like the students had a lot of fun; it was a great social event for the little ones. They enjoyed looking at the regalia. Fun for the parents to socialize, as well! One little boy who was not enthusiastic about dancing before the event asked his grandmother where his moccasins were - he wanted them on.
- Woodland Sky Performance:** After a few glitches, the performance is a go! Yay!
- Fur Trade Presentation:** John Teller did a presentation to the 3rd grade on the Fur Trade Era - and he was very touched by the thank you card sent to him afterward.
- Powwow Singing Class:** Sofie attended this week's class and shared how the class went. They already have their first gig for the senior recognition - they will sing an honor song. The students have homework to go to Sturgeon Feast and record a song - or listen to one on YouTube. The supplies might be in now - an order came in from the company.
- Title VI applications/members:** 475 at beginning of year; then 503. We are now at 513! The cultural activities are elevating the profile of the Title VI program and activities.

### 6. Sub-committee Updates

- Professional Development - Sofie

- i. Language Class - Sofie is coordinating with Jennifer Gauthier
  - b. Strategic Planning - Starlyn - Survey has been sent out to Title VI families originally only, however it has now been sent out to all principals to share to a smore for more. Info to be used to drive Title VI objectives from parent perspective and also for 4 year strategic planning. 31 responses so far, but still open. Crystal commented that more visibility will help with families knowledge of title (a question on the survey). Smores could be a good way to share information in addition to Skyalert and emails (Suggestion by Star and Jamie). Title VI staff will try to devise a monthly smore or district newsletter to go out to showcase.
  - c. Fundraising - Tracy & Youth Reps - Met to discuss Senior planning and we have - Calista to follow up on food.

Sofie thinks maybe a side-walk chalk event would be at the school? Calista could do sidewalk chalk art during her Title VI time (maybe with art teachers) and Lainey and other supporting older students maybe go to primary schools to help? Calista will get back to Jamie about art teachers partnering.
- 9. Other - Star asked about partnering with Wade Fernandez to do flute with more students and that Middle School needs more programming. Star will contact Wade
