PHILOSOPHY

Blue Fish Early Learning Center is committed providing:

- A safe, healthy and dependable environment.
- A nurturing, loving, and energetic staff who understands the children's needs in this environment.
- Organized, age-appropriate activities that give the children the opportunity to explore, experiment, learn, reflect and play.
- An environment that is child-oriented, child-initiated, and play-based.
- Physical, social, emotional, and cognitive growth.

Our curriculum aligns with Early Childhood Standards of Quality for the State of Michigan.

The focus of our program is to provide meaningful experiences that will help develop a strong foundation for school readiness.

Our program provides a activities and relationships that offer opportunities for the growth of each child in physical, social, emotional and cogenitive development.

Learning

When children are engaged, they learn. When they are matched with caring leaders and a positive community, they build healthy relationships.
