80%
Combined Positive

79%
Combined Positive

How would you rate the level of communication from the district?

TOP 10 THOUGHTS - PARENT/CAREGIVER

Kelso School District
Parent / Caregiver

Q1 What are the most important skills and experiences Kelso students need to prepare them for success in learning and life?

How to be responsible and respectful. This is needed to be a successful adult.

4.3  (40 )
Ranked #1 of 10

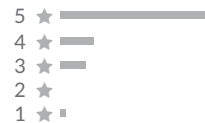

Communication and respect for themselves and eachother.

4.3  (36 )
Ranked #2 of 10

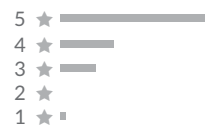

Learning to read Learning is the foundation for all other subjects.

4.3  (31 )
Ranked #3 of 10

Being able to attend school in person
Important for children who do not learn well over a computer

4.2  (40 )
Ranked #4 of 10

Caring for those around you Adults today lack this

4.2  (39 )
Ranked #5 of 10

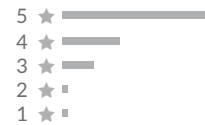

Communication, critical thinking, social interaction. Being part of something larger than themselves, and searching for their place in the world. Because I said so (just kidding, bad parent answer). Growing as a human being is just as important as scholarly achievements.

4.2  (39 )
Ranked #6 of 10

Problem solving and critical thinking skills are needed for success in life. The ability to apply these skills is more than a degree alone. Many learn through formal education, but those who don't are behind.

4.2  (38 )
Ranked #7 of 10

Communication, time management, credit, finance, resumes, applications and interviews They will use those skills for the rest of their lives!

4.2  (33 )
Ranked #8 of 10

Time management, navigating electronic learning, how to study These are life skills that have been particularly challenging during rue pandemic

4.2  (18 )
Ranked #9 of 10

A place where they feel comfortable learning and knowing it's ok to make mistakes. It's important for kids to feel comfortable in their learning environment.

4.2  (17 )
Ranked #10 of 10
