Device Protection Plan Agreement

Please read this agreement completely, then sign and date indicating your acceptance of the conditions below.

- The device protection plan covers accidental damage and normal wear and tear. This plan does not cover theft or loss due to misplacement. In order for a claim of damage to be "valid," the student and/or family must produce the remains of the computer for the district to determine if the machine is damaged beyond repair.
- Product failure is fully covered and is not the responsibility of the student, family, or school district. ACVS and its affiliates are the only authorized parties who can classify a defect as product failure.
- I understand that repair and replacement costs associated with instances that are not covered by the school's device protection plan are the sole financial responsibility of the students and families. This would include: intentional damage, misuse. I understand that assessment and classification of damages (accidental vs. intentional/misuse) are the sole responsibilities of the school district and the school's findings and determinations are final.
- Students and parents will be held responsible for proper use and care of the laptop computer, as is the case with all school issued materials.

- ACVS provides filtering for inappropriate websites/material. Parents/Guardians are responsible for monitoring their child's use of the laptop when at home to ensure they do not adjust the laptop's settings and preferences or view inappropriate websites/material.
- NO REFUNDS. Even if there is no damage to the laptop over the course of the school year no money will be refunded to you.
- Terms and Explanation of the District's device protection plan. This plan covers:
 - A non refundable damage deposit of **\$25** (regardless of the age of the computer) must be paid by the protected party within 30 days of enrollment or upon physical inspection by ACVS IT staff.
 - Payment Schedule for Accidental Damage:
 - First incident of accidental damage \$0
 - Second incident of accidental damage \$25
 - Third incident of accidental damage \$50
 - This plan DOES NOT cover:
 - Intentional damage to the computer.
 - Misplacement or loss of the computer.
 - Misuse of the computer (i.e. careless liquid spills, defacing the computer with stickers, ink or paint or other materials, and/or carrying and handling the machine in an incorrect manner).
 - With the exception of manufacturer defect, this plan does not cover theft, loss or damage (accidental or intentional) to the AC power adapter, or any other district issued accessories. It only covers the computer itself.
 - This plan is valid for one academic year. It must be renewed each year to remain valid.
 - Having fully read this plan agreement, I understand my responsibilities for caring for and using the computer, and I agree to the terms above regarding the laptop computer my student will receive from ACVS.
