- Report cards today- send envelope back tomorrow
- Wednesday, Oct. 27- Early Release
- DLR Quiz - Friday, October 29
- Math test- Friday, October 29
- Parent/Teacher Conferences -Monday, November 1 (NO SCHOOL FOR STUDENTS)

Things to Know

COMMUNICATION HOME: Please be on the lookout Wednesday for your child's communication (red) folder. This will come home each Wednesday and have important papers from the school, as well as any graded papers for the week. Please initial or sign each graded assignment and return the next day.

Were you absent? Each teacher has a Schoology Course with daily assignments for students that miss school for any reason (quarantined, sick, personal, etc.) Assignments are due one week after it has been posted.

Dreambox: We are asking for students to complete 5 Dreambox lessons each week. This is part of their daily morning work as they arrive at school.

iReady: Students are responsible for completing AND passing 3 iReady Math lessons and 3 iReady Reading lessons each week. This time is built into the day for students to work on. Please encourage your child to work hard on these lessons and show you how many they have passed throughout the week. They keep track of it in their binder.

Parent Portal: Check your child's grades regularly using the parent portal. If you do not have access, please contact the front office.

Laptops: Please make sure students are charging their laptops each night. Students will clip down and walk if they have to charge their laptops.

Toys and fidgets are cute but please do not allow your child to bring them to school. Check bookbags!

Your child needs their own pair of **headphones or earbuds**. We use these on a daily basis in all of our classes.

WHAT WE ARE LEARNING

Math

- This week in Math we will be learning about area and how to find the area of a shape. We will begin by defining area, and then counting the squares in the shape, and move into finding area using the formula length x width.

Science

- This week in science we will continue learning about energy and electricity. Students will build simple electrical circuits.

Social Studies:

- We are learning about natural disasters and how they may affect humans. Students will begin researching a natural disaster and write about it during writing.

Reading/Writing

- Students should read 30 minutes each night and complete their reading reflections.
- We are still working on our Nonfiction Unit. Please encourage your students to read nonfiction books.
