

UNDERSTANDING THE SIBLING'S PERSPECTIVE

Sibling Support

WHEN:

Wednesday, November 17, 2021
6:00 - 8:00 p.m.

- **Parents:** Are you ever concerned about your typically developing child and what they might be feeling?
- **Adult Siblings:** Are you equipped to help provide care for your sibling?
- **Professionals:** Are you a service provider to families with siblings?

Join us to discuss what it means to be a Sib (the sisters and brothers of individuals with disabilities and special needs) across the lifespan from early childhood to retirement. We welcome all members of the Sib community (teen/adult Sibs, parents, friends, family, service providers, interested community members). We will share what the research tells us, explore personal Sib stories, and engage in planning how the Sib community can best provide support.
