

Chromebook Protection Agreement 2023-2024

High School

The Webster Area School District recognizes that with the implementation of the 1:1 computer initiative there is a need to protect the investment by both the District and the Student/Parent. The following outlines the various areas of protection: standard warranty, accidental damage protection and insurance.

STANDARD WARRANTY: The Chromebook has a one year standard warranty which warrants the computer from defects in materials and workmanship. This limited warranty covers repairs and replacement parts caused by normal use. It **does not** cover accidental or intentional damage. The students will be responsible for any repairs that would fall outside the "Standard Warranty".

ACCIDENTAL DAMAGE PROTECTION: There is **NO** Accidental Damage or Loss Protection

LICENSING AGREEMENT: Each student is required to pay a \$30.00 agreement (once for each new machine) not to exceed \$60.00 per family to help cover the cost of licensing for programs on their computer. This is non-refundable and is required prior to taking possession of the Chromebook.

ACCIDENTAL and INTENTIONAL DAMAGE: Students/Parents are responsible for payment of 50% of the cost to repair the 1st accidental damage each year; each subsequent claim would be 100% the responsibility of the student/parent. Intentional damages to their issued computer is 100% the responsibility of the student/parent. Standard Warranty protection **DOES NOT** cover accidental or intentional damage of the computers.

Should your son or daughter incur accidental or intentional damage to their school issued computer during the 2023-2024 school year, the cost to repair/replace that unit will be handled as follows:

First Offense for Damage 50/50 Cost Share:

The value of the computer has been set at \$454.32. Intentional damage is 100% the responsibility of the student/parent. The first time a computer is damaged during the 2023-2024 school year, providing the damage is less than \$454.32, the unit will be repaired with 50% of the costs associated with such repairs being absorbed by the Webster Area School District and the remaining 50% being billed to the parent/student.

***This is only for the first offense each school year.

Additional Offenses for Damage:

100% of all costs will be the responsibility of the parent/student.

If the damage is in excess of \$454.32, parents/students will have the following options:

1. **REPAIRABLE --** Have the computer repaired and pay all cost associated with the repair.
2. **NON-REPAIRABLE --** Purchase the computer for the replacement value of \$454.32. Please note that you will receive the computer "As Is" and the computer will not be repaired. You will assume the responsibility of fixing the unit if you so choose.
