- B. [Approval of Minutes from 9/23/21](#)  
Mrs. Williams- motions to approve Mr. Story seconds, all in favor.

#### C. Reports

- 1. Member Reports
  - a) Parent - None
  - b) Community - None
  - c) Teacher - None
  - d) Classified - None
  - e) Student- None

#### 2. Administrative Report

Mr. Parks gave a reminder that November 3rd is not a half day, it is a full day due to changing the date for All Staff meeting. Parents will be reminded.

Civil rights review has been moved to from November to February 7th and 8th. This is due to their part and staff shortage during that time.

Day of Service on Saturday, October 23rd went well. We had about twenty students and some staff that helped with painting, presentation hall retaping mat, painting, cross country path clean up, etc.

We added a new advisory base during MAV time. Any student that has an "F" will report to Advisor base for the week but can still attend Reteach. We had about 115 students with F's. They will not be allowed to go to clubs during this time. Some students may have to stay in Advisor Base all quarter long. We are still working on figuring out a system to allow students that have no missing assignments and grade improvement the option of not being in Advisor Base for part of the week after attending for 3 or 4 weeks.

Feb 5's spreadsheet of students is a goal for teachers to help reduce the student failure rate overall. Teachers will take on five students that have D's or F's and provide extra support to check in with them and help guide them.

This last Wednesday we had a Staff Birthday Breakfast for summer through October birthdays. Mrs. Johnson set this up with Aramark to provide a delicious breakfast for staff and acknowledge their birthday. We will continue to do this for staff quarterly.

Zombie Run and Scavenger Hunt is tomorrow and runs for one and half hours. This is a function run by Link Crew and helps to benefit them. Cost is \$5 per student.

The Halloween Festival put on by STUCO is on Saturday 6:30 pm - 10:00 pm. This is a great community event and we are hoping for a great turnout. Cost is \$7 a person or \$25 for a family of four. Cool note: A Realtor has put happenings in Tucson for newcomers and the Halloween Festival was on there.

Cross country superbowl was on Wednesday and was live streamed. They had a drone following students as they were participating. It was really cool to watch it online as it was happening. First ever for Andrada and we had an athlete finish 8th.

Soccer has their first practice on Monday, November 1st. We have enough for a girls team and aren't sure if we will have enough for a boys team but we are hopeful.

D. Call to the Public - None

E. Recognitions

Mr. Story recognized Mrs. Johnson for setting up the staff birthday breakfast. It was a full breakfast put on by Aramark and was absolutely fantastic. There were decorations and it was such a nice thing to do for staff and really appreciated.

Miss Nia (student) recognized Mrs. Weber-Graff for taking time to set up the field for Zombie Run. It is looking great!

Mr. Parks recognizes Jackie Wolfe for putting together the Halloween event on Saturday for anyone to come to. This takes a lot of time, commitment and effort to put together with students and volunteers helping.

Mr. Parks also recognized Mr. Carrier for setting up athletic games, etc., it is a time consuming process.

Mr. Parks also would like to recognize Gino in the tech department for working on our new website and inputting lots of information. Gino has done a great job with that.

II. Old Business - No old business at this time

III. New Business

F. [Data Dig Results](#) (**INFORM**)

ITL's went to district meeting for the data dig results. Our label is based on proficiency on ACT not AZ Merit. In the past it was just AZ Merit but has dropped AZ Merit. Growth is based on measurements that include: ELL, (we need ten students and currently have eight), College and Career Readiness, bonus points if we are over in SPED. In 2018/2019 we had an "A" label. 20/21 would have been a "B" label. We were compared with other schools in ACT and in Reading we did really well, English is another part of it. Math dropped down for us and Empire did really well. But, If we were to throw Empire's scores out we did relatively well. We were near top in Vail in many ACT categories and outperformed the state in all. At the meeting we created smart goals to increase our proficiency score for growth to go up. Will be putting more ACT prep in classes, practicing asking questions and will get tutors to help after school. Juniors are currently practicing ACT. Counselors are helping out as well. Our focus is to do more to help students do well on ACTs.

G. Leadership Goal Update (**INFORM**)

We have a team that is working to call every parent and have started calling freshmen. The few that we have called, we have received nothing but positive feedback from parents. We are asking four questions on how we are doing, how is your student doing and what we can do to help, etc. We are working on Freshmen first then will move on to Seniors.

H. [New Website](#) Presentation/App Download/Discussion (**INFORM**)

New website is up and is really cool. If you can go through and see if there is something missing that we could add, let us know. Gino has helped a lot with this in inputting information. We are still working on stuff and working on adding an athletics page. If you download the app you can check out the live feed. Mrs. Williams-Potter asked to put a plug for PTO information.

I. [8th Grade Marketing](#)/Discussion (**INFORM**)

Mrs. Johnson is working on this. We are currently doing admin visits to Middle schools. All 8th graders will also come here and see our school. We are excited to show them what sports we now currently have. We will be handing out pamphlets of information and showcasing what we have. Linkcrew and Student Council will help to give tours.

J. Update on Math Tutoring Program (**INFORM**)

Math tutors we recently hired are going great. I will be talking to a reporter tomorrow who wants information on us hiring tutors. This is a first for any school and we are very happy to have them. These tutors are jumping in and excited to help out our students. They are even asking for teachers' lesson plans so they

have an idea what students are working on. Students are also loving it. Tutors are helping with students who have been out and have been doing mini teachings to those students. Other schools are a bit jealous about this as this is a first ever for any of our schools and has positively impacted students with extra help. Miss Nia has Mrs. Lacubtan for math and said there were two tutors in her class assisting students. She said the tutors are awesome and doing great in her class.

K. Override Update (**INFORM**)

We don't have any updates yet as ballots are still being counted. You can't mail them in anymore but you can drop it off at the Pima County Recorder's office or at Christ Lutheran Church on election day, Tuesday, November 3rd.

II. Adjournment (**ACTION**) 6:03 pm

Mr. Story Motions to adjourn, Mr. Nelson seconds, all in favor.
