## 2020-2021

Adopted by the Washington Grade School  
District #52 Board of Education  
June 2020

**PREAMBLE**

Dear Parents and Students,

Welcome to another school year. We hope that this handbook is helpful and explains the school's position relative to the day-to-day operation of the school. A perfect solution for every situation can't be written, but hopefully this handbook reflects current practices and procedures. It should also be noted that this handbook is not a contract and is subject to change as new situations or questions arise. Be advised that the Board of Education Policy Manual for District #52 can be accessed in the office of the principal, the superintendent's office, and is also available on our District website. Please feel free to call as your questions and comments are always encouraged and welcomed.

Along with the policies and procedures outlined in the handbook, school activities and programs may have additional policies and procedures. These policies and procedures will be made available to students once they become involved with these activities/programs.

A pass will be given to the student. Students are to sign out in the office and sign in upon return.

## Arrival Times

### Lincoln Grade School

1. **Students are to arrive at school no earlier than 30 minutes prior to the start of school.** Parents are responsible for supervision until that time. Supervision will be provided for all students, both bus riders and walkers, in the gym 30 minutes prior to the start of school.

### Washington Middle School

1. All students arriving in the morning are to enter the building and move to the commons/gym area. Fifth and sixth graders are to sit in the upper gym. Seventh and eighth graders are to sit in the commons area until dismissed to class. No students are to be outside. **Students who do not ride the bus should arrive no more than 30 minutes prior to the start of school.** A staff person is assigned to supervision during this time. The supervisor will dismiss students. Band students will be dismissed from the band room or the outside practice area. ## Asbestos Management Plans

To: Parent, Teacher, and Employee Organizations

From: Pat Minasian, Superintendent

Re: Asbestos Containing Building Material Management Plan

Date: July 1, 2020

This is to notify you that Washington Grade School District #52 has submitted its Management Plan prepared pursuant to the requirements of the Asbestos Hazard Emergency Response Act (AHERA, 40 CFR 763) for the School Facilities. Copies of the Management Plan are available for your inspection during normal business hours of the office (Monday through Friday; 8:00 a.m. to 4:00 p.m.) and during other times by special arrangement. We request that appointments be made with us to review such Plans. To make arrangements, please contact: Pat Minasian, Superintendent (444-4182)

## Asthma

1. In accordance with Board Policy 7:270-E, with parental permission a child or ward is allowed to possess and use his or her asthma medication (1) while in school, (2) while at a school-sponsored activity, (3) while under the supervision of school personnel, or (4) before or after normal school activities, such as while in before-school or after-school care on school-operated property. Illinois law requires the School District to inform parent(s)/guardian(s) that it, and its employees and agents, incur no liability except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication (105 ILCS 5/22-30).

## **Attendance Procedures**

1. Regular attendance is essential if a student is to make use of the educational opportunities the District offers. Regular attendance develops dependability and responsibility in the student and contributes to academic achievement. Parents, guardians, or those having legal custody or control of students are responsible for their children's regular school attendance.
2. The District shall not be responsible for the educational progress of the student who fails to maintain regular attendance habits. The District will not be liable for the progress of the student who is removed from the school for extended periods of time contrary to law or good educational procedure.
3. Absences shall be excused for the following reasons:
  - A. Personal illness
  - B. Bereavement
  - C. Quarantine
  - D. Family emergencies
  - E. Observance of religious holidays or events
  - F. Written requests approved in advance by the administrator.
  - G. Parent/Guardian deployment/return from deployment (5 days)
4. All other absences shall be considered unexcused and interpreted as truancy which may be reported to the Regional Office of Education and/or the Washington Police Department.
5. The District may request written verification of a student's absence due to illness from a physician licensed to practice medicine in the State of Illinois after the third consecutive absence or after any absence once the student has missed 10 or more days.
6. Planned absences, while not as serious as truancy, are discouraged by District #52. Examples of planned absences include vacations or visits with friends and relatives taken during the school year. Parents should notify the building principal in writing when a planned absence is scheduled. If circumstances permit, homework assignments will be given out before such an absence. If assignments are provided before the planned absence, the student will be expected to return to school with assignments completed. A student's responsibility grade could be negatively impacted if homework is not turned in when the student returns to school. If assignments are not provided, teachers will work with the student to determine an appropriate amount of time for assignments to be completed.
7. A student must be in attendance for the last half of the school day in order to participate in a District extracurricular activity. Emergency situations shall be given due consideration.
8. A student who is absent from school, or whose physician, physician assistant or advanced practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

## **Reporting Student Absences**

1. Student absences should be reported before 8:30 a.m. For your convenience, District #52 will use an answering machine outside of office hours. The numbers are 444-2326 for Lincoln Grade School and 444-3361 for Washington Middle School. When calling, please give the following information:
  - A. Parent's name
  - B. Student's name
  - C. Teacher's name
  - D. Reason for the absence
  - E. Request homework if desired
2. When a student is not present at school and the absence has not been reported, the school will call the parent. If parents cannot be reached at their home number, the emergency numbers will then be used.
3. Written excuses will not be required from those parents who call in to report absences. Written excuses will be required for those who do not call to report an absence. If no contact is made within 24 hours, the absence will be unexcused. Work is due upon the student's return to school.

## **Make-up Work Following an Excused Absence**

1. Students will be allowed one (1) day for every day of absence to make up work. Special arrangements will be made for extended periods of illness (beyond five (5) school days) with the teacher and building principal. Parents may request homework assignments on the first day of a student's illness with the following restrictions: Requests must be made by 8:30 a.m. Work can only be picked up after school.
2. Since preparing homework to be sent home takes a considerable amount of the teacher's time, we ask that you not request homework when your child is too ill to complete it. Homework will not be sent home if, at the teacher's discretion, the work requires teacher direction or explanation.

## **Tardiness**

1. A student shall be considered tardy at any time during the school day if the student is not in the assigned classroom or seat at the assigned hour. It is the teacher's decision as to which will be required. This will be clearly communicated to the students.
2. A tardy shall be excused for the following reasons:
  - A. Doctor/Dental appointments
  - B. Personal/Family situations (approved by principal)
  - C. All other reasons are unexcused.
3. A list of students who have tardies will be maintained in the office. Students who are tardy to school must sign in at the office. At the middle school, once a student has accrued 3 tardies he/she will be given a detention. Students that are given multiple detentions may be reported to the Regional Office of Education and/or the Washington Police Department.
4. In accordance with state attendance guidelines, a student is considered present a full day/half day when he/she is in attendance for:

	<b><u>1 Credited Day</u></b>	<b><u>1/2 Credited Day</u></b>
<u>Kindergarten/1st Grade</u>	4 clock hours	2 clock hours
	<u>240 min.</u> or more	<u>120 min.</u> or more
<u>Grades 2 through 8</u>	5 clock hours	2 1/2 clock hours
	<u>300 min.</u> or more	<u>150 min.</u> or more

## **Behavioral Intervention Guidelines**

1. Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors.
2. The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's *Special Education* rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

## **Bicycle Safety**

1. Riding a bicycle to school is a privilege which requires responsible behavior and the practice of safety rules. Bicycles may be ridden to the edge of school property and then walked to the designated parking areas (bike racks). Students who violate bicycle rules will lose the privilege to ride their bike to school. Kindergarten, pre-first, and first grade students are not to ride bicycles to school. It is recommended that all bicycles, for identification purposes, be registered with the Washington Police Department.
2. At WMS, bicycle racks are located on the south and west sides of the building. Bikes are to be locked in the racks during the school day. Scooters, rollerblades, and skateboards are not to be brought to school.

## Book Bags

1. Book bags are not allowed in the classroom unless approved by the classroom teacher. For safety reasons, book bag decorations are not allowed.

## Bus Transportation

1. The district provides bus transportation to and from school for all students that qualify for transportation. A bus stop will be assigned to students after registration. **One A.M bus and one P.M bus will be assigned.** Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the Superintendent's Office.
2. While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.
3. Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.
4. A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.
5. In the interest of the student's safety and in compliance with State law, students are also expected to observe the following:
  - a. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
  - b. Arrive on time at the bus stop, and stay away from the street while waiting for the bus.
  - c. Stay away from the bus until it stops completely and the driver signals you to board. Enter in a single file without pushing. Always use the handrail.
  - d. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
  - e. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver.
  - f. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
  - g. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers. Remain seated, keeping your hands, arms, and head inside the bus at all times.
  - h. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
  - i. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take five giant steps away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
  - j. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic.
  - k. Never run back to the bus, even if you dropped or forgot something.

## **Change of Address**

1. If a change is made in address, home telephone number, babysitter's number, emergency number, or a parent's work number, please notify the school office at once.

## **Classroom Treat Procedure**

1. If home prepared treats are sent to school, we ask that they be sent to school in secure containers and individually wrapped. Teachers or volunteer room mothers should assist/supervise the dispensing of treats.
2. Students should not handle the treats at home or school. Once the treats are placed in the closed container at home, it should not be opened until in the classroom. This should avoid unnecessary and possibly unclean handling of the treats.
3. Teachers/parents should remind the students to wash hands after using the restroom. Anyone handling food should be especially careful to wash hands after using the restroom and before handling food.

## **Conferences**

1. Conferences are always welcome between school personnel and parents. We ask parents to make arrangements in advance by calling the school. All teachers are at school thirty minutes before and after school and are available, by appointment, for conferences during those times. Teachers are not permitted to take time from their classes for unscheduled conferences.

## **Discipline Procedures**

1. Discipline is one of the most important lessons of education. While it does not appear as a subject, discipline underlies educational structure. It is the training that develops self-control, character, orderliness, and efficiency. Discipline is the key to good conduct and proper consideration for other people.
2. The following is provided to acquaint parents/guardians of students with the standards of behavior expected of students during the school day:
  - A. Students have the responsibility to help insure an appropriate educational climate.
  - B. Students have the responsibility to help insure the safety and prevention of injuries for themselves as well as others.
  - C. Students are expected to respect the rights and property of others while in school, on school grounds, on a school bus, or at a school-sponsored event.
  - D. Students are expected to use proper language and exhibit proper behavior.

## **Lincoln Grade School**

1. Lincoln Grade School has developed the following behavior expectations for all students:
  - A. Be Safe
  - B. Be Respectful
  - C. Be Responsible
2. Additionally, each classroom and specials teacher has a set of behavior expectations and rules of conduct for students under her/his supervision. These are clearly communicated to students at the beginning of the year or when a student joins the class. Students experiencing continual disciplinary issues may be referred to the principal. The principal reserves the right to intervene without teacher referral if the situation warrants.
3. Upon referral to the principal:
  - A. The student is given a chance to tell his/her side of the story.
  - B. If the incident involves other students, a conflict resolution model is followed with the principal as the facilitator.

- C. If the incident involves the teacher in any way, the teacher's input is sought.
- D. If necessary, a problem-solving model is used to reach a resolution to the problem.
- E. Parents are notified if a student has experienced multiple trips to the principal's office or if the situation is serious enough to require immediate notification.
- F. If consequences are necessary, they may involve lunch hour detention, day-time or after-school detentions, school service activities, loss of recess or free time or other punishment that fits the situation. Serious problems may result in in-school or out-of-school suspensions. Gross misconduct issues are handled according to the Board of Education Policy.
- G. The principal will inform involved District employees (especially the classroom teacher) of action(s) taken.

### **Washington Middle School**

1. In general, classroom teachers work to establish an atmosphere that fosters student learning. The teachers deal with individual student behavior within the framework of classroom management (posting classroom rules and consequences, classroom detentions, parent contact, counselor referral, etc.).
2. Whenever a student is referred to the office of the principal for disciplinary matters, the following steps will be taken:
  - A. The Administration will initiate a conference with the student so that all ramifications of the problem may be discussed, and the student may have an opportunity to respond to the charges.
  - B. If a pattern of referrals appears to be developing for a particular student, an attempt will be made to determine causes contributing to the unacceptable behavior. After all relevant data has been collected, a conference may be held to review the problem and to additionally explore any influences that may be contributing to behavioral difficulties at school. The participants in the conference may include the student, teacher, parent, counselor, and/or administration.
  - C. If there has been no appreciable behavioral changes with the student, the student and his parents will be informed that the school may take any one of the following courses of action to correct the problem:
    - i. Detention
    - ii. Suspension from class
    - iii. Suspension from school activities or functions
    - iv. Suspension from school
    - v. Expulsion
3. In-school suspension places the student in a supervised room and isolates him/her from the other students. Out-of-school suspension removes the student from school.
4. WMS has a discipline plan in place to deal with multiple infractions, gross disobedience, or misconduct.
5. Students referred to the office of the principal for multiple infractions, misconduct, chronic unpreparedness, and gross disobedience may be placed on CICO. A student suspended in-school for any length of time may be placed on CICO. A student suspended for any length of time will be ineligible to participate in extracurricular activities that week.
6. **The administration reserves the right to move a student through the process out of sequence depending on the violation. Additionally, due to extenuating circumstances, with any and all handbook policies/regulations, the administration reserves the right to determine whether consequences may be altered or changed to fit the situation.**

### **Detentions**

1. Detentions for Washington Middle School students for inappropriate behavior will be served after school on Tuesdays from 2:55-3:40 PM.
2. Students are expected to:
  - A. Bring homework or a book to read.

- B. Take the detention home to be signed by parent/guardian and returned the day after received. Detentions not signed and returned will result in an additional detention.
3. Detentions must be served when assigned or the principal contacted prior to the detention to arrange for an alternative time. Failure to serve an assigned detention will result in additional consequences such as, but not limited to, additional detentions, in-school, or out-of-school suspension. Multiple detentions, in-school and/or out-of-school suspension will result in the student being placed on Status Yellow or Status Red.

### **Conditions for Loss of End-of-Year Class Trip**

1. Any student failing an academic subject, including Art, Media, and PE
2. Any student marked ineligible at the time of the trip
3. Any student who has been suspended at any time during the school year may be denied participation or be asked to be accompanied by a parent/guardian.

1. A student whose behavior is so disruptive as to interfere with the learning process may be removed from the classroom to the office. Class work missed must be made up by the student and presented upon returning to class.

### **Access to Student Social Networking Passwords & Websites**

1. School officials may conduct an investigation or require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates a school disciplinary rule or policy. In the course of an investigation, the student may be required to share the content that is reported in order to allow school officials to make a factual determination.

## **Prohibited Student Conduct**

### **Response to Intervention (RtI)**

1. Response to Intervention (RtI) is a systemic approach to address the needs of all students in District 52. Our district implemented this System of Support in 2009. RtI is a K-12 general education initiative with a multi-tier approach to the early identification and support of students with learning and behavior needs. Each state has developed an umbrella of regulations and guidelines for school districts to follow. RtI looks different in each school district because of the amount and type of resources each school has available. The components of RtI can be utilized in subject areas such as reading, math, writing, and behavior.
2. Three-Tier Model of Support
  - A. Tier I: All students receive high-quality, differentiated classroom instruction using research-based materials and teaching methods. Universal screening of all students is administered three times per year, typically in the fall, winter, and spring.
  - B. Tier II: Based on multiple pieces of data (universal screener, other district screeners and assessments, and teacher observations), some students are identified as needing additional instruction, also known as interventions. This targeted group of students is progress monitored in order to determine if they are responding adequately to the interventions they receive. Tier II interventions are built into the school day for students in Grades 6-8. In Grades K-5 a grade level intervention block is built into the daily schedule for 30 minutes/day.
  - C. Tier III: If a student does not make adequate progress from the interventions, additional, more intense interventions are provided. Progress monitoring occurs more frequently in this tier. Students needing the most intense support in order to continue making progress may be referred to a problem solving team that determines eligibility for Special Education.
3. For students in RtI, data is analyzed on a frequent basis to determine if the intervention is working. If the intervention is not working, the grade level team's problem solve and make changes to the intervention. Changes could include changing the size of the group, increasing or decreasing the amount of time given to the intervention, or changing the materials that are being used with the student. Parents are notified if their child is receiving Tier II or Tier III support, or if the child is referred to the problem solving team.

## **Thrillshare**

1. Thrillshare is a notification service which allows Washington Grade School District #52 to send telephone messages and e-mails providing important information about school events or emergencies. Thrillshare is used to notify parents of school emergencies and cancellations due to inclement weather (usually by 6:00 a.m.). Teachers, coaches, and school organizations may use Thrillshare to send out reminders for various events. In the event of an emergency at school, Thrillshare will be used to send immediate notification to all the telephone numbers listed in its system.
2. In an effort to ensure you receive these communications, please make sure the school's office has updated contact information on file.

## **School Supplies**

1. A list of required school supplies for each grade level is provided to parents/guardians at registration. Parents should check from time to time to see if their child has an adequate supply of materials. Parents may, on occasion, be asked to purchase unique supplies for a special school project or activity being conducted in the classroom. Your cooperation in securing these supplies is appreciated. Such requests will be kept to a minimum.

## **Student Searches**

1. School authorities may search a student and/or the student's personal effects in the student's possession (such as, purses, wallets, knapsacks, book bags, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district's student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student's age and sex, and the nature of the infraction.
2. School officials may require a student to cooperate in an investigation if there is specific information about activity on the student's account on a social networking website that violates the school's disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student's account or profile on a social networking website.
3. If a search produces evidence that the student has violated or is violating either the law or the school or district's policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.
4. Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) Notify or attempt to notify the student's parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student's parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, guidance counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

## **Suicide and Depression Awareness and Prevention**

1. Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district.
2. The school district maintains student and parent resources on suicide and depression awareness and prevention.

Much of this information, including a copy of the school district's policy, is posted on the school district website. Information can also be obtained from the school office.

### **Teacher Qualifications**

1. Parents/guardians may request information about the qualifications of their student's teachers and paraprofessionals, including:
  - A. Whether the teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
  - B. Whether the teacher is teaching under an emergency or other provisional status through which State qualification and licensing criteria have been waived;
  - C. Whether the teacher is teaching in a field of discipline of the teacher's certification; and
  - D. Whether any instructional aides or paraprofessionals provide services to your student and, if so, their qualifications.
  - E. If you would like to receive any of this information, please contact the school office.

### **Telephone**

1. The telephone in the office is primarily for the use of the office staff. Calls from parents to students should be minimized. Students will be called from class to receive telephone calls only in cases of emergency.
2. A telephone is located in the commons for students to use with permission from the school office. Making calls to arrange for rides, personal after-school activities, or to go to another's house are discouraged.

### **Textbooks**

1. All textbooks are distributed by the teacher. Each teacher keeps records of the book number, to whom they are assigned, and the condition of the book when issued. The condition of the book is again checked at the end of the school year for undue damage. The student is responsible for paying a fine for any damage. Parents should inspect books so they are aware of the condition of the issued textbooks.

### **Vandalism**

1. Students and their parents are responsible for replacing or paying for lost or damaged equipment, school-owned books, damage to buildings, or any other school property.
2. Students who have willfully damaged school property shall be subject to the school's disciplinary system and may be charged through the criminal justice system.

### **Visitors**

1. Parents of students are welcome in the school and are encouraged to visit. It is only through these visits that parents can gain a better understanding of what goes on in the Lincoln Grade and Washington Middle Schools.
2. Parents planning to visit a classroom need to schedule a time with the classroom teacher in advance.
3. To avoid classroom disruptions, lunches, supplies or messages need to be dropped at the office. The office will then notify the child.
4. Visitors or parents visiting school must sign in at the respective office and receive a visitor's badge before proceeding to other parts of the building.
5. If school visits by individuals are deemed excessive or otherwise disruptive to the educational atmosphere and functions of our buildings, these visits may be limited or terminated by the District administrators.
6. The school will make every effort to accommodate parents/guardians with disabilities at parent/guardian conferences, school programs, and board meetings.

## **Waiver of Student Fees**

1. A student shall be eligible for a waiver of a fee when at least one of the following prerequisites is met:
2. The student is currently receiving aid under Article IV of the Illinois Public Aid Code (Aid to Families with Dependent Children).
3. The student is currently eligible for Free-priced Meals pursuant to Ill. Rev. Stat., Ch. 122, para. 712.1.
4. Additional consideration for fee waiver will be given by the Building Principal where the following factors are present:
  - A. illness in the family;
  - B. unusual expenses such as fire, flood, storm damage, etc.;
  - C. emergency situations.
5. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.

## **Weapons**

1. A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:
  - A. A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.
  - B. A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alike" of any firearm as defined above.
  - C. The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

## **Withdrawal from School**

1. Parents of students who are leaving District 52 during the school year are asked to notify teachers and the office as far in advance as possible. On the last day of attendance, students are to remove their personal property from the room/locker and return any school property they have in their possession. A transfer letter will be given to the student to be presented to the new school.

# D52 Technology Student/Parent Handbook

## Washington Grade School District #52

### Rationale

1. District 52 is committed in developing skills that students will need to be successful in school, careers and life in general. The demands of the workplace are changing. The nature of student experience inside and outside of school is changing. These changes in children's environments necessitate a new model for learning in this global, technological, digital and rapidly changing society. The 21<sup>st</sup> century learner MUST go beyond learning rote facts and learn how to think critically, apply creativity and innovation to solve problems, and engage in communication and collaboration. The 21<sup>st</sup> century teacher cannot just be the "knowledge giver" but rather be the manager of the learning environment in order for students to learn this vast array of complex skills. Technology provides a conduit that enables students to become 21st Century Learners.

### Advantages of Technology

1. **Supports an innovative delivery model** - In combination with teacher presentation stations the devices allow access to a wide variety of medium for whole group instruction, small group activities, and independent learning. Interactive, visual, and auditory material engages students in their education.
2. **Compliments project based learning** – Project-based learning presents students with a real-world question or problem and leaves room for open-ended answers and solutions. The projects may be authentic or simulated. Access to the wide variety of resources on the Chromebook encourages deeper research and supports a polished presentation of findings.
3. **Broadens learning beyond the classroom**– Unlike a static textbook, technology provides students with access to a multitude of online resources. Learners can access both historic and current information and perspectives. The material is available 24-7, encouraging work to be done beyond the traditional school day.
4. **Prepares students for the workforce** – Business leaders have expressed a need for employees that are prepared for today's environment. These traits include but are not limited to problem-solvers, multi-taskers, innovators, effective collaborators, and a workforce that is globally aware.
5. **Provides equitable access** – In Washington GSD 52, each 5th grade student will be issued a Chromebook for school use. Home use is also granted once the student has proven to be a safe, productive and ethical user of the device.
6. **Embraces the "Net Generation" and beyond** – New generations place different demands on their education. The "Net Gen" asks for their learning to be relevant, experiential, collaborative and infused with technology.
7. **Develops thinking skills for the 21st century** - Use of the Chromebook makes it possible for teachers to work towards student development in 21st Century Learning.

### Overview

1. D52 views the use of electronic resources as central to the delivery of its educational program and expects that all students will use electronic resources as an essential part of their learning experiences. It is the policy of D52 to maintain an environment that promotes ethical and responsible conduct in all electronic resource activities. With this privilege and extraordinary opportunity to explore resources come responsibilities for the student, staff, parent, and district.
2. When signing the [Student/Parent Device Agreement](#), you are acknowledging that you understand and accept the information in this document.

## 3. Loaner devices – “Swaps”

A. Temporary replacements, known as “swaps”, are available so that learning is not disrupted by the repair process. Students are responsible for the care of the swap while issued to them. The same rules and regulations apply to swaps.

## 4. Accidental Damage vs. Negligence/Intentional Damage

A. Accidents do happen. There is a difference, however, between an accident and negligence. After investigation by school administration and determination by the authorized repair person, if the device is deemed to be damaged due to gross negligence the “Repair Tiers” procedure may be waived and the student may be subject to the cost of repair or replacement. If the damage was deemed to be caused intentionally, the student will be subject to the cost of repair or replacement and possibly face school discipline.

### **Payment Timeline**

- 1. Parents/guardians/students have 30 days to pay any bills. If bills are not cleared within 30 days a claim will be filed by the school. The school may set up payment plans to clear bills, if needed.

# Activities Handbook

Athletic Director: Jon Goettler

## Purpose

1. The purpose of activities is to contribute to the overall educational experience of the balanced and total student. Concepts learned through athletics include teamwork, integrity, sportsmanship, restraint, persistence, leadership, self-esteem, discipline, and humility. Participation in athletics at Washington Middle School is a privilege that is extended to every student. Every privilege includes responsibility. The conduct of a student-athlete, coach, administrator, and parent is closely observed by many people. Each individual, in some form, is a representative of the team, the school, and the community. Therefore, it is important that each individual representing Washington Middle School demonstrate high moral integrity and class at all times and in all places. This extends into the classroom, beyond the playing field and within the community.
2. We hope this handbook is helpful and explains the district's position relative to extracurricular activities. A perfect solution for every situation cannot be written. Policies are subject to change by administration as new situations and questions arise. Please feel free to contact the school with questions.

## Athletic Association Affiliations

2. Conference: Tazwood

## Activities Offered at WMS

Fall	Winter	Spring
Softball Baseball Cross Country Musical Marching Band NJHS	Cheer Girls Basketball Boys Basketball Volleyball Math Counts Chess Wrestling	Track & Field Scholastic Bowl

## WMS Activities Booster Program

1. The Mission of the WMS Booster program is to promote positive parent and community involvement in support of the programs that are vital to the overall development of our students. This involvement consists of both volunteer service and the financial support required to foster the development of our students and maintain a high quality program. The success of a Booster Program is dependent on community support and participation. If you are interested in becoming a Booster member, or volunteering for fundraisers please send a message to the following email address: [booster@d52schools.com](mailto:booster@d52schools.com)

## Parent Volunteers

1. Washington Middle School has been very fortunate in the past to have parents so willing to assist with a variety of needs at games and fundraisers. The much needed help is always greatly appreciated. For each activity that your child is involved in, a parent is required to sign-up for two volunteer opportunities (concessions, front door

ticket sales, scoreboard operation, etc.). For parents who have more than one child participating in the same sport, they would only sign up for two volunteer opportunities rather than four per sport. More information and sign-ups will be provided at the beginning of the season parent meeting.

### **Volunteer Coaches**

1. All coaches require District approval and must go through all of the applicable paperwork, along with meeting the requirements set forth by IESA.
2. All individuals working with the student/athletes must be cleared by the Athletic Director and/or Principal.

### **Tryout Information**

1. The number of days for tryouts will vary with each activity. All students trying out for an activity are required to be at all of the tryout dates. Coaches will communicate to students who are trying out about the expectations that they have before tryouts begin. Students will not be allowed to tryout for an activity if competition has already begun, unless permission is given by the coach. This includes students who are injured or students who have just moved into the school district. If a student does tryout after the tryout dates, a student who has already made the team cannot be cut from the team.

**Tryout dates are approximate. Students and parents should check the WMS Athletics Webpage, the weekly announcements, or contact the sponsor directly for specific tryout information.**

1. Baseball – First week in August
2. Softball – Last week in July
3. Cross Country – First week in August
4. Musical - 3rd or 4th week in May
5. Cheerleading – Last week of school
6. Girls' Basketball – Third week in September
7. Boys' Basketball – First week in October
8. Wrestling - First week in November
9. Girls' Volleyball – First week in December
10. Scholastic Bowl - Second week in December
11. 6<sup>th</sup> Grade Boys' Basketball – Second week in January
12. MathCounts - Second week in January
13. Track and Field – Second week in March

### **Selection of Team Members**

1. Team members will be selected at the scheduled tryouts solely on the basis of demonstrated ability as determined by the sponsor or selection committee. At the coach's discretion, the scheduled tryouts may be closed to only the players and coaches.
2. Sixth (6<sup>th</sup>) grade students may be selected for participation on 7th grade teams. Sixth grade students may also play ahead of 7<sup>th</sup> graders.
3. 6<sup>th</sup> & 7<sup>th</sup> graders may even be used and play ahead of members of the 8th grade team.
4. If a student participates in two or more activities, and the seasons overlap, it is the responsibility of the coaches involved to determine a reasonable practice and game participation schedule.
5. Students wanting to participate in a fall sport will be required to make a choice between baseball/softball and cross-country.
6. Students will not be permitted to participate in both cheerleading and basketball. A choice will need to be made. In the spring, students going into 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade may try out for cheerleading. If selected for the next

year's cheerleading team, students may NOT try out for basketball in the fall. If selected for the cheerleading team, students may not choose to "drop" cheerleading to try out for basketball. A student who "passes" on cheerleading with the desire to make the basketball team is not assured of being selected for the team.

7. Games take precedence over practices. If both activities have a game on the same night, conference games would take place over non-conference. State series competitions would take place over any other competition. In regards to Cheer, 6th/7th grade cheer team members will attend the State series for 7th grade basketball, and 8th grade Cheer Team members will attend for 8th grade basketball.

### **Requirements for Participation in Extracurricular Activities**

1. Student participation in extracurricular activities shall be contingent upon the following requirements:

#### **Physicals, and Concussion Agreement**

1. No potential team member will be permitted to try out for a team unless a current physical, and concussion policy agreement is on file in the school office prior to the scheduled tryout. Please make a copy of your physical before you turn it into the main office. Please do not wait until the last minute to turn in your physical or concussion policy agreement as this might interrupt the team's tryout process.

#### **Birth Certificate**

1. A copy of the student's birth certificate must be on file in the office before being allowed to try out, or practice.

#### **Insurance Coverage**

1. The student must show proof of accident insurance coverage either by a policy purchased through the district's school insurance plan or a parent/guardian statement to the effect that the student is covered under a family insurance plan. An insurance waiver can be signed for this during registration week or when a student enrolls.

#### **Activity Fees**

1. A participation fee will be assessed for students involved in cross country, baseball, softball, basketball, volleyball, wrestling, track, scholastic bowl, NJHS (induction year) and cheerleading. The fee will be limited to \$40 per activity with a maximum student fee of \$80 and maximum family fee of \$160. Unpaid fees by the beginning of the second week of practice will result in removal from the team. After payment, there will be no refunds.

#### **Academic Eligibility**

1. A weekly eligibility check will be conducted at the end of the day on Thursday. The results of the eligibility check will take effect on the first day of attendance of the following week. Eligibility will be based on academic achievement, homework, student responsibility and/or purposeful acts of misconduct. These acts could warrant suspension/dismissal from the activity per the principal's discretion.
2. During the ineligible period, a student may be allowed to practice with the team at the coach's discretion. A student will not be able to attend any games/contests during the ineligible period.
3. Any student who is ineligible for two weeks will be removed from the team.
4. Eligibility runs Monday-Saturday.

#### **Attendance Requirement**

1. A team member who has not been in attendance at school for a minimum of a half day, or has been suspended from school (in or out) may not practice, play or perform on those days.
2. A.M. ½ day attendance is considered as follows: 8:00 am – 11:25 am
3. P.M. ½ day attendance is considered as follows: 11:26 am – 2:50 pm
4. A team member who does not participate in PE or who has a doctor's note excusing them from PE will also not be able to practice, play or perform on those days. In regards to Saturday competitions, a team member must be

in attendance at school for a minimum of a half day on Friday, unless there are extenuating circumstances approved by the coach and administration. Exemption from PE on Friday due to illness or injury could also result in an athlete not being able to participate in a Saturday competition.

- Occasionally, students will be excused from class to participate in a school activity. Students are required to turn in assignments and collect new assignments from their teachers before their absence. If students do not follow these guidelines, his/her teacher may give zeros for the assignments in question. An alternative method and/or unit of instruction may be provided when appropriate.

### **Uniforms**

- All uniforms and equipment provided to the student must be returned no later than one week after the last scheduled contest of the season.
- Lost, stolen, or damaged items are the responsibility of the student and he or she must pay the current replacement cost.

If the 7th grade postseason is still in play, the 7th grade coach must be in agreement with a 6<sup>th</sup> or 7<sup>th</sup> grade player(s) participating in an 8th grade postseason game/activity.

### **Code of Conduct**

1. This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day. This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from activities while the school is conducting an investigation into the student's conduct.

Together we can best help our athletes reach their potential. All athletic experiences must be viewed in terms of the developmental needs of the middle school. Competition is kept in perspective.**

## Student/Athlete Expectations/Responsibilities

1. Understand that academics are priority #1.
2. Competition in middle school athletics is a **privilege, not a right**. Accompanying that privilege is the responsibility of the student to conform to standards established by the school teams and instituted by the IESA and Tazwood athletic conference.
3. Be on time to all practices and games.
4. Represent Washington Middle School in a positive manner at all times.
5. Come prepared to be a part of the team.
6. Be respectful of yourself, your teammates, your coaches, your parents, the officials, and the fans.
7. Communicate with the coach if problems or conflicts should arise.
8. Take care of all equipment, uniforms and return them in a timely manner.

## Expectations of Coaches

1. The role of the coach/sponsor is to be a teacher and mentor. It is a position of responsibility, trust, and respect. All coaches/sponsors should:
2. Remember that these are impressionable young people who look up to you. For that reason, there is no excuse for coaches using vulgarities, sexual innuendos or abusive language of any kind. What may be intended as humor can be taken quite differently by an athlete. **Blatantly abusive language can be cause for immediate dismissal.**
3. Avoid direct electronic communication with athletes whenever possible. Coaches should not communicate with athletes through social networking sites, text messaging or personal cell phones unless through "Remind".
4. "Remind" should be used by all coaches for communicating with their team. Please see Mr. Goettler for information on using "Remind" if need be.
5. Understand that academics are priority #1.
6. Be alert to your student's academic performances.
7. Provide schedules for practices, tournaments, and games to athletes and parents in a timely manner. Any changes to practice/game schedules should be done at least one week prior.
8. In cases where a coach needs to call off a practice due to extenuating circumstances, then notice should be given no later than 7:50 a.m. This will allow the office to get the message into announcements and players to arrange for transportation. Coaches must also use "Remind" to text parents of the change.
9. Complete pre-season planning well in advance of first official practice (supply request, practice schedule to Athletic Director, etc.).
10. Be on time, and come prepared for all practices and games. Coaches should arrive in time to have doors open for the athletes.
11. Create a positive environment for our team.
12. Communicate with individual athletes as to their role on the team.
13. Clearly communicate all IESA, Conference, and team rules to athletes and parents.
14. Return parent phone calls/emails in a timely manner.
15. All coaches must get permission from the Administration/AD to use district facilities out of season.
16. Help keep equipment rooms organized by putting game/practice equipment in appropriate places when finished.
17. Keep a first aid kit with the team at all times.
18. Withhold judgment about the future talents and potential of their players.
19. Supervision: Games, practices, locker rooms, bus, away competitions
20. A coach must be present from beginning to end; athletes are not permitted to begin practicing without a coach.
21. Coaches cannot leave until all athletes are picked up after games/practices.
22. Professional conduct is expected at practices/games and any time you are representing Washington Middle School. This includes exchanges with players, parents, other coaches/staff, administration, and officials.
23. It is mandatory for all coaches to use "Remind" or the new communication tool that we will be using next year

MUST be used by all coaches.

24. Be consistent and fair with implementation of team rules and handling of player conduct.
25. Coach must secure (lock up) the facility prior to leaving.
26. Coach is responsible for upkeep of locker rooms during practices or home/away games.
27. Fall/Spring Sports: No cleats/spikes are allowed to be worn in the school. Athletes should remove cleats/spikes outside so as to not create unnecessary mud and damage to the school facility.
28. For away competitions, coaches are expected to travel via school transportation. On the rare occasion a coach is unable to ride the bus they must make arrangements for supervision (district employee, district coach, etc.)
29. Upon returning from away competitions, please check the bus with the driver to ensure proper condition of the bus (litter, damage, articles of clothing, etc.).
30. Coaches planning on stopping to eat after a competition must communicate these plans to the athletes, parents, and bus driver. When eating on the bus, please first get permission from the driver, and then please remember to bring a trash bag or request one ahead of time so there will be an additional receptacle for trash.
31. As the guardian during competitions, the athletic staff must be able to account for the whereabouts of all students/athletes and insure their safety. Make sure that team members are supervised and that facilities are left in orderly condition when you leave.
32. Coaches should communicate approximate arrival time back at school to help parents with anticipated pick-up. When on the way back from a competition, coaches should remind athletes to call parents when they are within 20 minutes of arriving back to school.
33. For away contests, students are to go home once school is out, and then return to catch the bus to the away competition, unless their coach has made arrangements for direct supervision or the bus is scheduled for immediate departure. For example, please do not allow your student to stay after school to wait for a 4:00 bus unless the coach has given other instructions and will provide supervision.
34. Coaches/Sponsors should not maintain their own separate accounts. All funds collected should be submitted to the main office to be placed into the school activity fund or Athletic Booster account.
35. No payment for expenses should be made directly from the cash or receipts of the activity. Expenses must be paid by check and supported with proper detailed substantiation.
36. All fundraisers/money making activities must run through Athletic Boosters and be approved by the principal by the end of April. The principal will then present the fundraisers/money making activities to the BOE.
37. The Coach/Sponsor is responsible for the collection, safe handling, and submission of funds received.
38. Funds collected should be submitted to the office and locked in the safe. Money should not be taken home, left in drawers or out in the open.
39. Coaches/Sponsors must get approval prior to any purchase made through the district or Athletic Boosters. A purchased order must also be used before making any purchases. Consult with the office if you are unsure of how to get the purchase order number.
40. Coaches who intend to organize a summer camp must have it approved by the principal. All camps must be operated as a school-sponsored activity and comply with all relevant policies and procedures as described in other sections of this handbook or in District policy and procedures.
41. All personnel assisting with the camp would fall under the volunteer coach section of the Activity Handbook.
42. All revenue and expenditures for Summer Camps shall comply with school and district policies.
43. All athletic camps or open gyms should be scheduled so they do not conflict with the annual gym maintenance. Please see the principal or athletic director for when the gym will be available.

Please do not attempt to confront a coach before, during, or following a contest or practice. These can be busy and emotional times for both the parent and the coach, and this period does not promote objective analysis of the situation.
  - B. If the athlete or parent does not feel they have achieved a satisfactory resolution, they should contact the Athletic Director. If necessary, the Athletic Director may confer with the Principal.

## **Concussion Management**

1. Concussions and head injuries are among the most commonly reported injuries in children and adolescents who participate in interscholastic sports. District 52 requires the immediate removal from all athletic activities any student who has sustained, or is believed to have sustained, a mild traumatic brain injury (MTBI) or concussion.
2. Removal must occur based on display of symptoms regardless of whether such injury occurred inside or outside of school. If there is any doubt as to whether the student has sustained a concussion, it shall be presumed that the student has been injured until proven otherwise. The coach must notify the Athletic Director and student's parents or guardians immediately.
3. In cases when an athlete is not cleared to return to play the same day as he/she is removed from a contest following a possible head injury (i.e., concussion), the athlete shall not return to play or practice until the athlete is evaluated by and receives written clearance from a licensed health care provider to return.
4. The standards for return to athletic activity will also apply to injuries that occur outside of school. Coaches must follow any directives issued by the student's treating physician with regard to limitations and restrictions on play for the student.

## **Transportation**

1. Washington Middle School will provide transportation to all competitions. Athletes are expected to travel via school transportation. It is expected that our student/athletes will conduct themselves appropriately while on bus transportation. In the event that there are extenuating personal circumstances, a parent may take responsibility for the transportation of their child. Written notice to the coach requesting the exception must be provided in advance. Prior to leaving a competition, a parent/guardian must sign their child out on the sign-out sheet provided by the coach. Under special circumstances, transportation with those other than parents could be allowed with the written or verbal consent of the parent(s).
