Dear Mrs. Healy:

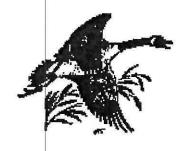

Please accept this letter as my notice of resignation. My last day of employment will be on June 11th.

I would like to thank Tulelake High School for hiring me and allowing me to grow as a teacher in this district. The last 7 years have been a great opportunity, and full of great memories. I regret leaving behind the staff, many of whom I regard as close friends, and the students, who have been wonderful and a key reason for me staying as long as I have.

Sincerely,

Joel Quinn

CDS Code: 2573593 School Year: 2021-22 LEA contact information: Mrs. Teresa Healy Superintendent thealy@tbjusd.org 530-667-2295

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based

on the enrollment of high needs students (foster youth, English learners, and low-income students). Budget Overview for the 2021-22 School Year

This chart shows the total general purpose revenue Tulelake Basin Joint Unified expects to receive in the coming year from all sources.

The total revenue projected for Tulelake Basin Joint Unified is \$6,844,467, of which \$5,383,698 is Local Control Funding Formula (LCFF), \$819,924 is other state funds, \$315,913 is local funds, and \$324,932 is

federal funds. Of the \$5,383,698 high needs students (foster youth	B in LCFF Funds, \$1,158,688 is generated based h, English learner, and low-income students).	on the enrollment of

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

	Budgeted Expenditures	in the LCAP

\$ 0		

This chart provides a quick summary of how much Tulelake Basin Joint Unified plans to spend for 2021-22. It shows how much of the total is tied to planned actions and services in the LCAP.

Tulelake Basin Joint Unified plans to spend \$6,466,448 for the 2021-22 school year. Of that amount, \$4,059,749 is tied to actions/services in the LCAP and \$2,406,699 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The TBJUSD 2021-22 General Fund Budget includes all expenditure needs to operate the district; teacher and employee salaries and expenses, building operations and utilities, student support services, overhead costs of running a district, as well as the expenditures for High Needs Students included in the LCAP.

Increased or Improved Services for High Needs Students in the LCAP for the 2021-22 School Year

In 2021-22, Tulelake Basin Joint Unified is projecting it will receive \$1,158,688 based on the enrollment of foster youth, English learner, and low-income students. Tulelake Basin Joint Unified must describe how it intends to increase or improve services for high needs students in the LCAP. Tulelake Basin Joint Unified plans to spend \$1,519,518 towards meeting this requirement, as described in the LCAP.

We also strive to keep class sizes as low as possible and use multiple intervention programs. These actions are being provided LEA-wide Action 2.1 & 2.2: Maintain Quality Staff - By maintaining a quality and well trained staff, we can provide the best education for all students. and we expect an increase in test scores and students being proficient at grade level.

Income students and English Learners. We will provide a safe way to and from school as well as a safe place in our After School Program. We will also provide Breakfast and Lunch meal services. This environment, along with behavioral interventions we hope will be provided Action 3.1: Positive & Safe Schools - We want to provide the most positive learning environment for all students, especially for our Low _EA-wide and we expect to improve behavioral referrals and suspensions. Action 3.4: Offer Opportunities - With the majority of our English learners and low income students coming from a Spanish speaking home, we want to provide multiple avenues of communication between the school and the family. These actions are being provided on an LEAwide basis with the hope of increasing involvement of our district parents and families. A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage

All services are planned to be implemented district/school-wide because of the high percentage of targeted students. Although the services are principally directed towards the unduplicated students, all students will benefit from the plan. The district believes these are the most effective uses of the additional funds to improve the education programs for the targeted students. Additionally, the planned services will avoid the potential negative stigma from a traditional or pull out program and will allow students to maintain access to all other services available to students without interruption.

progress within eight state priority areas encompassing all statutory metrics (COEs have ten state priorities). LEAs document the results of this The Local Control Funding Formula (LCFF) requires LEAs to engage their local stakeholders in an annual planning process to evaluate their planning process in the Local Control and Accountability Plan (LCAP) using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- performance data. Local educational agencies (LEAs) should continually evaluate the hard choices they make about the use of limited resources to (California Education Code [EC] 52064(e)(1)). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning Comprehensive Strategic Planning: The process of developing and annually updating the LCAP supports comprehensive strategic planning meet student and community needs to ensure opportunities and outcomes are improved for all students.
- Meaningful Stakeholder Engagement: The LCAP development process should result in an LCAP that reflects decisions made through meaningful stakeholder engagement (EC 52064(e)(1)). Local stakeholders possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the
- Accountability and Compliance: The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
- Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC 52064(b)(4-6)).
- Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC 52064(b)(1) & (2)). 0
- Annually reviewing and updating the LCAP to reflect progress toward the goals (EC 52064(b)(7)).

outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with stakeholders that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a stakeholder engagement tool. The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the

actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for stakeholders and the public.

language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse stakeholders and the At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing, but also allow stakeholders to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and stakeholder engagement functions: Given present performance across the state priorities and on indicators in the California School Dashboard, how is the LEA using its budgetary resources to respond to student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics or a set of actions that the LEA believes, based on input gathered from stakeholders, research, and experience, will have the biggest impact on behalf of its students.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- Schools Identified: Identify the schools within the LEA that have been identified for CSI.
- Support for Identified Schools: Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- Monitoring and Evaluating Effectiveness: Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Purpose

Significant and purposeful engagement of parents, students, educators, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such stakeholder engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (EC 52064(e)(1)). Stakeholder engagement is an ongoing, annual process. This section is designed to reflect how stakeholder engagement influenced the decisions reflected in the adopted LCAP. The goal is to allow stakeholders that participated in the LCAP development process and the broader public understand how the LEA engaged stakeholders and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute requires charter schools to consult principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Purpose

outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected LEAs to clearly communicate to stakeholders and the public why, among the various strengths and areas for improvement highlighted by accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected Well-developed goals will clearly communicate to stakeholders what the LEA plans to accomplish, what the LEA plans to do in order to outcomes, actions, and expenditures. A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- Focus Goal: A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- Broad Goal: A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.
- Maintenance of Progress Goal; A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an EA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly

based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with stakeholders. LEAs are encouraged to promote transparency and understanding around the decision to pursue a Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be focus goal

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected measuring progress toward the goal. Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with stakeholders, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps. Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g. high school graduation rate)

some metrics may not be computable at the time the 2021-24 LCAP is adopted (e.g. graduation rate, suspension rate), the most recent data Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020-2021 outcomes on Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Required Descriptions:

explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how For each action being provided to an entire school, or across the entire school district or county office of education (COE), an these actions are effective in meeting the goals for these students. For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021-24 LCAP from the 2017-2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA's goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;
- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way: After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our lowincome students is 7% lower than the attendance rate for all students. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis. For schools with 40% or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

Services are increased or improved by those actions in by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement. Honker Athletic Report

May 2021

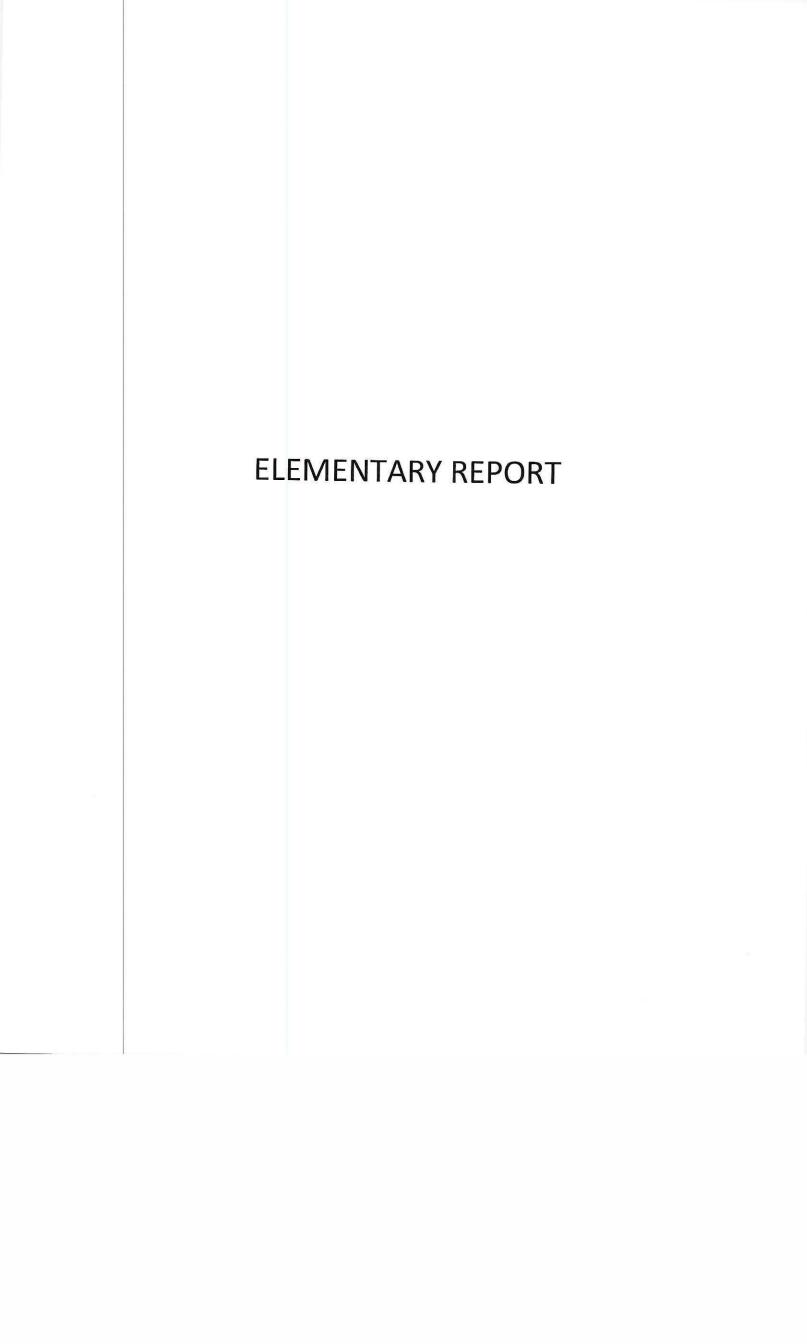

Athletics:

*Baseball and Softball finished their seasons. The awards night was May 17th with a softball game (boys vs girls). We cooked hot dogs for the players and coaches.

*Track season finished. We hosted a "Mini Meet" here with Big Valley and Butte Valley. I appreciate the help of the many volunteers- it turned out to be a great day and everyone was very appreciative of the opportunity.

*Soccer has 28 players this year. Several new players are out since basketball was unable to happen this year. Only 4 scheduled games for the season since several teams are unable to play or have had covid outbreaks.

*Scheduling Football, Volleyball, and Soccer with "normal" seasons in the fall. Most will start around August 1st. We need a football coach.

Elementary Board Report

May 2021

- 6th grade visitation to the high school is on May 28th.
- Each class gets to go on 1 field trip for end of the year activities. Each class chose to go to the Lava Beds, Moore Park, Malin Park, Tulelake Park, or Juanita Lake.
- We will have our 3rd-6th Field Day on June 8th.
- We will have our K-2 Water Day/field day on June 9th.
- Awards will be given out on June 10th.
- 6th grade Softball game vs the staff will be on June 11th.

Thank you to all of the staff, parents, and community members who have made this year possible. We made it!

Memorandum of Understanding

Between

Tulelake Basin Joint Unified School District and Modoc County Office of Education

This Memorandum of Understanding (MOU) sets for the terms and understanding between the Tulelake Basin Joint Unified School District (TBJUSD) and the Modoc County Office of Education (MCOE) to bill for 504 services provided by District staff to students who qualify for the medi-cal program.

Background

TBJUSD and MCOE have a history of cooperation to ensure the educational needs of all students are met. Specifically, MCOE operates the SELPA in which TBJUSD participates.

Purpose

This MOU will allow MCOE to bill for medi-cal services provided by the District staff.

Funding

The District will be reimbursed as per rates defined by LEA Medi-cal billing for services to 504 students. The District will be paid after the program year is closed and final amounts are determined, no later than August 31, of the following school year.

Duration

This MOU is at will and may be modified by mutual consent of authorized officials from TBJUSD and MCOE. This MOU shall become effective upon signature by the authorized officials from TBJUSD and MCOE and will remain in effect until modified or terminated by any one of the partners by mutual consent. In the absence of mutual agreement by the authorized officials from TBJUSD and MCOE this MOE shall end on June 30, 2022.
