Kerr Eagle Parents,

I would like to thank you for all you have done to make this current year a success. As you review the enclosed 2017 School Profile for Kerr Middle School, you will see that there were many areas of need. We have reviewed our test scores and received input from our students, faculty, and community to identify our areas of greatest need and focus goals for the 2018-2019 school year. To have an impact in these areas, we will continue to focus on our school climate, culture, and school wide remediation and enrichment programs. We embraced being respectful, responsible, and prepared each and every day of school. Our staff, students, and community embraced the change in administration and the vision we had for our school to succeed. Our students showed growth in our district benchmarks and our school culture has greatly improved. We have focused on our school motto, S.O.A.R: Success, Organization, Attitude, and Respect.

The future is bright for Kerr. Our work in conjunction with our district leaders is having a great influence on all of our stakeholders. This in turn has created a greater sense of pride in our school and the work it takes to make it succeed.

Let me thank you once again, for all you have done to make this year what it was. The faculty and staff will strive to provide your child with the best education possible to ensure that Kerr students are safe, challenged, and ready.

Thank You,

Nathan Elliott
