### Traveling With Children This Summer

This is a friendly reminder that  
while you're travelling this summer  
with your family, make sure that  
everyone is protected properly!  
California law states that children  
have to ride in a booster until they  
are **8 years old**. However, they are  
safest riding in a booster seat until  
they are 4 feet, 9 inches tall.  
Accidents can happen at **any time**.  
Make sure that you are prepared  
with proper child safety seats in  
every vehicle your child rides in  
while travelling. Have a fun and  
safe summer!

*For questions, or if you are in need  
of a booster please contact Butte  
County Public Health at 1-800-
