Ashley Engh
Community Education Coordinator

Hello Floodwood Students and families,

The Community Education Department at the Floodwood School is happy to introduce the creation of the Babysitting database. The program is designed to match families looking for qualified babysitters with area families in need.

The program is made up of three parts.

- Part 1 is students will complete a form with a variety of information from availability, age ranges they are comfortable caring for, if they have completed a babysitting training class etc.
- Part two will be a google survey families can complete with their information and preferences in a possible babysitter.
- The third and final step is students will be contacted with the family's information for them to connect with one of the babysitter from the database that fits their needs.

Please fill out the google form that can be found on the district website.

Community Education → Classes & Newsletters

Once we receive it, students who meet the criteria you specify will be given your information to contact you regarding babysitting services.

Floodwood School Community Education is simply the referral agent and have no legal responsibility for students who provide babysitting services.

If you have any questions please contact Ashley Engh, Community Education at aengh@isd698.org or 218-476-2285 ext 70108.
