Spread the word to families about K-12 tax benefits

As you prepare for the upcoming school year, the Minnesota Department of Revenue would like your help informing families about two Minnesota tax benefits: The K-12 Education Subtraction and the K-12 Education Credit. Many families do not know about, or take advantage of, these valuable tax benefits.

How can I help inform families?

Distribute our enclosed K-12 promotional handouts to students and their families. You may make additional copies as needed.

You may also go to www.revenue.state.mn.us and enter **K-12 promotion** into the Search box. Use our K-12 Promotional Materials webpage to:

- Print and distribute handouts for families, available in English, Hmong, Karen, Spanish, and Somali
- Post the sample social media messages on your accounts or school newsletter

Can I help educate families on other tax topics?

Yes! In addition to K-12 tax benefits outreach, we can educate families on income tax laws and benefits, property tax refunds for homeowners and renters, and free tax preparation options.

Contact any of our Community Outreach Coordinators below to discuss outreach and education opportunities.

Thank you for your help!

Save Receipts For Your Child's Education Expenses

If you're buying school supplies for your children in kindergarten through 12th grade, you may qualify for one or both of these tax relief programs:

- K-12 Education Subtraction
- K-12 Education Credit

Save your receipts, because both programs can help lower your taxes and may provide a larger refund when filing your Minnesota income tax return.

Last year, more than 19,000 families received the K-12 Education Credit and saved an average of \$261. Nearly 130,000 families received the K-12 Education Subtraction with an average subtraction of \$1,207.

Common Expenses That Qualify:

- School supplies (pencils, paper, calculators)
- Educational computer hardware and software
- Tutoring K-12 curriculum by a qualified instructor
- Rental or purchase of musical instruments used during school

Expenses That Do Not Qualify:

- School supplies not used in education (backpacks, tissues, organizers)
- Clothing, including school uniforms (except required gym clothes)
- School lunches
- Family trip to museum or zoo

Do I qualify?

To qualify for either the credit or subtraction, both of these must be true:

- You purchased educational services or materials to assist with your child's education
- Your child is attending kindergarten through 12th grade at a public, private, or home school

Income limits for Each Program

K-12 Education Credit: Your household income (taxable and nontaxable income) must be below the levels shown here. If you qualify for the credit, you must file a Minnesota return to claim a refund.

Number of qualifying children in K-12:	Household income must be less than:
1 or 2	\$37,500
3	\$39,500
4 or more	Add \$2,000 for each additional child
