**Floodwood School**  
**Application for Educational Benefits**

Dear Parents/Guardians,

Enclosed is the “Application for Educational Benefits”, previously known as the free and reduced lunch applications. Although every student in the Floodwood School District will be receiving free meals for the 2023-2024 school year, these applications are still incredibly helpful to the district to have completed. The application helps the district qualify to get compensatory revenue that can benefit every student in the district. Households that qualify will also qualify for reduced tech and band fees for their students.

For the seven county area of Northeastern Minnesota, this additional compensatory revenue is between \$235.56 and \$6,713.46 per additional eligible student.

Schools can spend compensatory revenue on remedial instruction in reading, language arts, mathematics and other content areas including improvement of study skills. It can fund additional teachers and teacher aides. It can fund individual tutors, lower classroom sizes or a team teaching approach.

We appreciate your cooperation in completing this application to benefit the district and all of our students.

Thank you,

Floodwood School
