TITLE I, PART A
SCHOOLWIDE SCHOOLS.

DISTRICT GOALS

District and campuses will have **on-going job-embedded professional development** support to effectively create professional learning communities throughout the ESD.

District and campuses will have a **common purpose, vision, language, and understanding** to effectively establish a culture that embraces collaborative work done within a professional learning community.

A **multi-year, comprehensive, and coordinated professional development plan** will be created that is aligned to district and campus goals to support student achievement and social emotional development.

DISTRICT GOALS

Campuses will have a **system for analyzing student achievement data.**

There will be a **20% increase** in the number of students who are ready or exceeding on standardized achievement tests.

There will be a **20% decrease** in the number of students who are identified as in need of support on standardized achievement tests.

DISTRICT GOALS

A comprehensive, coordinated, and effective **RTI program** will be established on each campus.

Special education students will be provided a **guaranteed and viable curriculum** that is coordinated with their IEP.

There will be a **20% decrease** in the number of special education students scoring in need of support on standardized achievement tests.
