Elementary Recess - Cold Weather

It seems we have avoided the cold weather for now, but it will come and when it does, please send your child prepared to go outside for recess. Please double check to make sure that your child has appropriate clothing for the snow and cold weather by wearing:

- Snow Boots
- Gloves
- Snow pants
- Warm coats
- Shoes to wear in the classroom

After School Program

There will be no after school program on November 23rd and December 2nd.

We have had so many amazing things happen at the Newell School District this school year. We try to post the events on the school Facebook Page and website but inevitably there are always happenings we miss. I encourage each of you to visit with your child and ask them how the day went and what they did in school. Talking to your child about school will give you an insight to their day and show we all care about them and want what is best for them. Talking about school will help you understand what is happening and if they are experiencing any problem or having trouble in a certain area. Communicating with your child will also give you a chance to teach them family values about things like teamwork, respect for themselves and others, friendships, relationship, and problem-solving.

Thank you for your support this year as we continue to use a common-sense approach to the school year. We have had some COVID cases and other illnesses within our school; however, we have been able to move forward and continue to focus on the academic, emotional, and social needs of our students. Let's continue to work together as we are all on the same team with the same goal: THE BEST EDUCATION FOR OUR KIDS!

Irrigator Pride,
Steve Schoenfish
