

**Atkins Public School District
2022-2023 Atkins School District
Parent and Family Engagement Plan Summary
479-641-7872**

The Atkins School District recognizes the importance of family and community engagement for continued success of its students. We strive to offer opportunities for input and engagement through activities/events hosted at the District level, and at each building level. Through the engagement opportunities provided for families and community members, we will receive feedback on how to improve barriers of communication and time constraints to make our activities/events the most beneficial.

Research has shown students with high family and community engagement perform better academically. Communication is the key to keeping families and communities engaged and informed. The Atkins School District will continue to provide families updated academic progress on their children through conferences, classroom and state assessments, and state standards based on the curriculum taught by each school building. Families and community members will continue to receive reports and/or information through multiple social media outlets, the District's website, newsletters, monthly calendars, and The Annual Report to the Public in October.

The Atkins School District looks forward during the school year to continue serving our students, families, and community members through family and community engagement. Being able to serve through this capacity allows us to break barriers and to help our students succeed in and out of the classroom. We know this isn't possible without the help and diligence from our faculty members, community members, and families.

The purposeful design of family and community engagement will allow the Atkins School District to fully implement the Family and Community Engagement Plan set for the 2022-2023 academic school year in hopes to receive growth, input, and positive outcomes for our students, families, and community members. Through the lens of family and community engagement, we will see Red Devil Results in a positive manner.
