Dear Parent(s)/Guardian(s) of students being dropped off or picked up at the Middle School:

Due to safety concerns of students crossing between buses, you will need to use the correct drop off location on the West side of the school. Drive straight in the MS parking area to the end, turn left and loop back up to the side of the school building. This will allow everyone to get off of the street.

BUSES ONLY will be allowed on the North side of the building during busing hours.

Please keep in mind; our #1 goal is to keep our children safe!

Thank you for your cooperation.
