

DRAGONS DIGEST

February 2017

Ste. Genevieve R-II School District Newsletter

Note from the Superintendent

Welcome to the first edition of the Dragons Digest! Our goals with this publication are to inform our community members and to recognize, celebrate, and appreciate the great things our students and district are doing. This edition has information about our recent library renovation, a variety of student activities and events, a pull-out calendar for the remainder of this school year, and the district's outstanding scores on the Annual Performance Report.

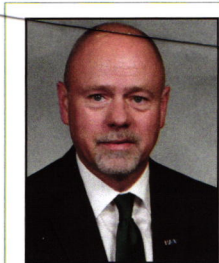

I proudly share with other school leaders from around the state the tremendous support for education we enjoy here in our community. I tell them about our outstanding parents who instill a sense of pride in their children to do things right and work hard. I brag on our faculty, staff, and administrative teams for their commitment to provide the absolute best educational opportunities for our students. I share that the Ste. Genevieve R-II Board of Education members truly are selflessly and completely dedicated to the school district and our students.

But, most importantly, I talk about our students. I talk about their accomplishments in the classroom and in extra-curricular and co-curricular activities. I talk about their high level of participation in clubs and organizations. I talk about them giving back to the community through service projects. I talk about how their school spirit and sense

of pride is unlike any I have ever seen before. In other words, I boast about the amazing things our students do in so many ways every day!

Recently, we revised our Mission Statement and Motto to better reflect what we are all about here at Ste. Genevieve R-II. It was a rather lengthy process involving a large number of stakeholders. Students, parents, community members, faculty and staff all came together in a discussion of what our mission as an educational institution should be and how we can get to the heart of who we are in just a few words. What came out of that process was a new Mission Statement - Working together to create success at Ste. Genevieve R-II and beyond and a new Motto - DRAGONS: Family • Tradition • Excellence. These two things help guide our decision making as we try to always make decisions in the best interests of our students.

I hope you enjoy the Dragons Digest. By informing, recognizing, celebrating, and appreciating the amazing things our schools and students are doing, we hope you are as proud of our schools, students, and staff as we are.

Dr. Jeff Lindsey
Superintendent
