

NEBRASKA CITY

TURF & DIRT INITIATIVE

THE WHY

The current field turf at Nebraska City High School was installed in 2008 and has provided opportunities for students and community members beyond its predicted lifespan. We anticipate that the '21-'22 school year will be the last year students will be able to safely participate on the turf, so the time to replace is now.

THE GOAL

\$1,000,000

\$450,000 - Initial goal for field turf replacement

\$550,000 - Additional funding to support upgrades to the athletic complex; track resurfacing, lighting improvements, addition of a pole vault runway and pit, and enhancements to the shot put and discus rings

THE HOW

Nebraska City Public Schools cannot achieve this alone. We are thankful to be working collaboratively with Nebraska City Athletic Booster Club, Fine Arts Boosters, Elementary Parent Teacher Organization, Nebraska City Public School Foundation and Lourdes Central Catholic. The volunteers of each of these organizations are committed to assisting with this fundraising initiative in support of the replacement and upgrades of the athletic complex at Nebraska City High School.

WAYS TO SUPPORT

Advertising Banner Sponsorship

- 4' x 8' Full color banner
- Seasonal display
- 4 year Commitment for \$1,000 or \$350 annually
- Location on fencing surrounding Pioneer Field

Financial Contribution

- Tax-Deductable donation to Nebraska City Public Schools Foundation
