November 2, 2021

Parents and Staff,

Muleshoe ISD Administration has been notified by a Watson Junior High parent that their student tested positive for COVID-19 on December 2, 2021. The student has been isolated. This is notification for the individuals that may have come into "close contact" with the student. Muleshoe ISD is continuing to deeply sanitize all areas of the campus where the staff member was present. All District employees and students are instructed to continue to follow guidelines and recommendations and to practice social distancing. Out of an abundance of caution, we advise you to monitor your health, follow the guidelines for people who have had close contact. Contact your primary care physician if you develop symptoms. Muleshoe ISD is continuing to monitor this situation and will provide additional information as needed. We hope for a successful recovery for our treasured student.

Respectfully,

R. L. Richards, Ed. D.
Superintendent
Muleshoe ISD
