

# High School Students!!!

East Arkansas Community College offers a program that will allow you to earn college credit while still attending high school. This program is known as Concurrent Enrollment.

What is Concurrent Enrollment?

- This program is designed for students in grades 9-12.
- Concurrent enrollment is the enrollment of a high school student in college for high school credit and college-level credit.
- Qualified instructors teach the course at your school or within the school district. All general education courses transfer to four-year state universities.

## **Possible concurrent credit courses to be offered at your high school:**

### General Education Courses Include:

English Composition  
Art Appreciation  
US History  
College Algebra  
Intro to Sociology  
Intro to Oral Communication (Speech)

### Suggested Electives:

Medical Terminology  
Computer Fundamentals  
Intro to Criminal Justice  
Health & Safety  
Concepts of Physical Activity

EACC is excited to offer high school students this opportunity to earn college credit at a minimal cost.

For more information about the Concurrent Enrollment program, you may speak with your high school guidance counselor or [click here](#) to view the Concurrent Enrollment brochure on the EACC website.

Contact EACC at (870)633-4480 ext. 281 to speak with a program representative.
