Heart Hunt Winners

Congratulations to our winners! Ella, Emily, Isabella and Sage for their Heart Hunt Photos! Keep your eyes on your e-mail for your gift card!

What's Inside

Be the Light

- *A twilight view @ the Home of the **Dukes** for our students*

Letter to the class of 2020

- *Sophia and Elly send their love and thanks*

Classmate Wisdom

- *Wisdom from your fellow students going through this trial*

Dad Jokes

- *Plus a chance to submit your own*
- ### Winners of the Heart Hunt
- *Watch for next week to win yours!*

Classmate Wisdom

Here's a bit of wisdom from your classmates:

- Enjoy this time, no matter how hard it gets, it goes by fast.
- Follow the rules, make friends, and have fun.
- Just don't be mean.
- Wash your hands.
- Live in the moment, don't take advantage of opportunities in front of you, you may never get a chance to do something like this again.

Bad Dad Joke Corner

Submit your joke [here](#)

- What sits at the bottom of the ocean and twitches?
- A nervous wreck
- To the mathematician who thought of 0...
- Thanks for nothing
- Don't spell part backwards, it's a trap!

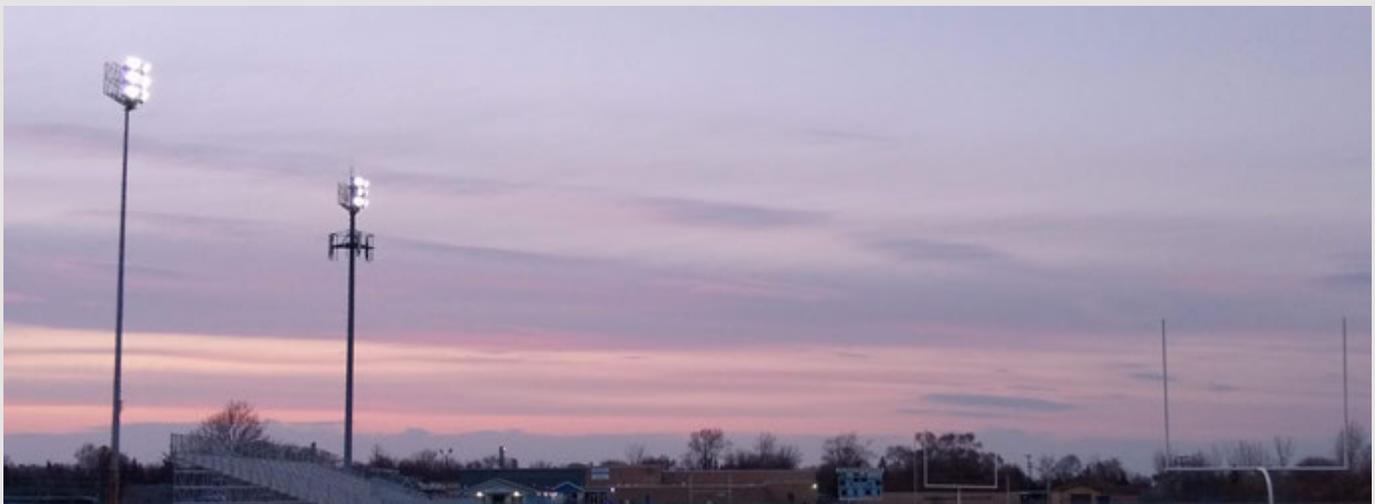

Letter from SLS President & Vice President to the Senior body

Dear Class of 2020,

The past 4 years attending Garber High School has been a roller coaster. We have had ups and downs of all sorts. Our first year started out great and our last ended in heartbreak. Most of us grew up together since preschool and we gained and lost some along the way, but it has been such a fun journey with all of you. To finally make it to the end seems surreal. So many of us have seen each other through the best and the worst of it. We have celebrated together during pep rallies and sporting events. Personally, we may be biased as 3-time recipients of the spirit G, but our school spirit and love for Garber High School is magnificent. We cried too, at the first last and the last last. It really hit us differently. For anyone who was at the district basketball game you got to see us all come together and share some tears. I'm sure walking out of school on March 13th many of us thought we would be able to walk the halls one last time together, step on that stage to sing, walk on onto the court, field, or track to compete, and to sit on those islands one last time to just laugh. We don't get to have that. Maybe that has brought you to tears as well. Everyone had an idea of how they thought we would bring our last year to a close. Unfortunately, our plans won't get to be put into action, but everything will be okay. If there is one thing to be taken away from this whole experience is that we will get through it together. Not being able to see everyone daily is really hard, but we have been able to witness our class come together on so many occasions to fight and come out on the other side stronger. We have great athletes, performers, leaders, among so many other things, and it will be so exciting to see what amazing things everyone will accomplish in the future. Whatever you put your mind to you will achieve. You are all such wonderful people and have already done so many wonderful things. It has been a blast to survive these past years together. Can't wait to, hopefully, walk across that stage in cap and gown with you all!

Be the Light @ Garber 20:20

Photo: [Garber](#) @ Twilight

By: Sage Bower

With this pandemic bringing fear and hesitation to people all over the world, some schools have decided to start shining some light on the situation. To help some students cope with our new 'normal', some schools have joined a campaign called "Be the Light." Schools have started to turn on their stadium lights every Friday at 8:20 p.m. (20:20 in Military time) and leave them on for 20 minutes and 20 seconds to honor the class of 2020. Some of the schools that have started to do this include [Garber](#), Millington, Central, and SVSU. When I asked Mr. Campbell why we joined the "Be the Light" campaign, he said, "We joined schools throughout the country in it as a way to honor the class of 2020. We know it doesn't replace the school days, time with friends, or experiences that they've lost due to COVID-19. But, we hope that it serves as a signal that they are special, appreciated, and not forgotten." This is a small tribute to not just our seniors, but a loving reminder to keep the **light** burning bright for **all** of our students: Work hard, that stadium will be filled again with **Dukes** of old and new cheering for your victory - be it on the field, the classroom, or the community!

*In the spirit of keeping safe, to lead our **light** onward it is important to stress to not gather during the "Stay Home Stay Safe" executive order. **Please** do not gather on school grounds for this event; cherish it from afar in order to help keep our community safe and to continue practicing social distancing.*
