# SCHOOL BOARD MEETINGS

Prosser School District No. 116 \* 1126 Meade Avenue, Suite A \* Prosser, WA 99350

# Welcome to a meeting of Prosser School District Board of Directors!

Your views and interest in education are important to us and to your schools. Whether your visit is for the purpose of bringing information to the board's attention, solving a problem, or simply to see what's going on, we hope you'll feel welcome and comfortable at this meeting. We also hope that you will leave with a better understanding of your school district and its board of directors.

#### **How the Board Operates**

As the board meeting progresses, you may notice that there is quick action on some items. This is because the board generally considers an issue for several meetings before taking action, and also because background materials on the various items are sent to members for their careful study prior to the meeting. Sometimes the board will approve a motion that encompasses many items. These items, grouped under the "consent" portion of the agenda, are considered routine. You'll be able to follow the action more carefully if you pick up a copy of the agenda that is available.

Board members are: Bill Jenkin, President; Dr. Warren Barmore, Vice-President; Peggy Douglas, Scotty Hunt, Legislative representative and Andy Howe, WIAA representative. Student representatives are Lacey Desserault and Ali Cox.

#### **About Board Meetings**

Business meetings are held twice each month, usually on the 2nd and 4th Tuesdays. The first meeting of the month is also a time for the various educational programs of the district to provide an educational presentation to the Board. These meetings begin at 7:00 p.m.

The board encourages input on all issues under discussion at the business meetings.

**About Executive Sessions** 

The board may occasionally go into executive session, thus excluding the public and the news media from witnessing the discussion. You should know though, that the board will only discuss issues in executive session. It must, by law, take all actions in an open meeting. The law also limits what the board can legally discuss in executive session. These closed discussions may only concern litigation, personnel selection or evaluation, negotiations, complaints against an officer or staff member or real estate transactions where public disclosure would be damaging to individuals or the general welfare of the district. Before going into executive session, the board president must estimate the time the board will return to open session.

#### **Study Sessions**

Board Study Sessions are held by the board to address specific issues and to give the board an opportunity to have staff make presentations regarding specific areas of instruction or operation. Study sessions are open meetings and offer the community an opportunity to hear the issues being discussed. Study sessions follow the same protocols as regular board meetings for addressing the board with questions or concerns.

#### Addressing the Board

You may present a concern to the board during the time reserved for hearing public comment. If this is the case we ask that you:

- Prior to the start of the meeting, sign in, noting the topic you intend to address to the board.
- Come to the microphone and state your name.
- Do not reflect adversely on the political or economic view, ethnic background, character or motives of any individual.
- Do keep your comments concise, nonemotional and brief.

The board is interested in hearing your concerns and your compliments too. It's best to call the superintendent's office a

couple of days before the meeting. If this isn't possible, you can ask the board president to recognize you during the hearing section.

#### **Board Hearings**

The school board can be compared to a "court of last resort." If a concern cannot be solved by first talking with the teacher, principal, or appropriate district personnel, it may be forwarded to the board for hearing. Sometimes this hearing may be conducted in "executive session," meaning the public and the media are not in attendance.

#### **About Your Board**

Public schools are especially close to the communities they serve because they are governed by men and women selected from the community. These men and women - your school board; are volunteers who spend a great deal of time on the many details involved in providing quality education.

Board members serve four-year terms. They are required to file financial disclosure statements with the Washington State Public Disclosure Commission and must be registered voters of the school district

School board members attend meetings, keep communications open with other members of the community and represent the needs of the district before local, state and national representatives. They make critical decisions that have a direct impact on what children learn and how they learn it. However, a school board is a legal body and can only make decisions as a body.

You may notice that many of the decisions the board must make are not directly related to instruction. School board members are also responsible for keeping the buildings and grounds in good shape, balancing the budget, protecting the district's legal interests,

and providing for long-range planning.

# **BOARD PACKET**

**TO**: Board of Directors

SUBJECT: Certificated Personnel - REVISED

AGENDA: Consent

**DATE**: October 11, 2016

**PREPARED BY**: Dr. Ray Tolcacher, Superintendent

# **Certificated Employees**

**Kristin Olsen** has been recommended as a .5 reading specialist at Prosser Heights Elementary School for the 2016/17 school year.

**Jessica Huntington** has been recommended as the 8<sup>th</sup> grade girls' head basketball coach at Housel Middle School.

**Ryan Wood** has been recommended as a boys' basketball assistant coach at Housel Middle School.

# **BOARD PACKET**

**TO:** Board of Directors

**SUBJECT:** Classified Personnel - **REVISED** 

AGENDA: Consent

**DATE:** October 11, 2016

PREPARED BY: Craig Reynolds, Business Manager

#### **CLASSIFIED EMPLOYEES**

**Kristine Perales** has resigned as the .5 cheer coach at Prosser High School.

Misa Traver has been hired for the position of meal accounting at Prosser High School.

Morgan Meadows has resigned her position as an assistant softball coach at Prosser High School.

Heather Hancock has been hired as the office assistant at Housel Middle School.

Debra Lehman has been hired as a one to one paraeducator at Housel Middle School.

Maria Flores has been hired as a bilingual paraeducator at Housel Middle School.

A Study Session of the Prosser School District Board of Directors was called to order at 6:01 p.m. by Dr. Warren Barmore, Vice-President. Other Board members present included Peggy Douglas, Andy Howe and Scotty Hunt. Also present were Dr. Ray Tolcacher, Superintendent; Craig Reynolds, Business Manager, Deanna Flores, Assistant Superintendent and Julie Hyatt, Secretary. Student Board Representative Ali Cox was also present. The purpose of the Study Session was for the Board to hear two presentations: Life Skills Transit Training and a review of our State Assessment. The meeting was held in the Keene-Riverview Elementary MPR, 832 Park Avenue, Prosser, WA. President Bill Jenkin was excused from the meeting.

#### STUDY SESSION

## Life Skills Transit Training

Randy Walker, special education teacher at PHS and Robbin Nehls, Transition Specialist, distributed an informational handout to the Board members. Mr. Walker explained the history of the program and how it has grown in the past eight years. He also described the different levels of trips (degree of difficulty and/or detail) they have created for students.

Mrs. Nehls explained her job duties and responsibilities as they prepare for field trips for the life skills students. She also recalled one of the trips when she accompanied students on a field trip and purposely made several "mistakes" in order to provide students with solutions when they got lost or on the wrong bus. She also stated that some students are working locally in a few retail stores.

Dr. Syndi Duehn added that Randy and Robbin use the Benton Franklin transit system more than any other school district in the area. Their transit program has been used as a model for other school districts. Syndi also explained the great deal of work that Randy and Robbin put into the preparation of students for their trips. The program has proven very successful for building confidence in their students.

Dr. Tolcacher encouraged the Board members to contact Mr. Walker if they would like to participate a field trip.

#### State Assessment

Deanna Flores, Assistant Superintendent distributed an overview of our state assessment data results. Deanna explained that the first test administered to our students is the WAKIDS assessment to incoming kindergarteners. WAKIDS is a required assessment as we receive All Day Kindergarten funds. Deanna then listed the rest of the tests administered throughout the year as well as our District demographics and some test results.

Dr. Tolcacher asked the Board members to do some thinking about the presentation tonight and then said we can continue to do further analysis of where we are.

The Study Session adjourned at 7:00 p.m.

The Regular Meeting of the Board of Directors of Prosser School District was called to order at 7:07 p.m. by Dr. Warren Barmore, Vice-President. Other Board members present included Peggy Douglas, Andy Howe and Scotty Hunt. Also present were Dr. Ray Tolcacher, Superintendent; Craig Reynolds, Business Manager; Deanna Flores, Assistant Superintendent; Julie Hyatt, Secretary. Student representatives Ali Cox and Lacey Desserault were also in

attendance. There was also an audience representing school staff and community members. President Bill Jenkin was excused from the meeting.

#### THANK YOU TO STUDY and SURVEY TASK FORCE

Andy Howe presented members of the Task Force who were in attendance with engraved notebooks and thanked them all for their hard work and dedication. Each of the Board members also thanked the members of the Task Force.

#### SWEARING IN and SEATING of STUDENT BOARD REPRESENTATIVE

Dr. Tolcacher read the Oath of Office to Lacey Desserault, our new Student Board Representative. Lacey then assumed her seat at the table after being congratulated by the Board members.

#### APPROVAL OF AGENDA:

Motion by Peggy Douglas, seconded by Andy Howe and motion carried to approve the revised agenda. The revision included an addition to Action Items. Also, it was announced there would be an exempt meeting held at the conclusion of the Board meeting, for the purpose of discussing negotiations.

#### **COMMUNICATIONS:**

A thank you note from Rene Martinez was read aloud by Dr. Barmore, thanking the Board for supporting the improvements made at the high school for her daughter.

#### RECOGNITION:

#### Governor's Award for Teaching History

Michelle Hall was presented with a Certificate of Achievement for being selected as the recipient of the Governor's Award for Teaching History. She was also congratulated by the Board members.

#### **INFORMATION ITEMS:**

#### PTA Update

Lisa Galbraith was not in attendance.

#### PROTOCOL FOR ADDRESSING BOARD:

Dr. Tolcacher did not read the Protocol for addressing the Board.

#### **HEARING OF VISITORS:**

Cynthia Martinez – Cheerleader Mom: Mrs. Martinez is concerned about the cheerleader practice time. She explained that her daughter gets up at 4:30 a.m. to practice at 5:00 a.m. as there is no available space later in the morning. She is concerned about how taxing this is on all of the cheerleaders.

Dr. Tolcacher said he will meet with Bryan Bailey and Kevin Lusk to see what can be done to help this situation and then report back to the Board.

#### Assistant Superintendent's Report

Deanna Flores reported that she had received an email today from WSU, regarding a new grant we have just received to fund two new cohorts for paraprofessionals and other district

staff members to earn their K-8 teaching certificate with an ESL or bilingual endorsement. We already have a candidate from our District who plans on entering the program.

#### Business Manager's Report

• September 2016 Enrollment

#### Superintendent's Report

Dr. Tolcacher provided an update to the Board about a situation that occurred today at Milne Fruit, which is across from Keene-Riverview Elementary. There was an ammonia leak at Milne's, with the smell of ammonia permeating into the school. A "Robo" call was made to the parents as well as a notification put on Facebook. The KRV staff was awesome, got the students off the playground, turned off the air system and had everything under control.

WSSDA Conference – Dr. Tolcacher announced his plan to retire at the end of the 2017/18 school year. He strongly urged the Board members, while in attendance at the WSSDA conference, to connect with search firms who will also be there, to begin the process of looking for his successor. Dr. Tolcacher will arrange a meeting between the search firms and the Board members at the WSSDA Conference.

Peggy Douglas said she really appreciates all that Dr. Tolcacher has brought to the District.

#### Board Members' Reports

Scotty Hunt – Sent a report of his legislative assembly experience this past weekend to the Board members. He reported on one idea he heard which is used to help with teacher retention; that is to invite new teachers to a Board meeting and introduce them to each Board member. Dr. Tolcacher said we will invite the new teachers to a Board meeting right away.

## Peggy Douglas - No report

**Warren Barmore** – Started his host tutoring and had a very fun experience with the kids at KRV, when a hot air balloon was brought over to the school.

**Andy Howe** – Study and Survey is coming to a close. Andy asked if it is possible to begin getting information out about the upcoming bond.

Dr. Tolcacher said the Board has to do two things: Decide on modernization at the current site or building a new high school on a new site and also deciding if only the core at Whitstran will be remodeled, which will cause additional kids to be moved into town. These decisions need to be finalized before moving ahead and the two community meetings need to take place first. He does think though, the Board could state publically they are moving ahead with a plan to place a bond on the February ballot even though all the details are not finalized.

After discussion, it was agreed to move forward at the end of October, at our second Board meeting, after the community meetings have been held.

Dr. Tolcacher would like to have a study session with the architect before the October 13 community meeting. He thinks it would be helpful to have this opportunity to have as much information as possible before the community meetings are held.

#### Discussion

Dr. Tolcacher called Ed Champagne, our architect, to see if we can get a study session

planned in early October. After speaking with Mr. Champagne, it was agreed to hold a study session on October 5 at 7:00 p.m. This would be an open meeting to ask the architect any questions the Board has.

Dr. Barmore stated that at the next Board meeting, there needs to be a motion made to dismiss the Study and Survey Task Force.

#### Student Representatives' Reports

Lacey Desserault, President of FFA, reported that several members leave tomorrow to go to Pullman for a land judging competition. She also reported that several FFA members are going to Indianapolis in a couple of weeks to attend the FFA national competition.

Ali Cox invited the Board to her swim meet on October 4. Pink Week is October 3-7. It has been decided that Nate Dixon, a student battling Hodgkin's Lymphoma will receive ¾ of the funds raised and the other ¼ will be donated to Prosser Memorial Hospital to help pay for mammograms. Ali also explained that each day of Pink Week is designated with a different color for students to wear which represents a different type of cancer. Ms. Cox also reported that the ASB president has created an online newspaper entitled *The Mustang Way*. The publication can be found at mustangway.org. Lastly, the theme for Homecoming is *The Wizard of Oz*.

#### CONSENT ITEMS:

Motion by Scotty Hunt, seconded by Peggy Douglas and motion carried to approve the Consent Agenda as presented.

#### Certificated Personnel

Andy Hall submitted a letter of resignation from his position as a girls' basketball coach at Housel Middle School.

#### Classified Personnel

*Jeff Willoughby was hired as the girls' golf coach at Prosser High School.* 

Moriah Messer was hired as a one-to-one paraeducator at Prosser Heights Elementary School.

Kathy Brooks was hired as a noon duty supervisor at Housel Middle School.

#### Approval of Minutes

Minutes from the September 13, 2016 regular board meeting and the September 22, 2016 special board meeting were presented.

#### Contracts and Personal Service Agreements:

None

#### Volunteer Coaches

None

#### OLD BUSINESS:

Attendance at National School Board's Annual Conference, March 25-27, 2017

Dr. Tolcacher has not had a chance yet to look into our Board attending this conference.

#### **ACTION ITEMS:**

Agreement with Educational Service District (ESD) No. 112 for Commercial Driver License Skills Testing Services

Bill Petersen, Transportation Supervisor, addressed the Board and answered their questions. Mr. Petersen reported that commercial driver's license testing fees have gone up within the State of Washington for all commercial drivers with the exception of the school bus drivers skills test fee, which has remained the same.

ESD 112 is electing to discontinue accepting skills test fees from individual driver applicants and is instead offering school districts an opportunity to enter into a contractual agreement wherein districts will pick up the cost of skills testing services.

The cost for an individual test is \$110.00. The District will be invoiced per individual tested by the ESD. The District would then need to be reimbursed by the potential applicant.

#### Discussion

The Board members asked Mr. Petersen questions about the cost associated with becoming a bus driver as well as potential incentives and remedies other districts have tried to recruit bus drivers.

It was agreed to bring back the idea which Peggy suggested, a practice employed in Paterson, to pay the candidates for their training time and to reimburse them for their costs once they are hired by the District.

Motion by Peggy Douglas, seconded by Andy Howe and motion carried to approve the agreement with ESD 112 to provide commercial driver license skills testing services for the Prosser School District.

### Vouchers and Payroll

"The following vouchers as audited and certified by the auditing officers, as required by RCW 42.24.080, and those expense reimbursement claims certified, as required by RCW 42.24.090, are approved for payment. In addition, payroll warrants in the amount of \$2,461,327.17 are also approved.

General Fund Voucher numbers 189585 through 189638 totaling \$121,205.01 General Fund Voucher numbers 189639 through 189699, totaling \$130,060.25 Associated Student Body Fund Voucher numbers 184514 through 184524 totaling \$6,292.88.

Payroll Warrant numbers 49055 through 49144 totaling \$2,461,327.17

Motion by Andy Hall, seconded by Scotty Hunt and motion carried to approve the accounts payable vouchers and payroll, payable September 30, 2016.

<u>Temporary Out-of-Endorsement Waiver for Prosser Falls High School Special Education Teacher</u>

Deanna Flores reported that the District hired Gary Fox to supervise Apex courses at Prosser Falls High School. We hired Mr. Fox based on qualification and certification documents submitted by another school district. OSPI notified us at the end of the last school year those submitted documents were not valid. The state recognizes that we have a critical shortage of teachers, so our Board can approve a 'Temporary Out-of-Endorsement Waiver' for this school year for Mr. Fox until we transition to a new alternative format.

#### Discussion

Deanna explained that Toppenish School District had scored Mr. Fox incorrectly on the "HOUSSE" (High Objective, Uniform, State Standard of Evaluation) form. That staff calculated Mr. Fox's points for teaching several subjects incorrectly and OSPI just discovered it last year. This did not affect his pay. Deanna addressed the fact that we had been notified last May, but we didn't have anyone else to fill the position. She also said we had hoped to find another solution, but were not able to, which is why it is being brought before the Board now. There was also discussion about the possibility of moving the alternative school back to the high school.

Motion by Andy Howe, seconded by Scotty Hunt and motion carried to approve the Temporary Out-of-Endorsement Waiver for Prosser Falls High School Special Education Teacher, Gary Fox.

#### Donation from Prosser Chamber of Commerce to Wrestling Team

The wrestling team has received a donation of \$500.00 from the Prosser Chamber of Commerce. The donation will be deposited into the ASB account. We greatly appreciate the help and support from the Prosser Chamber of Commerce for our athletes!

Motion by Andy Howe, seconded by Scotty Hunt and motion carried to accept the \$500 donation from the Prosser Chamber of Commerce.

#### Appointment of Student Board Representative

Motion by Peggy Douglas, seconded by Scotty Hunt and motion carried to table this item until the next Board meeting while the procedure is being revised.

#### Out-of-State Travel: AVID Students to Eastern Oregon University

Deanna Flores explained that a college visit to Eastern Oregon University is planned for 70 AVID students in conjunction with the goal of having students "college and career ready". AVID will provide the necessary teacher supervision for the activity.

Motion by Scotty Hunt, seconded by Peggy Douglas and motion carried to approve out-of-state travel for AVID students to visit Eastern Oregon University in LaGrande, Oregon.

#### Discussion

Are there college trips planned for students who are not in AVID?

Deanna explained that part of the AVID curriculum is to visit college campuses. The high school brings college representatives to the school for College Fair Night, so all students can be introduced to different institutions. Gear Up students also attend college campuses.

Ali Cox, an AVID student, said it is really nice to go on these trips as many students have not ever visited a college campus. It helps them decide where they want to go after high school.

#### **DISCUSSION ITEMS:**

#### **Board Member Compensation**

Dr. Tolcacher distributed a handout detailing what other districts in our valley do regarding compensation of board members. He also said that if the Board wants to put the policy back into place he can create some language to do so, but he'll need to check with WSSDA to see if board members can give themselves a raise or provide themselves with compensation.

The Board members would like more information on this topic after Ray looks into their questions. They would like to know the legal opinion before they make a decision.

#### ADJOURNMENT:

Motion by Peggy Douglas, seconded by Andy Howe and motion carried to adjourn the meeting. The meeting was adjourned at 8:37 p.m.

#### **FUTURE MEETINGS:**

- Regular Board Meeting, October 11, 2016, Keene-Riverview MPR, 7:00 p.m.
- Special Board/Community Meeting, October 13, 2016, Prosser High School, 7:00 p.m.
- Special Board/Community Meeting, October 20, 2016, Keene-Riverview, 7:00 p.m.
- Regular Board Meeting, Keene-Riverview Elementary MPR, October 25, 2016, 7:00 p.m.

Clerk to the Board	Board Vice-President
Secretary to the Clerk of the Board	-

#### Special Board Meeting October 5, 2016

A Special Meeting of the Prosser School District Board of Directors was called to order at 7:01 p.m., by Dr. Warren Barmore, Vice-President. Other Board members present included Andy Howe, Scotty Hunt and Peggy Douglas. Dr. Ray Tolcacher, Superintendent; Craig Reynolds, Business Manager and Julie Hyatt, Secretary were also present. The purpose of the Special Board Meeting was to review and discuss the recommendations of the Study and Survey Task Force with the Board-appointed architect, Ed Champagne. The meeting was held at the Staff Development Office, 1500 Grant Avenue. Several staff members were also present.

#### APPROVAL of AGENDA:

Motion by Andy Howe, seconded by Scotty Hunt and motion carried to approve the agenda.

# REVIEW AND DISCUSSION OF STUDY AND SURVEY TASK FORCE RECOMMENDATIONS

Dr. Tolcacher stated the purpose of the meeting was for the Board members who did not serve on the committee to gain a better understanding of the recommendations of the Study and Survey Task Force. Ed Champagne, chief architect for Architects West, was there to answer questions the Board members had and to provide clarification on the handouts which were distributed at the start of the meeting.

Andy Howe described the process the Task Force had gone through to reach this point. He also briefly described the different recommendations the Task Force had decided upon.

Ed Champagne provided a brief recounting of how the Task Force had arrived at their decisions to modernize the existing elementary schools and not to build on property out by the airport due to budgetary constraints.

The Board members then contributed to the discussion while asking questions of Mr. Champagne.

#### Discussion

Peggy Douglas said she would like to explore taking some of the extra square footage that we will have with the proposed bond, and adding it to Whitstran, instead of increasing the elementary schools in town to accommodate some of the current Whitstran students.

Kevin Gilman, principal at Whitstran and Sally Juzeler, former Whitstran principal, addressed the Board and described the building configuration at Whitstran.

Adding square footage and/or decreasing the number of students at Whitstran was discussed. The projected growth of enrollment numbers was also discussed.

Sally Juzeler said that while she believes in small schools, she thinks there is a danger of having an elementary school serving too few students. She also hopes the other elementary schools are not made too large.

Discussion ensued about the ability to increase the square footage of the main building at

#### Special Board Meeting October 5, 2016

Whitstran and the possibility of reclaiming the space that is currently used by the Inspire Development Center.

Mr. Champagne said the total square footage for modernizing the elementary schools can be configured any way the Board determines.

Possible modernization ideas for the other elementary schools were also discussed.

The Board members agreed they are interested in seeing if the main building at Whitstran could be increased to get rid of the portables to accommodate the current population of students.

Discussion then turned to the choices for the high school in the upcoming bond election.

Board member Douglas said she has been approached by community members with questions about the historical portion of the high school if the decision is made to build a new high school at a new location.

Mr. Champagne said there is money for new roofing, electrical and a new HVAC system for the current high school building.

Possible uses for the historical building were discussed. Some of those ideas mentioned were Boys and Girls Club and/or CBC (Columbia Basin College) using portions of the building as well as using space for the district administration office, special services and the curriculum office. The use of the current high school building as a "swing space" during the renovation of the elementary schools was also discussed.

The Board members said they feel it is important to hear the opinions of community members at the upcoming meetings.

There was also discussion about different properties that the District owns.

#### **ADJOURNMENT:**

Motion by Peggy Douglas, seconded by Andy Howe and motion carried to adjourn the special board meeting. The meeting was adjourned at 8:40 p.m.

#### **FUTURE MEETINGS:**

- Regular Board Meeting, October 11, 2016, Keene-Riverview MPR, 7:00 p.m.
- Special Board/Community Meeting, October 13, 2016, PHS Library, 7:00 p.m.
- Special Board/Community Meeting, October 20, 2016, Keene-Riverview MPR, 7:00 p.m.
- Regular Board Meeting, October 25, 2016, Keene-Riverview MPR, 7:00 p.m.

# **BOARD PACKET**

TO:

**Board of Directors** 

SUBJECT:

Karen Beeman Teaching for Bi-literacy Service Agreement

AGENDA:

**Action** 

DATE:

October 11, 2016

PREPARED BY:

**Deanna Flores, Assistant Superintendent** 

# **Background**

The Prosser School District is implementing two Late Exit Bilingual programs this year at Whitstran and Keene-Riverview Elementary Schools. This creates a large need to build capacity for bi-literacy development at each school. We sent 6 staff from the two schools last summer to the Teaching for Bi-literacy Summer Institute. Training with this institute is ongoing. We have a chance to bring Dr. Beeman here on Wednesday, October 26, while she is here with Kennewick School District, who has used this consultant for five years. Dr. Beeman will hold demonstration teaching sessions and debriefing with bilingual kindergarten staff from both schools. In addition, she will hold a 1½ hour in-service with all staff from Whitstran and Keene Riverview.

The cost for the day is \$2,300. An estimated additional \$505 will be needed for travel expenses (we will share travel expenses with Kennewick School District). The costs will be paid from Bilingual Program and Title III funds.

#### Recommendation:

It is recommended that the School Board of Directors approve the Karen Beeman Teaching for Bi-literacy Service Agreement.

The prospective vendor certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department agency.

# Prosser School District No. 116 BUSINESS OFFICE 1126 Meade Ave., Ste. A, Prosser, WA 993

1126 Meade Ave., Ste. A, Prosser, WA 99350 509-786-3323

#### CONSULTANT SERVICE AGREEMENT

Consultants are employed for a specific purpose and a limited period of time. They are not covered by industrial insurance nor receive any employee benefits of the district. Consultants normally have an IRS Identification Number.

The fee for consultants is to be a flat rate agreed upon and approved in advance by the department manager and the business manager. Reimbursement for expenses such as supplies, mileage, meals and lodging require prior approval. Receipts for expenses will be required when claim for payment of this agreement is submitted.

Submit claim for payment on the Consultant Claim for Services Rendered form. Claims submitted to the business office by the 10th of each month shall be paid on the last day of the month.

The full amount paid to the consultant by the district will be reported to the IRS on Form 1099. When filing a tax return it is the responsibility of the consultant to deduct from this full amount any expenses incurred.

# **BOARD PACKET**

TO:

**Board of Directors** 

SUBJECT:

**Suzy Martinez Expanded Connection Service Agreement** 

AGENDA:

Action

DATE:

October 11, 2016

PREPARED BY:

**Deanna Flores, Assistant Superintendent** 

# **Background**

The Prosser School District is implementing two Late Exit Bilingual programs this year at Whitstran and Keene-Riverview Elementary Schools. This creates a large need to build bilingual capacity at each school. In order to help meet this necessity in a cost-effective fashion, the district bilingual program offered a week-long Spanish immersion class called Español Rápido for 20 staff (including teachers, specialists, para professionals, a principal and a school secretary) from these two elementary schools from August 1 through August 5, 2016.

A refresher during the school year will help staff to practice and retain their Spanish conversational skills.

The cost of this class is \$1,600. It includes travel, lodging, and meals for the consultant as well as 6 hours of intensive training and materials for 12 to 15 people. Staff will use their own professional development money to pay for their time. The cost of the consultant will be paid from Title III funds.

#### Recommendation:

It is recommended that the School Board of Directors approve the Suzy Martinez Expanded Connection Service Agreement.

The prospective vendor certifies that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department agency.

# Prosser School District No. 116 BUSINESS OFFICE 1126 Meade Ave., Ste. A, Prosser, WA 99350 509-786-3323

CONSULTANT SERVICE AGREEMENT

Consultants are employed for a specific purpose and a limited period of time. They are not covered by industrial insurance nor receive any employee benefits of the district. Consultants normally have an IRS Identification Number.

The fee for consultants is to be a flat rate agreed upon and approved in advance by the department manager and the business manager. Reimbursement for expenses such as supplies, mileage, meals and lodging require prior approval. Receipts for expenses will be required when claim for payment of this agreement is submitted.

Submit claim for payment on the Consultant Claim for Services Rendered form. Claims submitted to the business office by the 10th of each month shall be paid on the last day of the month.

The full amount paid to the consultant by the district will be reported to the IRS on Form 1099. When filing a tax return it is the responsibility of the consultant to deduct from this full amount any expenses incurred.

TO: Board of Directors

SUBJECT: Donation from Millie Childers

AGENDA: Action

**DATE:** October 11, 2016

PREPARED BY: Kevin Lusk, PHS Principal

# **Background**

Prosser High School has received a donation of \$1000.00 from Millie Childers. The donation will be deposited into the ASB account. We greatly appreciate the help and support from Millie Childers for our Cancer Awareness Week!

## **Recommendation:**

It is recommended the Board of Directors accept the \$1000.00 donation from Millie Childers.

TO: Board of Directors

SUBJECT: Dismissal of Study and Survey Task Force

AGENDA: Action

**DATE:** October 11, 2016

PREPARED BY: Dr. Ray Tolcacher, Superintendent

## **Background**

On September 22, 2016, at a special board meeting at Keene-Riverview Elementary, the board-appointed Study and Survey Task Force presented their findings and possible actions to the Board. With their final presentation, the Study and Survey Task Force has completed the work the Board had requested them to accomplish. At the September 27, 2016 regular meeting, the Board acknowledged the Task Force and thanked them for all the hard work and excellent outreach to the community and staff through input meetings and surveys. To that end the Board will now formally dismiss the Task Force and again thank them for their hard work.

## **Recommendation:**

It is recommended that the Board formally dismiss the board-appointed Study and Survey Task Force.

TO: Board of Directors

**SUBJECT:** 2016/17 Principals' Association Memorandum of

**Agreement Ratification** 

AGENDA: Action

**DATE:** October 11, 2016

PREPARED BY: Dr. Ray Tolcacher, Superintendent

## **Background:**

The District and the Prosser Principals' Association have completed negotiations with a tentative agreement. The following provisions have been agreed to, pending school board ratification:

- 1. Increase base salaries by 2.9%.
- 2. Update the VEBA amount for the 2016/17 Premera Blue Cross Plan 2 rates.

# **Recommendation:**

It is recommended that the Board of Directors ratify the 2016/17 Memorandum of Agreement between the Prosser School District and the Prosser Principals' Association.

TO:

**Board of Directors** 

SUBJECT:

**Reinstatement of Board Member Compensation** 

AGENDA:

Discussion

DATE:

October 11, 2016

PREPARED BY:

Dr. Ray Tolcacher, Superintendent

## **Background:**

It was requested by Board member Scotty Hunt that the Board consider the reinstatement of Policy No. 1733: Board Member Compensation. As a result of that request the Board asked for further research regarding the legal implications of such action. To that end, communication to WSSDA attorney, Heidi Maynard, was made to address this question, "If the Board reinstates the policy, can those members currently seated begin collecting the compensation or do they have to wait until the next Board election?"

In response to the question posed, Attorney Maynard indicated the following: "Pursuant to the state constitution, Board of Directors may not increase their compensation during their current terms. This means that if the Board reinstates the compensation policy, <u>each individual member</u> will begin collecting the compensation upon commencement of <u>their next full term of office</u>".

# **Recommendation:**

Discuss next steps for consideration of reinstatement of Policy No. 1733: Board Member Compensation.

TO:

**Board of Directors** 

SUBJECT:

**New Recreational Marijuana Facilities in Prosser** 

AGENDA:

Discussion

DATE:

October 11, 2016

PREPARED BY:

Dr. Ray Tolcacher, Superintendent

## **Background:**

The city of Prosser has enacted a new 6-month moratorium on new recreational marijuana facilities located within the City of Prosser, to allow for a comprehensive review of changes to licensing regulations at the state level. The possibility of an additional recreational marijuana facility within our school district boundaries is a concern. The use of marijuana by students in Prosser and elsewhere, since the passing of new laws, has increased and is becoming more frequent than argued by the proponents of the new law.

# **Recommendation:**

It is recommended that the Board authorize the Superintendent to draft a letter to the City of Prosser encouraging the city to not allow additional recreational marijuana businesses within the City of Prosser.

# CITY OF PROSSER, WASHINGTON NOTICE OF COMPLETE APPLICATION AND ENVIRONMENTAL REVIEW

SEPA Checklist for a moratorium on new recreational marijuana facilities

# Notice of Application and Environmental Review Posted September 28<sup>th</sup>, 2016

Type of Application: SEPA Checklist

Date of Application: September 23<sup>rd</sup>, 2016

Name of Applicant: City of Prosser

Location of Project: Citywide

Description of proposed project: SEPA Checklist for a 6-month mediatorium on new recreational marijuana facilities locating within the City of Prosser to allow for a comprehensive review of changes to licensing regulations at the state level.

### Other permits:

The following additional permits are associated with this application: N/A. The following studies have been required pursuant to RCW 36.70B.070: SEPA Checklist.

### Preliminary determination of consistency:

The City has determined that this application is consistent with the City's Development Regulations and Comprehensive Plan.

Environmental Review: The City of Prosser Washington will be the lead agency under the State Environmental Policy Act (SEPA). Anyone with comments or concerns about environmental impacts of the proposal is encouraged to comment.

The person(s) receiving this notice may request a copy of the final decision in this matter and the final decisions may be appealed in accordance with the Land Use Petition Act (RCW 36.70C).

City of Prosser Contact: Prosser City Planner.

Comments: The public is invited to comment on the application and environmental review. The public comment period shall be 15-days and will begin September 28<sup>th</sup>, 2016. All public comments received on the Notice of Application must be received by the City of Prosser no later than 5:00 pm, October 14<sup>th</sup>, 2016. Comments may be mailed or personally delivered to the;

Attn: Prosser City Clerk 601 7<sup>th</sup> Street, Prosser, Washington, 99350

All available information and related documents for the application may be viewed at the City Clerk's Office, located at Prosser City Hall, 601 7th St, Prosser, Washington,

between the hours of 8:00 a.m. and 5:00 p.m. Monday through Friday, excluding official holidays, or may be viewed at <a href="https://www.cityofprosser.com">www.cityofprosser.com</a>.

The person(s) receiving this notice may request a copy of the final decision in this matter.

The final decisions may be appealed in accordance with the Land Use Petition Act (RCW 36.70C).

Dated: September 23rd, 2016

# SEPA ENVIRONMENTAL CHECKLIST

## Purpose of checklist:

Governmental agencies use this checklist to help determine whether the environmental impacts of your proposal are significant. This information is also helpful to determine if available avoidance, minimization or compensatory mitigation measures will address the probable significant impacts or if an environmental impact statement will be prepared to further analyze the proposal.

## Instructions for applicants:

This environmental checklist asks you to describe some basic information about your proposal. Please answer each question accurately and carefully, to the best of your knowledge. You may need to consult with an agency specialist or private consultant for some questions. You may use "not applicable" or "does not apply" only when you can explain why it does not apply and not when the answer is unknown. You may also attach or incorporate by reference additional studies reports. Complete and accurate answers to these questions often avoid delays with the SEPA process as well as later in the decision-making process.

The checklist questions apply to <u>all parts of your proposal</u>, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

## Instructions for Lead Agencies:

Please adjust the format of this template as needed. Additional information may be necessary to evaluate the existing environment, all interrelated aspects of the proposal and an analysis of adverse impacts. The checklist is considered the first but not necessarily the only source of information needed to make an adequate threshold determination. Once a threshold determination is made, the lead agency is responsible for the completeness and accuracy of the checklist and other supporting documents.

## Use of checklist for nonproject proposals:

For nonproject proposals (such as ordinances, regulations, plans and programs), complete the applicable parts of sections A and B plus the <u>SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS (part D)</u>. Please completely answer all questions that apply and note that the words "project," "applicant," and "property or site" should be read as "proposal," "proponent," and "affected geographic area," respectively. The lead agency may exclude (for non-projects) questions in Part B - Environmental Elements –that do not contribute meaningfully to the analysis of the proposal.

# A. Background

- 1. Name of proposed project, if applicable: Marijuana Moratorium
- 2. Name of applicant: City of Prosser
- 3. Address and phone number of applicant and contact person:

Steve Zetz 509-786-8212 601 7<sup>th</sup> Street Prosser, WA 99350

- 4. Date checklist prepared: \_09/23/2016
- 5. Agency requesting checklist: City of Prosser
- 6. Proposed timing or schedule (including phasing, if applicable):
- 7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain. Not at this time
- 8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal. SEPA Checklist
- 9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain Yes, an application for a recreational marijuana retail license and medical cannabis endorsement are pending with the Washington State Liquor and Cannabis Control Board
- 10. List any government approvals or permits that will be needed for your proposal, if known. SEPA Checklist
- 11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project 'description.) The City of Prosser has placed a moratorium on the issuance of new recreational marijuana licenses within its city limits. The moratorium will allow time for the city to review recent changes to the statewide marijuana regulations, as well as its own regulations, to ensure adequate provisions are in place for the health, safety, and welfare of its citizens.
- 12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist. This will be a citywide moratorium

### **B. ENVIRONMENTAL ELEMENTS**

#### 1. Earth

a. General description of the site:

(circle one): Flat, rolling, hilly, steep slopes, mountainous, other \_\_\_\_\_

- b. What is the steepest slope on the site (approximate percent slope)?
- c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.
- d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.
- e. Describe the purpose, type, total area, and approximate quantities and total affected area of any filling, excavation, and grading proposed. Indicate source of fill.
- f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.
- g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?
- h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:

#### 2. Air

- a. What types of emissions to the air would result from the proposal during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.
- b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.
- c. Proposed measures to reduce or control emissions or other impacts to air, if any:

#### 3. Water

- a. Surface Water:
  - 1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.

- 2) Will the project require any work over, in, or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans.
- 3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.
- 4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.
- 5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan.
- 6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.

#### b. Ground Water:

- 1) Will groundwater be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known.
- 2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals. . . ; agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.
- c. Water runoff (including stormwater):
  - 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.

	2) Could waste materials enter ground or surface waters? If so, generally describe,
	3) Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If
	so, describe.
	Proposed measures to reduce or control surface, ground, and runoff water, and drainage ttern impacts, if any:
4.	Plants
a.	Check the types of vegetation found on the site:
	deciduous tree: alder, maple, aspen, other
	evergreen tree: fir, cedar, pine, other shrubs
25	grass
	pasture
	crop or grainOrchards, vineyards or other permanent crops.
	wet soil plants: cattail, buttercup, bullrush, skunk cabbage, other
	water plants: water lily, eelgrass, milfoil, otherother types of vegetation
	other types of vegetation
b.	What kind and amount of vegetation will be removed or altered?
Ç.	List threatened and endangered species known to be on or near the site.
d.	Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any:
	the contract of the contract o
e.	List all noxious weeds and invasive species known to be on or near the site.
_	Autorata
	Animals
a.	<u>List</u> any birds and <u>other</u> animals which have been observed on or near the site or are known to be on or near the site.
	Examples include:

birds: hawk, heron, eagle, songbirds, other: mammals: deer, bear, elk, beaver, other: fish: bass, salmon, trout, herring, shellfish, other

- b. List any threatened and endangered species known to be on or near the site.
- c. Is the site part of a migration route? If so, explain.
- d. Proposed measures to preserve or enhance wildlife, if any:
- e. List any invasive animal species known to be on or near the site.

#### 6. Energy and Natural Resources

- a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.
- b. Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.
- c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any:

#### 7. Environmental Health

- a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.
  - 1) Describe any known or possible contamination at the site from present or past uses.
  - 2) Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.
  - 3) Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.

- 4) Describe special emergency services that might be required.
- 5) Proposed measures to reduce or control environmental health hazards, if any:

#### b. Noise

- 1) What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?
- 2) What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.
- 3) Proposed measures to reduce or control noise impacts, if any:

#### 8. Land and Shoreline Use

- a. What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.
- b. Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use?
  - 1) Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how:
- c. Describe any structures on the site.
- d. Will any structures be demolished? If so, what?
- e. What is the current zoning classification of the site?
- f. What is the current comprehensive plan designation of the site?
- g. If applicable, what is the current shoreline master program designation of the site?

h. Has any part of the site been classified as a critical area by the city or county? If so, specify
i. Approximately how many people would reside or work in the completed project?
j. Approximately how many people would the completed project displace?
k. Proposed measures to avoid or reduce displacement impacts, if any:
L. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:
m. Proposed measures to ensure the proposal is compatible with nearby agricultural and forest lands of long-term commercial significance, if any:
9. Housing
Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.
p <sup>a</sup>
b. Approximately how many units, if any, would be eliminated? Indicate whether high,
middle, or low-income housing.
c. Proposed measures to reduce or control housing impacts, if any:
The second secon
10. Aesthetics
6
a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?
b. What views in the immediate vicinity would be altered or obstructed?
b. Proposed measures to reduce or control aesthetic impacts, if any:

#### 11. Light and Glare

- a. What type of light or glare will the proposal produce? What time of day would it mainly occur?
- b. Could light or glare from the finished project be a safety hazard or interfere with views?
- c. What existing off-site sources of light or glare may affect your proposal?
- d. Proposed measures to reduce or control light and glare impacts, if any:

#### 12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity?
- b. Would the proposed project displace any existing recreational uses? If so, describe.
- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:

#### 13. Historic and cultural preservation

- a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers located on or near the site? If so, specifically describe.
- b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any professional studies conducted at the site to identify such resources.
- c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc.
- d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.

- a. Identify public streets and highways serving the site or affected geographic area and describe proposed access to the existing street system. Show on site plans, if any.
- b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop?
- c. How many additional parking spaces would the completed project or non-project proposal have? How many would the project or proposal eliminate?
- d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private). \_\_\_\_\_
- e. Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.
- f. How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and nonpassenger vehicles). What data or transportation models were used to make these estimates?
- g. Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.
- h. Proposed measures to reduce or control transportation impacts, if any:

#### 15. Public Services

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, public transit, health care, schools, other)? If so, generally describe.
- b. Proposed measures to reduce or control direct impacts on public services, if any.

#### 16. Utilities

a.	Circle utilities currently available at the site:
	electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system,
	other

b. Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.

## C. Signature

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

Signature:

Name of signee Stephen 2ct

Position and Agency/Organization City Planner

Date Submitted: 9-28-20/6

## D. supplemental sheet for nonproject actions

(IT IS NOT NECESSARY to use this sheet for project actions)

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment.

When answering these questions, be aware of the extent the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?
 The moratorium temporarily halts the issuance of recreational marijuana licenses. Without proper licensing these businesses cannot operate within city limits, thereby facilitating no increase in discharge of water, emissions, noise, etc.

Proposed measures to avoid or reduce such increases are: N/A

2. How would the proposal be likely to affect plants, animals, fish, or marine life? N/A

Proposed measures to protect or conserve plants, animals, fish, or marine life are: N/A

3. How would the proposal be likely to deplete energy or natural resources? N/A

Proposed measures to protect or conserve energy and natural resources are: N/A

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

N/A

Proposed measures to protect such resources or to avoid or reduce impacts are: N/A

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?
N/A

Proposed measures to avoid or reduce shoreline and land use impacts are: N/A

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

While not likely, due to Prosser having no gaps in the service in the recreational marijuana market, this proposal could increase transporation demands to the existing recreational marijuana retailers within the city. Any increase seen in transporation demand would likely be negligible and can easily be met by existing infrastructure and services.

Proposed measures to reduce or respond to such demand(s) are: No proposed measures

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

This proposal does not propose to conflict with any level of environmental protection requirements.

# DRAFT CONFERENCE PROGRAM

This is an early view of the conference agenda to help you plan your time.

Session descriptions and times are subject to minor changes.

# Wednesday, November 16

#### 9:30 - 11:30 AM

**Pre-Conference Registration** 

#### 10:00 AM - 3:00 PM

# **New Board Director Boot Camp**

Boot Camp is an invaluable day of training designed to get directors in their first or second year ready to fully participate as effective leaders on their boards. Topics include the roles and responsibilities of the governance team, how school boards do their work, leading through policy, budget and fiscal management and understanding data. Immediately following Boot Camp is a 90-minute session on Open Government Training.

Pre-registration and entry ticket required to attend.

#### 11:00 AM - 4:00 PM

#### **Governing Coherently**

Governing a complex school district responsibly—with accountability, systemic alignment and coherence—should be the goal of every board. Learn what Coherent Governance® is and how it can transform school boards, allowing them to lead and serve their districts and citizens with a rigorous focus on student achievement and accountability.

Pre-registration and entry ticket required to attend.

#### 11:00 AM - 4:30 PM

#### **Law Conference**

Join experienced school law attorneys for engaging presentations on new and crucial legal issues affecting Washington school districts. They will share recent developments, analysis and insight to help you recognize legal pitfalls and minimize the risk of costly litigation and investigations in your district. The conference includes a keynote address and four concurrent breakout sessions, followed by a reception from 4:30-6:00 p.m. This is a can't-miss learning opportunity tailored specifically to board directors and superintendents.

Pre-registration and entry ticket required to attend.

#### 3:30 - 5:00 PM

## **Open Government Training**

Legislation requires that within 90 days of taking office all school directors complete training on the Open Public Meetings Act, Public Records Act and records retention. This training satisfies that requirement.

Pre-registration encouraged. No additional fee required.

#### 3:30 - 6: 00 PM

**Conference Registration** 

# **Thursday, November 17**

7:00 AM - 4:00 PM Conference Registration

#### 7:30 - 8:30 AM

**Equity and Access Caucus** • Please join WSSDA's Executive Director, Tim Garchow, for a report of WSSDA's Equity and Access initiative over the past year and the initiative's focus for 2017. We also want to hear from you regarding your concerns, perceptions and ideas on how to move this initiative forward. Pick up your breakfast outside the meeting room.

## 7:30 - 8:45 AM

**Hot Breakfast | Visit Exhibits** 

**Student Representatives' Networking Breakfast** • Meet other student representatives and plan your day over a hot breakfast. Look for the table signs for your special place to sit in the ballroom.

## 9:00 - 10:15 AM

**Opening General Session** • Our opening keynote speaker is Sarah Kay, the co-founder of Project Voice. This is a global team of highly accomplished writers, performers, and educators. They travel the world performing and teaching spoken word poetry in classrooms. Through this art form, students are inspired, engaged, and empowered. Sarah "went viral" after her first of two TED talks in 2011.

## 10:15 - 10:45 AM

**Coffee Break | Visit Exhibits | Networking** 

#### 10:45 - 11:45 AM - Breakout Sessions

Policy Issues in K-12 Construction • A must-attend for school directors to learn about the up-and-coming issues in the 2017 session related to school construction. Learn about legislative efforts underway regarding funding formulas, simple majority in bond elections, school siting, and school facility safety issues. Discuss ways to help the 2017 legislature take action.
• Learner Outcomes: 1. Learn about the work of the 2016 School Construction Technical Working Group 2. Provide input to the impending update of the School Construction Assistance Program funding formula 3. Identify ways to help the 2017 legislature understand districts' facility needs.

Facilities for Early Learning (Pk - Grade 3) • All districts are navigating the need to increase and enhance facilities for the early years. With every district now required to provide Full Day Kindergarten, and with only a few districts receiving limited K-3 class-size reduction grants, come to this session to learn from colleagues about creative strategies for building partnerships and creating effective learning space for the earliest years. • Learner Outcomes: 1. Better understand opportunities and challenges associated with building new early learning facilities 2. Better understand potential funding opportunities, including the use of levies and bonds 3. Develop relationships with other school directors who have, or are planning to, build early learning facilities.

Data Doesn't Lie: Proper Assessment for Violence Potential in Our Schools • Behavioral Threat Risk Assessments can only occur if we have a solid understanding of all data needed to assess potential for violence in individuals. When assessing behavioral baselines of threat makers, it is essential that we understand the vast world of adolescent online behavior and the tools available to identify online threat related behavior. In the rapidly changing world of technology we live in today, an entirely new threat risk assessment data source has evolved: digital evidence. The fact that social media is usergenerated, we have never before had the amount of insight we now have into the cognitive thoughts and motivations of behavior. Data on likes, dislikes, peer dynamics, social hierarchy, photos, videos, comments and posts can all be obtained from open

sources without violating privacy. The examination of online threat related behavior is now a necessary component of comprehensive data collection processes in an effective Threat Risk Assessment.

Legal Protections for Transgender Students and Your District's Role • Discover how your district can protect transgender students from discrimination at school and what you can do to make sure all students feel welcome and safe. Topics explored will include legal updates, privacy, restrooms, locker rooms, overnight field trips, and how to respond to questions about gender at school. • Learner Outcomes: 1. Discover the current state of the law relating to transgender students in Washington public schools. 2. Recognize the rights of transgender and gender-nonconforming students at school, including how to address the use of names and pronouns, official records, bathrooms and locker rooms, and other common issues. 3. Plan for responding to questions to the school board about gender and transgender student policies and procedures.

**Lead into the Future: A Conversation with Women Superintendents** • Engage in a conversation with a panel of women superintendents from around the state. The discussion will revolve around past experiences - both common and unique - and how they may assist school directors and others to prepare for future district leaders. • Learner Outcomes: 1. Recognize both unique and shared experiences of women as they apply for and attain superintendent positions. 2. Discuss and plan for how those experiences impact filling future superintendent positions.

Too Many Children Left Behind: How to Reduce the Achievement Gap • Explore the causes of the income-based Achievement Gap and why it is growing. Learn specific measures that administrators and board members can take to reduce the gap. • Learner Outcomes: 1. Understand the multiple causes of the Achievement Gap. 2. Recognize board/district actions that cause the gap to increase. 3. Discover leading and lagging indicators of the gap. 4. Learn specific actions that can be taken to reduce the gap.

**Keynote Breakout: The Art of Storytelling •** In this hands-on session, Sarah Kay explains more about Project Voice and demonstrates how her educational method of teaching spoken word poetry plays out in classrooms. Class size is limited to enable the learning experience. • Learner Outcomes: 1. Experience how spoken word poetry is taught. 2. Understand the value of spoken word poetry in your classrooms.

**Developing School Board-Superintendent Operating Principles** • Learn about the importance of board-superintendent operating principles, understand how these principles define the beliefs, values, and methods of working together, and be able to implement operating principles in your school district at no cost. • Learner Outcomes: 1. Discuss and share how to develop and sustain trust, respect and communication. 2. Explore and discuss successful strategies for developing a highly successful board-superintendent relationship. 3. Explore and define leadership team roles for the board and superintendent.

Social/Emotional Wellness: An Integrated Student Support System • Students' academic success is directly related to their social/emotional well-being. Discover how using an Integrated Student Support Services (ISSS) model within a Multi-Tiered System of Support (MTSS) can maximize achievement for ALL students. Explore staffing and budget implications for implementing current best practices in utilizing school counselors, psychologists, social workers and nurses. • Learner Outcomes: 1. Understand the best-practices in social and emotional health and wellness services that can be provided by school counselors, psychologists, social workers and nurses. 2. See examples that highlight the importance of a strong partnership and collaboration between all four professions to maximize benefits for all students. 3. Explore funding implications of the McCleary decision for all four professions and what "fully-funded" would look like.

Federal Relations Network Session • National School Boards' Association (NSBA) President Miranda Beard will be presenting this session. Description coming soon.

Five Strategies to Build a More Effective Governance Team • This engaging session will address your questions about superintendent-school director relationships and provide five specific strategies to enhance this vital relationship that you can implement immediately. • Learner Outcomes: 1. Demonstrate greater understanding of the vital importance of the superintendent-school board relationship and its impact on student achievement and overall district health. 2. Identify what board

members and superintendents really want and need in order to develop and maintain positive, productive superintendent-school director relationships. 3. Construct five specific strategies that you can immediately implement upon returning to your district.

12:00 - 1:30 PM

General Session | Awards Luncheon • WSSDA Boards of the Year will be announced.

1:30 - 2:15 PM

**Visit Exhibits | Networking | Dessert** 

#### 2:15 - 3:15 PM - Breakout Sessions

Partnering with the Community to Address Social and Emotional Needs • "Schools can't do it alone," author Jamie Vollmer declared in a recent WSSDA keynote. Ferndale School District has formed a coalition with community partners (including the Health Department, Domestic Violence and Sexual Assault Services, and Whatcom Dispute Resolution Center) to address students' social/emotional needs. The outcomes have been significant. • Learner Outcomes: 1. Learn about the Ferndale Community Coalition, how it started, who is included, how it operates, what it does, and what successes it has achieved. 2. Deepen your understanding of how the school board can pave the way for programs to address students' social and emotional health 3. Take away concrete ideas for replicating the coalition in your own setting, including ideas about leveraging district dollars and accessing other funding sources.

The Effective Board/Superintendent Team: Leading for Results through Policy Governance •

Curious about Policy Governance? This session will outline the major components of policy governance and how it promotes a strong Board/Superintendent team focused on student outcomes when paired with strategic planning. • Learner Outcomes: 1. Learn about the major aspects of policy governance and its focus on student outcomes. 2. Identify how this form of governance and school board leadership promotes a more powerful strategic plan. 3. See examples of our Ends policies and our recent strategic plan. 4. Appreciate how the board and superintendent team is strengthened in this environment through role clarity and a focus on student outcomes.

Implementation of the 24-credit Graduation Requirements • Discover and share innovative practices of districts in implementing the 24-credit graduation requirements. The Washington State Board of Education staff will present new guidance on implementation of the new requirements and on competency-based crediting that was developed through a series of workshops around the state involving hundreds of educators. • Learner Outcomes: 1. Locate new guidance on implementing 24-credit graduation requirements and on competency-based crediting 2. Connect with other districts and discover what innovative practices other districts are doing to implement the new requirements 3. Ask State Board of Education staff and members questions about the new graduation requirements and competency-based crediting.

WIAA 101 • Following a brief overview of the Washington Interscholastic Activities Association (WIAA) governance structure, we will explore WIAA's responsibilities to its members and school directors' role in these programs. Also covered will be emerging issues in interscholastic activities and an update on WIAA's new strategic plan. • Learner Outcomes: 1. Demonstrate an understanding of how WIAA works and how it serves students. 2. Discover the changes in WIAA stemming from the new strategic plan. 3. Integrate student participation in the broad range of WIAA activities to better serve the needs of the whole child.

Tools for Equitable Policies, Programs and Practices • Have you used the WSSDA Equity Tool yet? Curious about equity policy? Find out how WSSDA Tools for Equity brings an equity lens to your policy work and a road map towards developing equity policy. This is a hands on session as we dig in and apply these tools. • Learner Outcomes: 1. Demonstrate how to use the WSSDA Equity tool for policy, program or practice review. 2. Recognize the implications of the guiding questions for your work and that of the staff. 3. Discover the steps towards adopting a equity policy in your district. 4. Discover aspirational language from equity policy from boards from across our nation.

Nuts and Bolts of School Facilities & Construction 101 • Learn about the basics for navigating the entire school construction process, including how to access resources and support to navigate school construction projects - no matter how small or large. Learn about where to start and who to involve for successful implementation.

Inspiring the Next Generation of Advanced Manufacturing Talent • Learn what Boeing, aerospace firms and academia are doing to boost interest in advanced manufacturing careers to ensure a strong future workforce. The discussion will include student engagement, curriculum development efforts and future skill areas. • Learner Outcomes: 1. Learn what Boeing, the aerospace industry and academia are doing to inspire interest in advanced manufacturing careers and close the skilled manufacturing workforce gap. 2. Discover how The Boeing Company and academia are working together to support each others' needs in this effort.

Resonate With Your Community for a Bond or Levy • Are you considering a bond or levy? Two-way communication is vital. Discover how to determine what your community wants and needs. Use this information to develop your bond or levy proposal and to identify simple - yet effective - messages that will resonate with community members, parents, and staff. • Learner Outcomes: 1. Recognize the importance of ongoing, year-round communication and simple messaging. 2. Discover how to adjust bond or levy plans based on community input. 3.Develop a strategy for building trust with your community and repairing relationships where necessary.

**Student Representative Session** • NSBA President Miranda Beard will be presenting this session. Description coming soon.

**Every Student Succeeds Act (ESSA) • Description coming soon.** 

#### 2:15 - 4:45 PM

Language Access and Your District: Best practices for effectively engaging limited-English proficient parents • Explore school districts' role in engaging limited-English proficient parents through the use of an effective language access plan. • Learner Outcomes: 1. Understand school district legal obligations regarding limited-English proficient parents' access to interpretive and translation services. 2. Recognize the presence of limited-English proficient parents in Washington and appreciate their challenges in interactions with school districts. 3. Discover how current superintendents have successfully engaged limited-English proficient parents.

#### 3:15 - 3:45 PM

Refreshment Break | Visit Exhibits/Networking

#### 3:45 - 4:45 PM - Breakout Sessions

**Board Meetings - What you Inspect is What Improves •** Board meetings are the method for providing district direction and moving ideas and goals from words into action. This session will share strategies and examples of what a board and superintendent can do to reduce conflict and focus meetings on student learning and district improvement. • Learner Outcomes: 1. Learn to focus board activities on student learning. 2. Observe examples of long-range board planning. 3. Observe examples that demonstrate the "What Gets Inspected is What Gets Improved" concept. 4. Identify core principles that support positive and productive board meetings.

Set For Success: First Steps for Bringing your Dream to Reality • Come to this session to hear from experts from every part of the process in setting up and launching your construction project. Key individuals to include in the process include project managers, attorneys, communication experts, and financing experts. You'll leave this session ready to hit the ground running!

Career & College Readiness: Expand Access, Increase Achievement • Ensuring that ALL students can meet Washington's new graduation requirements and graduate career- and college-ready (CCR) is every school board's paramount duty. Explore the board's role in expanding and enhancing CCR advising. Learn how current statewide and national initiatives can increase graduation rates through implementation of outcomes-based CCR best practices. • Learner Outcomes:

1. Explore how new graduation requirements and CCR trends are driving the need to dramatically expand and enhance CCR advising practices, potentially impacting district staffing levels, facilities and the need for additional resources. 2. Discover the

best-practice training programs and tools that support high-quality CCR advising for all students. 3. Identify resources that help measure progress towards critical CCR milestones and objectives, and practices that can promote equitable access to impactful CCR advising.

Community Schools Cultivate Hope, Opportunity and Agency • Family-Community Resource Centers in 18 Vancouver schools provide basic needs assistance, family support, early education and out-of-school-time programs. A mobile FCRC serves other sites year-round. Learn how this community schools initiative, lauded by Education Week, has helped remove barriers to learning, increase the on-time graduation rate and close achievement gaps. • Learner Outcomes: 1. Discover system- and ground-level strategies to identify, leverage and retool assets into a community schools initiative. 2. Apply a community schools framework that addresses key performance indicators, such as attendance, discipline, and on-time graduation, while cultivating hope, opportunity and agency. 3. Enlist and engage families, community partners and supporters to help your schools reduce barriers to learning, improve student outcomes and prepare future-ready graduates.

Ambassador Program: Recruiting Volunteer Leaders for Tomorrow • Join us to learn about Riverview School District's Ambassador Program. Riverview kicked off a community engagement program where anyone in the community could attend five evening sessions spread out over six months to learn about what makes the Riverview School District tick. Participants complete the program with an ambassador certificate. • Learner Outcomes: 1. Understand the curricular components and framework of a well-conceived school district community ambassador program. 2. Gain insights and lessons learned to inform you own possible design and implementation of an ambassador program. 3. Understand how school board members partnered with central office leadership, including the superintendent to create a successful program.

Board Governance Practices Linked to Increased Student Achievement • Research has emerged over the last 20 years that specifically analyzed school board attitudes, beliefs and characteristics that are associated with increased student achievement. This session will review the research, identify linkages to current effectiveness frameworks (i.e., WSSDA Board Standards), and explore practical implications for effective governance practices. • Learner Outcomes: 1. Develop a clear understanding of the research base that led to the development of school board effectiveness frameworks. 2. Understand the school board characteristics that have been associated with increased student achievement and the practical application of this research for current school board practices.

Renaissance Learning Vendor Session • Description coming soon.

A Priority Based Budgeting Process Based on the Five Steps to Student Success • This interactive session will provide participants with an understanding of the entire budget development process in West Valley (Yakima) School District, which is priority-based around the Strategic Plan - Five Steps to Student Success. This strategic alignment from the boardroom to the classroom has been instrumental in the district's success. • Learner Outcomes: 1. Design a completely transparent priority-based budgeting process tightly aligned to the district's strategic plan. 2. Discover power in aligning fiscal resources to student learner outcomes as designed through the Strategic Planning Process. 3. Discover how tight alignment to the district strategic plan focuses the budgeting process on desired student learning outcomes that are successfully monitored through an effective data monitoring system.

The EKG of Equity • Description coming soon.

WSSDA Legislative Partnerships & Advocacy • Description coming soon.

## 5:00 - 6:00 PM

Large Districts Caucus Meeting • Board directors of school districts with over 14,500 students are invited to join in a conversation regarding the challenges and successes facing these large school systems. • Learner Outcomes:

#### **Evening**

**Boards' Night Out •** Plan ahead and make reservations at a local restaurant. For suggestions, visit http://www.visitspokane.com/food-drink/restaurants/.

# Friday, November 18

7:30 AM - 3:30 PM Conference Registration

7:00 - 7:45 AM Breakfast | Visit Exhibits

#### 8:00 - 9:00 AM

**Director Area Caucus Meetings** • Join other board members from your director area for your caucus meeting, where you will nominate and vote for board and committee representatives and discuss topics of interest to your group. Feel free to bring coffee or breakfast from the morning's buffet with you.

#### 9:15- 10:15 AM - Breakout Sessions

An Eye into the 2017 Legislative Session • Come learn about WSSDA's legislative platform for 2017. Hear from WSSDA leadership and legislators about the hot topics going into the 2017 session and visit with colleagues about ways to be a strong and effective voice with new and returning legislators.

**Leadership Governance through the Board Planning Calendar** • Discover an effective approach to governance via a Board Planning Calendar. See how to sustain a focus on student performance, school building performance, compliance, program reviews, staff relations, community involvement, and operation of the board itself. Hear experiences, successes, dead ends, lessons learned, and results. • Learner Outcomes: 1. Evaluate the effectiveness of your board's current governance. 2. Assess benefits to your district of moving to an annual planning calendar. 3. Take away a calendar template for customization in your district.

**Superintendent Evaluation:** Successful Steps to Better Superintendent Evaluation • Discover how your team can transition to a new superintendent evaluation system using a focused evaluation approach. The WSSDA evaluation models elicit rich discussion, deepen understanding of the superintendent's work and align nicely with the teacher and principal evaluation systems. Leave this session with a set of doable transition steps. • Learner Outcomes: 1. Recognize the WSSDA superintendent evaluation models and their value. 2. Plan to share this information with your board and superintendent. 3. Plan a draft of a transition plan for your team.

The Four Stages of Effective Community Engagement • Explore and reflect on the four stages of effective community engagement: identify needs, plan for engagement, implement the plan, and assess the effectiveness of the plan. Leave the session with a checklist of concrete strategies to use immediately in your district and community. • Learner Outcomes: 1. A checklist will be provided that will help attendees: IDENTIFY: Conduct a needs assessment to identify the gaps in community engagement, PLAN: Develop a community profile and evaluate available engagement tools. EXECUTE: Implement the engagement plan with specific action steps, and ASSESS: Determine evidence of progress to evaluate the effectiveness of the plan. 2. A template will be provided to allow attendees to apply the checklist to real world scenarios.

Figuring IT Out: CAPEX versus OPEX in District Technology Planning • Join us as we discuss the business side of IT planning. We will cover the benefits of migrating capital expenses to operational expenses using real school district examples. See how the numbers work and how they align with available funding. Participate in this interactive session, see real time business modeling, and take away concepts for your district planning.

What's Your Problem? Using Problem-based Learning to Increase Access and Equity in an AP

Classroom • Learn how a school with an ethnically, linguistically, and socio-economically diverse population combined with AP curriculum-empowered teacher-leaders and implemented a PBL curriculum to increase access for all students. Presenters will share what they have learned and offer advice on introducing PBL. • Learner Outcomes: 1. Discover the elements of PBL by

experiencing a PBL unit from AP World History. This includes recognizing the significance and characteristics of authentic problems and questions for PBL units. 2. Recognize an effective plan to implement PBL principles and practices across a school including a focus on teacher collaboration to design and implement PBL. 3. Evaluate the success of PBL in increasing equity and access by exploring school-wide data.

Your Safety Plan: Process and Product • School and district safety is fundamental to educational success, the foundation upon which positive learning environments are built. While safety plans are required by RCW, there are no specific requirements nor a one-size-fits-all plan. Jump-start the safety planning process by diving into requirements, walking through the processes, studying plans and discovering resources. • Learner Outcomes: 1. Discover the wealth of safety planning resources available through OSPI. 2. Examine the components of a high quality safety plan. 3. Brainstorm your own district safety planning process.

Tacoma Public Schools' Session • Description coming soon.

Uncommon Sense Testing • The overemphasis of standardized testing has negatively impacted many schools, including narrowing curriculum, decreasing instructional time, and reducing love of learning. Attendees will discuss the history and evolution of standardized tests, examine the current assessment system, and explore the board's role in this complex issue.
 Learner Outcomes: 1. Discuss the weaknesses and strengths of the state's current assessment system. 2. Recognize the components of a relevant, useful, and equitable assessment system 3. Engage local and state leaders in conversations that support a testing system that informs teaching, improves learning and meets accountability requirements.

Creating a District Vision and Plan for Leading for Equity - The West Hill NOW! Initiative • This session will describe how the Renton School District's Board of Directors and District/School Leadership launched a strategic effort to change outcomes for students living in and attending schools in the most highly impacted community in the district. • Learner Outcomes: 1. Identify leverage points for leading for equity. 2. Apply the Core Principles for Success that guided the West Hill NOW! initiative to your own contexts to positively impact outcomes for students with the greatest needs. 3. Apply strategies for navigating the potential pitfalls that come with leading for equity.

10:15 - 10:45 AM
Visit Exhibits | Networking

#### 10:45 - 11:45 AM - Breakout Sessions

Educational impacts of Student Mobility in Washington State • As research clearly shows, student mobility has negative impacts on student graduation and performance. The state student information system allows us to measure the impacts to students overall and to break down the analysis by student sub-groups. The results inform educators to be more proactive with these mobile students. • Learner Outcomes: Attendees should be able to answer these questions: 1. What are the types of mobility? 2. Do more students move between districts, or between schools in the same district? 3. Do students tend to move more during the school yea, or between school years? 4. Do students at higher grade levels move more than students at lower grade levels? 5. How does mobility relate to achievement and graduation rate?

#### Influence Student Achievement through School Board and Superintendent Governance

Alignment • Building off of previous research focused on school boards' attitudes and beliefs and the relationship to student achievement, this session presents results from a doctoral study focused on aligned school board and superintendent teams in Washington state. Alignment was determined by examining superintendent and director responses to the WSSDA board self-assessment survey. • Learner Outcomes: 1. Utilize the WSSDA BSAS results in order to plan for joint board and superintendent professional development related to the WSSDA School Board Standards. 2. (Re)examine theoretical constructs specific to the school boards' role in supporting student achievement. 3. Recognize the importance of alignment between boards and superintendents to govern in a manner consistent with WSSDA School Board Standards to influence increased student achievement.

**Supporting the Whole Child, Whole Family** • Discover best practices for supporting the social-emotional learning of students and engaging families for collaboration and communication by listening to the on-the-ground experiences of the

Governor's Office of the Education Ombudsman, SEL for Washington, the Washington State Association of School Psychologists, and family engagement leaders in this interactive panel. • Learner Outcomes: 1. Identify three best practices for supporting whole child, whole family engagement. 2. Explain the SEL Benchmarks' framework for proposed changes to social-emotional learning in Washington. 3. Be able to locate professional and community resources for supporting culturally responsive student and family engagement in their districts.

# SCAP Funding - What the School Construction Assistance Program is and why it needs to

**change** • Everything you need to know about the School Construction Assistance Program (SCAP), including how to get it, how it's used and the inherent problems with its funding formulas. Explore how lower class sizes will negatively impact school district eligibility to secure state funding. The discussion will include strategies to advocate to the Legislature for funding formula changes. • Learner Outcomes: 1. Understand how SCAP funding works. 2. Learn how lower class sizes could negatively impact your district in the future. 3. Understand the inherent flaws in the funding formulas. 4. Learn what you and your district can do to effect change with OSPI and the legislature in the future.

# Plan for Student Success: Entry Plans as a Map for Board/Superintendent Effectiveness •

Explore the impact of entry plans on a developing relationship between the superintendent, board and community when a new superintendent is joining a district. Learn how an effective entry plan provides a road map for successful board/superintendent transition with a focus on student learning. • Learner Outcomes: 1. Gain a deeper understanding of the need for an entry plan to identify, outline and engage board members, staff, and the larger community in the work of improving student learning. 2. Explore two formats for entry planning and locate additional sources of information on this topic. 3. Identify the major components of two model entry plans to design your own entry plan.

Leading Your Community Through Crisis • Following the tragic death of high school football player Kenney Bui last fall, Highline Public Schools' board members and staff were determined to turn tragedy into meaningful conversation and action. Learn about the policies, procedures and people that helped the district manage its way through a time of crisis. • Learner Outcomes: 1. Analyze your own board policies and procedures governing athletic safety. 2. Deepen your understanding of the importance of having clear communications protocols in place. 3. Plan for how to lead staff and community through a time of crisis.

**Solving Small Schools Challenges Together** • Join in round table conversations about the special challenges faced by small schools. WSSDA, WASA, the ESDs and the Rural Ed Center will help participants identify resources small districts can access to address the key issues of recruitment and retention, funding, policy, student and community issues, and program enhancements. Come to share your ideas and learn from others.

Celebrating and Supporting our Native American Students • Learn how the Ferndale School District is working in partnership with the Lummi Nation to increase the engagement of our Native American students through enhanced advocacy and support systems, and through specifically-designed language, culture, and leadership programs aimed at elevating and celebrating Native students' unique strengths and contributions. • Learner Outcomes: 1. Learn about Ferndale's various programs for supporting and engaging its Native American students, including Lummi language classes, Salish art lessons, Oksale leadership, cross-age mentoring, the adoption of "Joint Policies and Procedures," and the addition of Native social workers. 2. See examples of projects and hear testimonials, many of them captured on the district's Native Facebook page 3. Take away concrete ideas for serving Native students in their own settings.

## Funding School Construction: Common School Trust Lands (What are they? Why should we

care?) • This discussion will shed light on critical and interconnected issues associated with financing school construction projects. Work is underway at the state level to make recommendations for updates to the School Construction Assistance Program formula. At the same time, many districts are in the process of considering pathways for funding imminent school facility needs. At the heart of these issues is our state's Constitution that established the Common School Trust Land account to support financing of school construction projects and is managed by the Department of Natural Resources. While WSSDA's Trust Land Task Force has been active in building positive working relationships with the State Commissioner of Public Lands and the DNR trust lands beneficiaries' team, it is important for school directors to understand the important role these lands serve for each of our state's school districts. • Learner Outcomes: 1. Learn about the significance of common school trust lands in financing

construction for every district in our state 2. Identify ways your district can support better understanding of common school trust lands and the policy issues associated with them.

#### 12:00 - 1:30 PM

**General Session | Luncheon •** Keynote speaker Jeff Utecht is back by popular demand. A native Washingtonian, he began his teaching career in our state. A grant he received in 2001 jump started his becoming an expert in educational technology and what the future requires of our children. He is a collaborative supporter of education and the creator of the Google Ninja Program. This free program supports students and educators using Google Apps and is used across the globe. Jeff shares his perspective on the potential of technology application and what the future looks like for our students.

#### 2:00 - 3:00 PM - Breakout Sessions

Making Expensive Sausage: How You Can Help Prevent Unfunded Mandates • As the saying goes, if you like sausage, you probably shouldn't help make it. Making law is like making sausage. Except, if you don't help make laws - especially expensive ones - unfunded mandates occur. Discover in this session how you can help stop unfunded mandates before they become law. • Learner Outcomes: 1. Develop a plan for your district to monitor bills that could result in unfunded mandates. 2. Discover tools for addressing with your legislator bills that contain possible unfunded mandates, before they become law.

Secondary to Postsecondary: Dual Credit, College Bound Scholarship, and FAFSA Completion Initiatives that Work! • Dual credit, College in the High School, Running Start, and credit by exam are available programs to prepare students for postsecondary education. The College Bound Scholarship, 12th year Campaign and FAFSA/WASFA initiatives are tools to increase access for Washington students. Discover how these programs can support your students. • Learner Outcomes: 1. Discover resources for schools to support College Bound sign-up and support in pursuing postsecondary enrollment (12th Year Campaign). 2. Discover opportunities for students to obtain college credit while in high school. 3. Plan for use of these resources and programs in your schools or districts.

Using Teacher and Principal Evaluation to Leverage Professional Growth • OSPI made substantive changes to the WACs regarding TPEP's Focused Evaluation to steer the system back to one of its original tenets: supporting educator growth. Explore how districts are using evaluation data to support educators in growing their practice to increase student learning. • Learner Outcomes: 1. Discover how the WAC changes for TPEP can leverage educator growth. 2. Explore ways to support implementation in your district that takes full advantage of these changes.

Conducting a Transparent, Legal and Successful Superintendent Search • Selecting a superintendent is the most important decision a board makes. The right process results in a strong field and enables a successful transition into the district. This session discusses effective strategies to ensure that your search satisfies requirements and provides for the meaningful engagement of students, staff, and community. • Learner Outcomes: 1. Understand the basic search protocol and the legal and ethical requirements that must be considered. 2. Engage in discussion regarding the pros and cons of various search strategies.

Illumunate Education Vendor Session • Description coming soon.

Encouraging a Lifetime of Creativity: Building a Community-wide Arts Culture • The arts matter! Arts education increases engagement, fosters creativity, and nurtures critical-thinking skills. Discover how Ridgefield School District provides expanded arts opportunities for all students by purposefully engaging corporate, government, and non-profit partners to build a community-wide arts culture. • Learner Outcomes: 1. Understand the negative impact a narrowing curriculum has on all students and particularly students from economically disadvantaged backgrounds. 2. Identify specific strategies to engage corporate, government, and non-profit partners. 3. Design a plan to collaboratively expand fine and performing arts learning opportunities for all students.

Secrets to a Successful Bond Election • Two small districts less than 38 miles apart overcame earlier bond failures to successfully pass bond measures in 2016. Hear what they learned from the initial bond failures and what strategies they developed that resulted in success.

#### 2:15 - 3:15 PM

**Delegate Assembly** • Delegate Assembly is fundamental to how WSSDA is governed. Help establish bylaws and adopt our association's positions on non-legislative issues. Each school board may elect one member as its voting delegate. At the assembly, those delegates will ensure their board's voice is heard as they vote on changes to WSSDA's permanent positions and bylaws.

#### 3:00 - 3:30 PM

**Refreshment Break | Networking** 

#### 3:30 - 4:30 PM - Breakout Sessions

The Board's Role in Creating Racial Equity Policy • Developing racial equity policies is critical to closing opportunity gaps. Explore the board's role in developing and implementing policies by learning from Puget Sound ESD's board members. Lessons learned will be shared regarding their role in racial equity policy development and implementation to improve educational outcomes for students and families of color. • Learner Outcomes: 1. Articulate the importance of adopting a racial equity policy. 2. Discover the board's role in adopting and implementing racial equity policy. 3. Identify steps your district can take to adopt and implement racial equity policies.

**Cycle of Board Self-Assessment and Superintendent Evaluation •** Discover how the full governance cycle of the board self-assessment, superintendent evaluation, and monitoring of school programs creates an increase in student achievement. Each element in the governance cycle is based on the school calendar, with dates and strategies revealed, while the development of goals/results is discussed. • Learner Outcomes: 1. Outline the cycle of board self-assessment, superintendent evaluation, and monitoring programs to create full governance for increased student achievement. 2. Design the elements of board self-assessment, superintendent evaluation, and monitoring the process toward achievement of district goals/results. 3. Develop learning goals/results for board, global level district and superintendent goals/ results; specifically, demonstrate how to develop these goals/results.

Emerging Technologies to Protect our Students from Door to Door • Explore using modern technology in a layered security/safety program to protect your students while on school facilities and when using school transportation. • Learner Outcomes: 1. Discover new technology and how it can be applied to a layered security program to improve protection of our students. 2. Discover new panic button apps that directly communicate with 911 centers and instantaneously notify others. 3. Discover how districts can improve their student transportation without additional costs while providing additional benefits for parents.

**Keynote Breakout: It's Time** • Jeff Utecht takes a deeper dive into moving to a 1:1 learning environment and optimizing the connected classroom. • Learner Outcomes: 1. Learn how districts like Marysville have embraced technology. 2. Understand options to finance the move. 3. Get data on how students in connected classrooms are excelling.

Scaling Up Systems Thinking: How To "Think Big" in Small Districts • Learn how smaller districts can utilize a systems approach to organizational leadership through the use of clear communication structures. Two primary topics will be addressed: board planning calendars and district organizational planning. Smaller districts can "think big" while adopting effective planning practices that impact students, teachers and district level leadership. • Learner Outcomes: 1. Be able to design a systems-approach to planning and decision-making. 2. Recognize the benefits of?and be able to utilize?an annual calendar for creating clear communication and expectations across the entire district. 3. Discover ways to implement planning calendars effectively that can also reflect the nuances and uniqueness of a small district.

Student of Tomorrow, Building of Yesterday: An Infrastructure Crisis (Vendor) • Some facilities are more of a liability than an asset, and that number is growing rapidly. Where will the money come from to make crucial upgrades and replacements? Can district leaders also be effective property managers within their constrained resources? Explore the story of how we got to this predicament and learn how some solutions are easier than you may think. There will not be a "pitch" from the presenting company within this session.

## Infusing Tribal History into Classrooms Utilizing the "Since Time Immemiorial" Curriculum •

State law now requires that when a district reviews or adopts its social studies curriculum, it will incorporate curricula about Tribal history/culture/government utilizing the STI Tribal Sovereignty Curriculum. But why wait? Features interactive lessons, resources, strategies, and discussion of how school boards and district leaders are supporting this curricular initiative. • Learner Outcomes: 1. Discover the vast resources in this free OSPI online curriculum. 2. Participate in effective strategies for engaging ALL students. 3. Locate authentic, tribally endorsed lessons that can be taught immediately. 4. Participate in the interactive lessons readily applicable to classroom lessons.

You were Elected Board Chair: Now What? • Think of this session as Board Chair 101. It will get you off to a great start by providing the tools you need to lead your board and run your meetings. Learn about the common challenges board chairs/presidents run in to and how to successfully navigate them. Bring your questions, and we'll set you on the path to being a great leader for your board. • Learner Outcomes: 1. Understand the role and respective of board chair/president 2. Obtain the tools needed to be an effective board chair/president 3. Understand common challenges and gain skills to overcome them 4. Learn best practices for creating healthy relationships within the board/superintendent team.

#### 5:00 - 6:00 PM

Student Representatives' Reception • Network with fellow student representatives at this informal reception.

#### 5:30 - 10:00 PM

**President's Reception and Dance** • Please join us to recognize outgoing President Chris Nation's achievements. Election results will be announced and the Diversity Award will be presented by the Washington School Boards' Educational Foundation. After this short program, kick up your heels at a dance! Light appetizers and a no-host cash bar will be available.

# Saturday, November 19

7:30 - 10:00 AM Conference Registration

7:15 - 8:15 AM

**Continental Breakfast | Networking** 

## 8:15 - 9:45 AM - Breakout Sessions

Always On: The Plight of the Connected Child • Explore the mind of a child who is always connected to a device. As policy and decision makers, we need to know and acknowledge that the connected generation has access to anything and everything with a flick of their thumbs. • Learner Outcomes: 1. Develop and discuss ideas and solutions to consider in policy and program development. 2. Discover that students are under much more stress and anxiety beyond the school walls than any other generation before them. 3. Create a plan of action to work with their district to deploy actionable steps toward student awareness of social media and always being connected to technology.

Finding a Successful Bond Campaign Strategy for Your Community • One size does not fit all when it comes to passing a school bond. To be successful, you must understand your community and create a customized strategy. Two districts that recently passed bonds share how they took different approaches based on their specific communities' needs, demographics and voting patterns. • Learner Outcomes: 1. Evaluate your community to determine a unique strategy for bond success. 2. Anticipate and recognize the challenges in committing to a strategy. 3. Understand how different strategies were selected and implemented so you can replicate their success in your own district. 4. Take away samples of the materials that supported the strategies.

Ensuring Equality in Outcome for Every Child #ALLmeansALL • School Districts working for more equitable outcomes for all students frequently encounter staggering challenges as they seek to reach their goals. The Lyle School District has taken on fiscal challenges, community apathy, new leadership and a shifting vision on its journey to provide opportunities for

each amd every student. • Learner Outcomes: 1. Explore decision-making strategies to navigate difficult issues. 2. Consider reframing the "ethos" to encourage adults to work together effectively. 3. Emphasize keeping all decision-making focused on improved student outcomes. 4. Understand that eradicating nihilism and replacing it with hope is an essential step in the improvement process.

# A Journey in Progress: Evolving Partnership & Resources for School District and Tribal

Partnerships • SSB 5433 requires that when reviewing curriculum, a school board incorporates curricula about the history, culture and government of the nearest federally recognized tribe through a collaborative agreement. Hear the story from two school boards who have government-to-government agreements. Discover resources WSSDA provides to accomplish this requirement. • Learner Outcomes: 1. Recognize the requirement for school boards to incorporate curriculua on the history, culture and government of the nearest federally recognized tribe through a collaborative agreement. 2. Identify resources from WSSDA that would assist your school board in meeting this requirement. 3. Recognize that a government-to-government agreement between the district and the tribe is necessary to define the collaborative partnership.

**Keynote Breakout: Centrality of Students •** This is student voice in action! Nathan Gibbs-Bowling invited four of his former students to speak about what worked and did not work for them in high school. The central question is "What do you wish you had known when you were sitting in a high school classroom? • Learner Outcomes: 1. Hear directly from students about what worked for them in school. 2. Experience "leading to inspire" by means of listening and respect. 3. Understand how students from an impoverished district can excel.

#### 10:00 - 11:15 AM

Closing General Session • Keynote speaker Nathan Gibbs-Bowling, Washington State's 2016 Teacher of the Year, is an advanced-placement government and human geography teacher at Tacoma's Lincoln High School. Through accountability and relationships, he inspires his students to pass the AP exam at three times the rate of the district average. Nathan is also vocal about teachers, systems, and communities creating solutions that put students' needs above all else. This includes placing the best teachers in the most challenging classrooms. Please join Nathan for his breakout presentation immediately before this closing session.
