

## ATHS COVID Shutdown Plan

With the ongoing COVID-19 pandemic, there exists a significant possibility of the school building being closed for an extended period. However, the school will continue to function in an online capacity. There are a few contingency plans, outlined below. You will be contacted via the usual outlets when one of these plans is activated and which plan to follow.

**3-Day Closure for building deep-clean:** If the superintendent must enact this plan to allow the custodial staff time to disinfect the building, the school will follow the remote learning plan listed below.

**Extended Closure due to high positive case numbers or Governor mandated closure:**

Remote school for all students be enacted. ATHS will follow a modified block schedule, alternating a day of all odd periods with a day of all even periods. The schedule is listed below. During each period, students will be responsible for the following minimum requirements for the class meeting:

- Students need to meet with each class via video conferencing. This will satisfy the requirements for daily attendance.
- Students will be required to participate in class per their teachers' guidelines.
- Please be both patient with difficulties and active in finding solutions to those difficulties. As we've learned in the past months, video classrooms are not identical to in-person classrooms. This is still new to all of us.
- 1:15pm to 2:15pm will be student/teacher consultation time.
