

Minutes of
Crawford ISD School Health Advisory Council
Meeting 12/8/21

A meeting of the CISD SHAC was held December 8, 2021 at 3:30 in the Elementary Conference Room. Present were President Marilyn Judy, Kristi Murphy, Keri Hayes, Marcy Claxton, Jolinda Whitney, and Jackie Hejl, RN. An audio recording was made of the meeting and posted on the CISD website.

The meeting was called to order and minutes from the 11/16/21 meeting were read and approved. Jackie Hejl, RN gave an update on the Covid situation. Currently, there are 2 students quarantined with Covid. The school is not performing close contact investigations per Dr. Hall and the TEA guidelines. Students that develop symptoms of Covid that live in the household with a confirmed positive person are being quarantined. Although the school has had several students and faculty with Covid, we have not had outbreaks of Covid.

A list of symptoms a student may be excluded from school was given to the SHAC. Although these symptoms, behaviors, or conditions are not specifically included in the student handbook, they should be identified for parents and guardians when requested. The goal is to support student success by returning students to the classroom who are healthy and ready to learn. The complete list will be attached to the minutes of this meeting. The list was briefly discussed. Jolinda Whitney made a motion to accept the list as written, seconded by Keri Hayes. The motion to accept the list of Student Illnesses/Exclusions unanimously passed.

Next meeting of the SHAC will be January 19, 2022 at 3:30 in the Elementary Conference Room.
