Mission Statement

To engage everyone in a united effort
to provide lifelong learning

Belief Statement

The faculty and staff of Natchitoches Central High School believe that every student is entitled to an education in a safe, disciplined, and challenging environment. Furthermore, we believe that an education must include not only academics but also basic life skills that will prepare students to live and function successfully in our society. To this end, we believe that Natchitoches Central High School must provide for both college and non-college-bound students. Teachers must inspire students to achieve their full potential by instilling in them a strong work ethic and desire to learn. Students must exhibit self-discipline and not infringe on the rights of other students to learn. Finally, we believe that the responsibility for the success of our students must be assumed by all – administrators, teachers, students, parents and the community.

Accreditation

*Natchitoches Central High School is accredited
by Advanced ED.*

Principal's Message

This handbook has been compiled with the hope that students of Natchitoches Central High School and their parents will use it as a source of information regarding school policies. Students should keep it as a quick reference of many matters which concern their actions, responsibilities, and conduct. We want you to know as much as possible about your school because we believe that an informed student is a better student.

We hope every student will make an effort to abide by the school rules and plan to be a part of our school by participating in school activities. Help us to make this year your best year.

Objectives of Natchitoches Central High School

1. To provide a comprehensive program of studies that is both challenging and attainable.
2. To supply quality instruction that will provide each student with adequate knowledge of basic educational skills, including the ability to think rationally and to speak and write effectively.
3. To provide a challenging and meaningful elective program to meet the diversified needs of all students
4. To provide vocational training and technical skills as an extension of the basic curriculum offerings.
5. To provide co-curricular experiences and extracurricular activities that will enhance and promote the development of social behavior, health and leisure, and aesthetic values.
6. To promote continuous study and evaluation of the total education program in an effort to meet the changing needs and life goals of the community.
7. To provide instructional experiences and facilities conducive to the development of a positive self-image, tolerance of the views and ideas of others, respect for authority, and responsible citizenship.

History of NCHS

The development of Natchitoches Central High School, like so many schools in the 1960's and early 1970's, began with Federal Court orders to desegregate the two major existing high schools in the city of Natchitoches. To insure smooth transition, the faculties of both schools attended a workshop at Northwestern State University to develop curricula, attitudes, and the necessary internal organizations to promote the total school.

The Natchitoches Parish School System was placed under another court order in 1981 to further desegregate its schools. This led to massive consolidation and assigned students from Natchitoches, Allen, Provencal, Marthaville, and Robeline into the new Natchitoches Central High School facility. Again, cooperative planning with reorganization of scheduling and curriculum was necessary to insure a smooth transition of faculties, students, and communities into the new educational endeavor. In 1989, Cloutierville High School was closed and those students were assigned to Natchitoches Central High School.

A bond issue was passed to update Natchitoches Parish Schools and Natchitoches Central High School was enlarged to accommodate students in grades 9 through 12. In the fall of 2000, Natchitoches Ninth Grade Center and Natchitoches Central High School were combined.

The communities, school board, faculty, students, and parents working together have established an outstanding school. In November 1992, Natchitoches Central High School was one of five Louisiana public high schools nominated for the Blue Ribbon Schools Excellence in Education Award in a national program sponsored by the United States Department of Education.

The *CHIEF* is the school mascot, and school colors are maroon, gold, and white. School publication is the yearbook, the *CHINOUAPIN*.

4 X 4 Terms to Know

Under the 4x4 block schedule a semester (18 weeks) is now known as a term. Students will be able to earn one credit in a term. If a student takes a ½ credit course such as Health, he/she will complete the course in a semester (9 weeks). Report Cards will be issued every 4 ½ weeks.

1 Semester = 9 weeks = ½ credit

1 Term = 18 weeks = 1 credit

1 School Year = 2 Terms

Credit is awarded at the end of each semester with a grade of 67 or better if the class is designated as a ½ credit course. Credit is awarded at the end of each term with a grade of 67 or better if the class is designated as a 1 credit course.

Enrollment Policy

All students enrolled at Natchitoches Central High School shall pursue four (4) classes each term with the following exceptions:

1. A student may enroll in two classes at NCHS and a three-hour class at the Natchitoches Technical College during a term.
2. A senior may enroll in less than four (4) classes per term if he/she will complete all state requirements to receive a high school diploma. However, seniors are encouraged to take additional classes to further enhance their educational experience and to be on campus for graduation information and scholarship opportunities. IF YOU MUST RIDE A BUS HOME OR RIDE HOME WITH A FRIEND WHO STAYS, YOU MAY NOT TAKE LESS THAN FOUR (4) CLASSES PER TERM.

Attendance Procedures

State law requires that students with excessive absences in a class should not receive credit for the class. Under the 4x4 block schedule that number of absences is more than 8 for whole unit classes and more than 4 for half-unit classes. That means that students must attend 82 of 90 days for a term or 41 out of 45 days for half-unit classes.

Only absences that are medical or extenuating are not counted in this total. After the allotted days have been exceeded, any change must be appealed to the principal and the Supervisor of Child Welfare and Attendance.

Extenuating Circumstances

1. Extended personal physical or emotional illness as verified by a physician.
2. Extended hospital stay as verified by a physician.
3. Extended recuperation from an accident as verified by a physician.
4. Extended contagious disease within a family as verified by a physician.
5. Prior school-system-approved travel for education.
6. Death in the family (not to exceed one week).
7. Natural catastrophe and/or disaster.
8. For any other extenuating circumstances, parents must make a formal appeal in accordance with the due process procedure established by the LEA.

Procedure to follow when Student Has Been Absent

Medical excuses and other extenuating excuses must be brought to the Attendance Office between 7:30 a.m. and 7:50 a.m., and the student will receive an medical slip at that time.

Medical excuses

It is the responsibility of the student to obtain a medical slip and to give the medical slip indicating excused absence to each of his/her teachers so the teachers may initial the medical slip.

Check-in

Students coming to school after the tardy bell rings for first block must go to the Attendance Office as soon as they arrive on campus and sign in with the Attendance Secretary. Instructional time missed due to late check-in will accrue and upon the 46th minute of missed class time an absence will be recorded for the class.

Check-out – Leaving School During the Day

Natchitoches Central High School operates under a closed campus system for all students.

1. Students will not be allowed to check out except for the following reasons: (1) student illness, (2) doctor/dental appointment, or (3) extreme emergencies.
2. Students will not be allowed to check out of school during morning or afternoon activity periods (pep rallies, school programs, etc.) unless a parent comes to the school's Attendance Office and checks the student out.
3. Technical College students may not miss class at NCHS to make up hours missed in technical college classes.
4. Instructional time missed due to check-out will accrue and upon the 46th minute of missed class time an absence will be recorded for the class.
5. There will be no checkout after 2:30 pm.

Absence for School Activity Events

Absences due to school-approved activities are considered as being present and students are allowed to make up work missed. However, it is again **the responsibility of that student** to get make-up work or class assignments and turn these in to the teacher in order to receive credit for work missed. Students should tell teachers about the activity and get class assignments before the activity if possible. Students that are failing any class are not allowed to go on field trips. **The sponsoring teacher will email the names of all students to go on a field trip at least 3 days prior to a trip.**

Make-Up Work and Attendance Recovery

A student shall make up all school work and tests missed due to an absence. It is the student's responsibility to get assignments and arrange for make-up tests when absent. All work missed will receive one day of make-up time for each day absent—to begin the day after the student returns to school. Students who miss school because of suspension are allowed to make up work missed, but the absence is unexcused. This includes Final Exams.

Absences which could result in the failure of class(es) may be "recovered" by participating in Attendance Recovery after school and on Saturdays during the grading period or within two weeks following the close of the grading period in which the failure occurred. Weekday attendance recovery will result in one day attendance forgiveness per four days served; two Saturday days attendance will result in one full day forgiveness.

Tardiness

Four minutes are allowed between class periods. A student not in his/her seat after the bell is tardy. Ten or more minutes tardy is considered "Skipping" and will be handled as a disciplinary matter in and of itself.

The teacher is to turn in to the office in writing the name of any student with two (2) or more tardies during one nine (9) week period. An accumulation of two (2) tardies during one nine-week period will be referred to the **appropriate administrator** in charge of discipline for corrective measures. Subsequent tardies will result in another referral for each tardy.

Skip Day(s)

Senior skip day(s) are **NOT** sanctioned by the administration of NCHS nor by the Natchitoches Parish School board. Any student found to be participating will be subject to disciplinary action.

Strive for Perfect Attendance!!

Research shows that the single most important factor contributing to student achievement is school attendance.

A student who is absent from school may be able to get missed notes, complete missed worksheets, and receive help after school. However, other important aspects of the lessons are lost. Absent students miss discussions, questions raised, explanations, and much more. Students fall behind and sometimes never are able to recover.

Information missed in a class period may be needed as a foundation for what is learned in the next session. If possible, please try to schedule dentist and doctor appointments after school hours.

Pupil Progression

Students are classified on the basis of the number of credits earned prior to the beginning of the school year. Classification is done only once per year, except for transitional juniors. Students must have earned the following Carnegie Units to be classified in the following grade level:

<u>Grade Entering</u>	<u>Number of Credits Earned Previously</u>
9	0
10	6
11	13
12	19

The above criteria was adopted by the Natchitoches Parish School Board and approved by the State Department of Education.

Note: No partial credit will be awarded for full unit courses (except in the case of transfer students). Students in these full unit courses who do not earn a passing grade must repeat the entire course. The failing grade(s) in a repeated course will remain on the student transcript in addition to the new grade.

Grading

The following scale will be used in reporting letter grades for all regular high school courses.

A = 93 – 100 B = 85 – 92 C = 75 – 84 D = 67 – 74 F = 0 – 66

*The following scale will be used in reporting letter grades for honors/gifted for **Junior and Senior level classes.***

A = 91 – 100 B = 83 – 90 C = 73 – 82 D = 65-72 F = 0 - 64

The following scale will be used in reporting letter grades Central Louisiana Technical Community College.

A = 90 -100 B = 80-89 C = 70 – 79 D = 60-69 F = 0 - 59

Scholastic Rules for Student Athletes

High School Athletes Eligibility Rule – Students must pass at least 6 credits which count toward graduation each year and must earn at least a “C” average in all subjects pursued. Athletes must have passed 3 out of 4 classes taken in the fall to participate in Spring sports.

GRADUATION REQUIREMENTS

I. Standardized Testing Requirements.

To earn a high school diploma, students must earn a passing score on three LEAP/2025 tests, including one in each category—Algebra I or Geometry, English I, English II (English III for 2019-20 Seniors) and Biology I or U.S. history.

Students can earn the following scores on LEAP 2025 End-of-Course tests (in Algebra I/Biology I/English I/English II/Geometry/U.S. History):

- **ADVANCED:** A student demonstrates superior performance on the course content.
- **MASTERY:** A student demonstrates mastery of course content and is well prepared for the next level of coursework in the subject.
- **BASIC:** A student demonstrates the fundamental knowledge and skills needed for the next level of coursework in the subject.
- **APPROACHING BASIC:** A student demonstrates some fundamental knowledge and skills needed for the next level of coursework in the subject.
- **UNSATISFACTORY:** A student does not demonstrate the fundamental knowledge or skills needed for the next level of coursework in the subject. Students who earn a score of UNSATISFACTORY are eligible to retake the test at the next administration.

LEAP 2025 tests comprise 15% of the student's final grade in the subject. Students who fail LEAP 202 Special circumstances apply to students with disabilities. Refer to Natchitoches Parish Exceptional Students for details regarding specific circumstances.

II. Course Requirements.

Course requirements for graduation are varied according to the pathway the student and his/her parent select. Upon completion of a student's second year of high school, the student and his/her parent or guardian may request that the student be exempt from completing the default curriculum. The student, parent/guardian, and high school counselor **MUST** meet to discuss the student's progress and determine what is in the student's best interest regarding the continuation of his/her educational plan. The parent/guardian and student shall sign and file with the school a written statement asserting consent to the student's curriculum change and acknowledging that one consequence of the change is ineligibility to enroll directly in a Louisiana four-year, public college/university. The student is then enrolled in Jump Start curriculum and must select a Career Pathway which becomes an integral part of his/her graduation requirements. A student may return to the original curriculum at any time that change becomes desired and feasible by reconvening the meeting among student, parent/guardian, and school counselor. One of the following sets of requirements will be applicable to each student seeking a high school diploma:

English IV, Advanced Math, and numerous other University Diploma courses are NOT available on Odysseyware/A+ software. ALL work on Odysseyware/A+ software MUST be performed after school and on Saturdays during 212 tutoring and/or credit recovery. Seniors are limited to two (2) A+ credits per school year. This policy is not applicable to summer school credits

IV. PII Consent Form (Personally Identifiable Information –PII)

Act 837 of the 2014 Regular Session of the Louisiana Legislature requires the governing authority of each school to provide a form to the parent or legal guardian of each student enrolled in grades eight through twelve which explains that the parent has the right to determine whether their child's Personally Identifiable Information (PII) can be released to LOSFA and to the postsecondary education institution(s) to which their child applies.

PII includes the student's full name, social security number, and transcript data. This information will be used by LOSFA to provide a TOPS Tracker to allow students and parents to track a student's progress toward TOPS eligibility and to determine a student's eligibility for a TOPS Award and other student financial aid. This information will also be used by postsecondary institutions to determine whether a student is eligible for admission.

V. Mandatory FAFSA Completion.

Student Parking

Student parking will be assigned on the basis of priority by class (12, 11, & 10) and by special needs until all marked student parking spaces are issued. School officials may search student vehicles that are in the school parking area if they have reasonable suspicion.

Wreckless operation of a vehicle on school grounds will result in suspension of privileges on campus

Transportation

If this privilege is abused, the parents will be contacted, and use of the car at school will be terminated for a period of time. If this privilege is abused a second time, it will be terminated again for a period of time. If this privilege is abused a third time, it will be terminated for the year. Freshmen Orientation:

Helping Your Rising 9th Grader Prepare for High School

Students must feel safe in school in order to learn, achieve, meet high standards and become competent, resilient adults. The Freshman Kick-Off Program gives every incoming student a chance to become familiar with Natchitoches Central and its customs and traditions.

Although your freshman daughter or son might be intimidated by sheer size of our building, there are ways you can help ease his/her transition. With new schedules, seemingly endless course options, and extracurricular choices, upcoming freshman need tremendous parental support as they struggle to make major decisions on a new campus. Since our freshman will be on campus by themselves the first day of school, the transition may be less intimidating.

Natchitoches Central High School provides upcoming freshman with a Freshman Kick-Off and orientation program. Held the week prior to the official start of the school year, orientation programs are designed to review school rules and policies with new students and their parents. In addition, the orientation allows students and parents to complete all required registration paperwork, tour the school, obtain freshman schedules, take pictures for ID tags, and ask specific questions regarding the upcoming year.

A child’s education begins at birth. Parents and family members, as their child’s primary teachers, play a vital role in the intellectual, social, and emotional growth of their children. A child’s development and success is dependent on the direct support a child receives at home. In an effort to promote responsible and successful parenting skills, the school requests parents to:

1. Make sure children attend school regularly and arrive at school on time.
2. Provide a place for study and supervise completion of all homework assignments.
3. Make sure children are dressed properly, in accordance with the uniform dress code.
4. Make sure that children get adequate amounts of sleep nightly.
5. Visit and discuss their child’s academic progress regularly with teachers.
6. Discuss academic progress and school events regularly with their child.
7. Instill proper respect for parents, teachers, and other adults.
8. Attend school-sponsored programs in which their child may participate.
9. Join and be active in parent/teacher organizations.

I will share the responsibility for this student’s achievement of high standards and work toward developing a home-school partnership.
