

## PUTNAM COUNTY COMMUNITY UNIT SCHOOL DISTRICT #535

400 E Silverspoon Avenue - Granville, IL 61326  
(815)882-2800 x 5

---

December 2021

### PC #535 Parent/Guardian:

As shared in the District weekly updates, PC #535 will be offering weekly screening testing for any consenting students and staff. The purpose of regular testing is to reduce transmission of the virus within schools, especially when cases involve asymptomatic individuals. See the following link for more information: [MCC Testing Overview](#)

An email will be sent in the next two days to all parents/guardians with an option to create an account with Midwest Coordination Center (MCC), which is the partner for collection and testing. The email was sent from the address [support@testedandprotected.org](mailto:support@testedandprotected.org). Please check your spam folder if you did not receive it.

- If you would like your child to participate in this weekly testing, please sign up for the account and complete the consent forms. (See the following for more information: [MCC Account Activation](#))
- If you do NOT want your child to participate in this weekly testing, there is nothing you need to do. Your child will not be tested without having a consent form on file with the District.

Mrs. Main will be serving as the District's lead of this program and will manage all records related to testing. Please contact her at [maink@pcschoools535.org](mailto:maink@pcschoools535.org) with any questions.

\*This testing program is separate than the testing provided for symptomatic students. Any student needing testing due to symptoms still needs to schedule a time with Mrs. Main.
