

## MOHAVE VALLEY SCHOOL DISTRICT #16

*Creating school communities in which all students can learn, no exceptions!*

**SMALL. SAFE. Neighborhood Schools!**

12/16/2021

Dear Parents and Guardians:

MVESD has just been made aware of another national TikTok challenge that has gone viral through multiple social media platforms regarding tomorrow, Friday, December 17, 2021. This TikTok challenge advocates for gun violence on school campuses across the Nation. Mohave County Sheriff's Office is aware of the viral challenge and is working closely with MVESD. At MVESD, we take the safety and security of your children very seriously. We have very specific protocols in place that include assessing a threat, involving local law enforcement when necessary, and utilizing local support agencies as needed. We want to remind all students and parents when you see a threat posted, report it, do not repost it. If you know of any specific threats or witness any suspicious activity, please reach out to law enforcement or school administration immediately. Please use this opportunity to talk about the seriousness and consequences of making threats, as well as about the appropriate use of social media.

Sincerely,

A handwritten signature in black ink, appearing to read 'Cole Young', with a stylized flourish at the end.
