LOCAL SCHOOL IMPROVEMENT COUNCILS

It is the belief of the Summers County School Board of Education that for schools to excel local initiatives to improve school performance should be supported. These initiatives should include input from the total school and community. Pursuant to this belief it is the policy of the Summers County Board of Education that local school improvement councils be elected according to the spirit and mandate of W.V. Code 18-5A-2. It shall be the responsibility of the local school principal to follow W.V. Code 18-5A-2 in organizing and maintaining the local school improvement council.

After proper organization local school improvement councils shall have the authority to apply for and receive grants and awards of money in the efforts to improve the school. Any money received by the council shall be subject to procedures outlined in the "Manual of Financial Records for Individual Schools." Additionally records of receipt and expenditure of grant funds must be kept in order for normal auditing procedures by the W. V. State Tax Department and the granting agency.
