An advisory committee of representatives of the school district community and the school district is appointed to make recommendations for the goals and objectives of the education program.

Short-term and long-term objectives for the education program are established annually by the board. These objectives will reflect the results of the needs assessment, recommendation of the advisory committee, recommendations from the superintendent, and changes in law.

Annually, the board will report to the committee regarding progress toward the achievement of the goals and objectives of the education program
