

**BOARD OF EDUCATION MEETINGS  
PUBLIC PARTICIPATION  
(REGULATION)**

Members of the public shall be allowed to attend all meetings of the Board of Education. However, no member of the public has a constitutional or state law guarantee which allows him or her the right to participate in board meetings. Only those items appearing on the agenda will be addressed by the Board of Education during a lawfully convened board meeting. If a member of the public has specific comments or information that he/she would like to express to the Board of Education, the superintendent must receive a written request at least five (5) calendar days prior to the board meeting. The superintendent and Board of Education may use its discretion in placing a specific item on the agenda following receipt of the written request from the member of the public. The members of the board shall utilize the district's agenda preparation policy in placing an item on the agenda for consideration.
