BUDGET HIGHLIGHTS

The First Interim Budget is based on the latest assumptions available from the Governor's 2019/20 budget proposal. Highlights and descriptions of items effecting the district's budget are provided below.

Average Daily Attendance (ADA)

Funding is based on the higher of current or prior year ADA.

- Current year 2019/20 is funded on current year projected ADA of 1,003.50 with a CBEDS count of 1,053 and current enrollment at 1,059.
- Fiscal year 2019/20 ADA is projected at 1002.96 but funded at prior year estimated ADA of 1,003.50.
- Fiscal year 2020/21 ADA is projected at 996.26 but funded at prior year estimated ADA of 1002.96.

Note: In an effort to remain realistic (and somewhat conservative), ADA projections for 2019/20 include only a portion of the large increase in enrollment that is attributed to the recent Paradise Camp Fire. Projections have been calculated based on historical ADA declines from month 3 ADA to P2 ADA. Projections for 2021-22 show lower enrollment as a conservative measure as the students attributable to the Paradise Camp Fire remain uncertain as to if they will remain with the District.

REVENUE

Local Control Funding Formula (LCFF)

State Aid and Property Tax

The LCFF funding provides 78.39% of the districts total revenue. The formula is based upon ADA multiplied by LCFF factors and offset by property taxes. The portion remaining after deducting property taxes is provided in a combination of State Aid and the Education Protection Act (Prop 30). LCFF funding is projected to be \$9,548,286, which is an increase of \$46,812 compared to what was expected at Original Budget primarily due to a 4.27 projected increase in ADA.

LCFF base funding for 2019/20 is \$8,272 per ADA and supplemental funding is \$1023 per ADA for a total of \$9,295 per ADA. In addition, there are several add-ons for grade span, Supplemental Funding, and Concentration Fund (which the district does not qualify).

Federal Funding

Federal funding provides 2.5% of the district's overall funding. Federal revenue is projected at \$309,860, which is \$56,697 less than projected at Original Budget. The increase is primarily due to an increase reduction in federal awards from both Title I and Title II plus an addition of \$41,700 for a supplemental federal grant. Federal funds are restricted in nature for purposes determined by the grantor not the local Board of Education.

State Funding

State funding contributes 16.39% of the district's overall funding this year. Normally the amount is closer to 9.5% but is higher as a result of one-time funding from the state for the California Technical Incentive Education Grant, or CTEIG, (\$99,491) and School Bus Replacement program through the CEC which awarded the District 2 electric buses (\$638,568) and an additional \$120,000 for infrastructure for the buses. The major sources of other state revenue are State Lottery, Mandated Block Grant, and Special Education. State funding is projected at \$1,996,908, which is \$882,656 more than Original Budget due to the recognition of the aforementioned grant. Other factors effecting the total are increased estimates for Lottery based on higher projected ADA totals for the current year and special one time funds received for special education (\$90,100).

Local Funding

Local funding contributed 2.7% of the district's overall funding. Local Funding consists of revenue received from the Butte County Office of Education for contracted services and local revenue generated by rents, leases, donations, interest, and miscellaneous transactions. The local revenue projection is \$325,149, which is \$39,355 higher than expected at Original Budget primarily due to the receipt of a PG&E Fleet program for infrastructure for electric buses (\$30,500) and revenues to date exceeding expectations.

Other Financing Sources

"Transfers Ins" should not be confused with actual new revenue. The transfer in transaction is merely a transfer of funds from one fund to another e.g. Technology Fund to General Fund. Acceptable uses are for planned one time purchases or major projects. In cases of financial distress, districts may use this option to balance the budget. For this purpose, the district will be making a one-time transfer of \$170,000 from the Special

Reserve Fund for to ensure compliance with the 4% minimum reserve requirement and a \$37,000 one-time transfer from the Special Reserve for Capital Outlay Fund to the General Fund to offset the cost of purchasing a new special education transportation vehicle and to offset the upgrades warranted to the aforementioned electric buses.

GENERAL FUND EXPENDITURES

The majority of the district's expenditures are committed to the salaries and benefits for the district staff. Education is a people based business; therefore, 84.3% of the district's non-capital expenditures are for salaries and benefits at a total cost of \$9,589,150, a \$8,620 increase over Original Budget.

Staffing Full Time Equivalent (FTE) Cost of Salaries: \$6,527,199

Certificated Administration; 6 FTE

Certificated Teaching and Student Support: 56.6 FTE

Classified Confidential and CBO: 3 FTE

Classified Support: 38.4 FTE

Total Salaries decreased by \$37,045 compared to Original Budget due to staff turnover and hiring new staff at lower step levels on the salary schedule.

Statutory Benefits cost \$1,903,940

Statutory benefits consist of the additional cost to salaries that include: STRS & PERS retirement systems, social security, Medicare, workers compensation, and state unemployment. The Governor has proposed increasing the cost of the certificated and classified retirement plans to offset the retirement liability incurred, as a result we expect to incur significant increases in expenditures for both STRS and PERS over the next several years. The district has budgeted for following percentages for statutory benefits.

Certificated Statutory Benefits	2019/20	2020/21	2021/22
STRS	17.10	18.10	18.10
M/C	1.45	1.45	1.45

SUI	0.50	0.50	0.50
W/C	2.218	2.218	2.218
FICA	6.20	6.20	6.20
Total Classified	31.068	33.768	34.868

Health Benefits cost \$1,074,581

The cost of health benefits includes retiree health benefits as well as active staff. The budget projections for the cost of health benefits are as follows:

Certificated Active: \$676,475

Classified Active: \$398,106

Total health benefits decreased by \$7,519 compared to Original Budget due to staffing changes noted above.

Other Expenditures

Other expenditures include the normal cost of operating a school district from supplies to utilities.

- Books and Supplies are budgeted at \$544,790, which is \$92,174 more than at the
 Original Budget and is attributed to re-allocation of budgets including moving
 budgets from conferences to supplies due to new administration and the
 opportunity to bring the trainings in house. It is also attributed to an increase in
 instructional materials expenditures from Lottery.
- <u>Service and Other Operating Expenditures</u> are budgeted at \$738,782, which is an
 increase of \$69,874 that is from an increase in special education expenses, facility
 maintenance activities, legal expenses, plus other various adjustments to expected
 costs.

Contributions from Unrestricted Sources

Contributions represent programs that the District chooses to operate or is mandated to operate but the revenues provided do not cover the costs incurred to provide the services required by that program. In these cases, the District's unrestricted revenues must subsidize those operations by transferring monies to those programs. A typical example would be Special Education where the district is required by both the federal and State governments to provide certain services to students, yet the district is provided relatively little in the form of revenues to provide those services. Following is a listing of the programs currently receiving contributions and the amount.

•	LCAP Supplemental	\$	868,318
•	Special Education (State)	\$	873,011
•	Special Education (Federal)	\$	127,002
•	Title I	\$	105,391
•	Maintenance (RRM)	\$	305,061
•	CTEIG (Match)	\$	198,982
•	DHS Athletic Transportation	\$	29,965
•	DHS Athletics	\$	75,867
•	Site Class/Department Accounts	\$	54,037
	Total:	\$2	2,637,634

Fund Balances and Reserves

Revenues not fully expended in the prior year are carried over into the subsequent year and identified as the District's "Net Ending Fund Balance." In most cases, this is the only reserve account a school district has for general operational purposes. The Net Ending Balance of one year becomes the Net Beginning Balance of the subsequent year.

Included in the projections the Net Ending Balance is a "Reserve for Economic Uncertainties." The state required minimum reserve for Durham Unified School District declined from 4% to 3% of the total general fund expenditures for 2019/20 because ADA is projected to exceed 1,000. It is expected to return to 4% in 2021/22 as ADA is estimated at just below the 1,000 ADA threshold. The Board has adopted a resolution to maintain a minimum 8% for economic uncertainty; however, the available reserves are not currently sufficient to permit the district to designate at 8% due to the nature of the composition of the full reserve.

The unrestricted portion of the district's projected reserve levels are noted below for informational purposes only and do not represent the amounts designated for economic uncertainties. Because restricted reserves are specifically designated for specific purposes they <u>are not</u> included in the totals below.

Unrestricted Reserves:

2019/20 4.53% = \$555,547

2020/21 5.39% = \$622,846

2021/22 5.64% = \$661,333

Fortunately the State allows school districts to count the balances in their Special Reserve Fund (Fund 17) and Special Reserve for Capital Outlay Fund (Fund 40) towards the minimum reserve requirement. Absent this flexibility, Durham Unified School District would likely be in qualified status.

Potential Budget Adjustments

The financial outlook at the State level has improved with the Governor's full funding of the LCFF Gap percentage in the current year and the District's enrollment has been steadily increasing over several years. Nonetheless, the District's reserves continue a steady decline due to increasing encroachment from Special Education mandates, reductions in funding levels in Title I and Title II, and staffing demands.

Increases in PERS and STRS rates remain a challenge in managing the District's budget with no relief in sight and no solutions coming from the State. Based on current factors, our financial projection indicates a need to remain vigilant in decreasing the districts expenditures. The Governors budget could significantly affect the upcoming budget adjustments.

There is the potential for the district to receive a large sum as reimbursement related to the Camp Fire, and those students who transferred to the District. The reimbursement has not been built into the projections as the funding is not currently guaranteed. If the funding were to materialize, the funding would potentially help the District to meet it's Board mandated 8% reserve.

Upon any significant changes in staffing, expenditure levels, and funding sources, the budget will be adjusted accordingly to accommodate continuing operations.

S5B. Status of the District's Projected Contributions, Transfers, and Capital Projects

DATA ENTRY: Enter an explanation if Not Met for items 1a-1c or if Yes for Item 1d.

1a. NOT MET - The projected contributions from the unrestricted general fund to restricted general fund programs have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify restricted programs and contribution amount for each program and whether contributions are ongoing or one-time in nature. Explain the district's plan, with timeframes, for reducing or eliminating the contribution.

Explanation: (required if NOT met)

Increased contributions are due to increasing salary costs for programs such as special ed. The Special education program required hiring of additional staff to meet the students needs.

1b. NOT MET - The projected transfers in to the general fund have changed since budget adoption by more than the standard for any of the current year or subsequent two fiscal years. Identify the amounts transferred, by fund, and whether transfers are ongoing or one-time in nature. If ongoing, explain the district's plan, with timeframes, for reducing or eliminating the transfers

Explanation: (required if NOT met)

Increases to the ADA projections allowed for transfers from our special reserve fund to be decreased. Additional revenues offset the need to bring in additional reserves.

1C.	MET - Projected transfers ou	it nave not changed since budget adoption by more than the standard for the current year and two subsequent fiscal years.

1d.	NO - There have been no cap	pital project cost overruns occurring since budget adoption that may impact the general fund operational budget.

S8. Status of Labor Agreements

Analyze the status of all employee labor agreements. Identify new labor agreements that have been ratified since budget adoption, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards and may provide written comments to the president of the district governing board and superintendent.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occu

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.
